Richard Gott

Lost Battlefields Of Britain:

Lost Battlefields of Britain Martin Hackett, 2005-10-20 The British Isles have witnessed hundreds of battles both great and small in their two thousand years of recorded history but not all are widely remembered today Many of these battles are well known due to their far reaching consequences their sheer scale or the involvement of famous protagonists Even so many battles have never been properly investigated perhaps because their importance was never understood or because they have never been included in previous books on British battlefields In this book Martin Hackett examines ten forgotten British battles covering the length and breadth of Britain and some 900 years of warfare For each he provides a concise account of the battle itself and analyses its military archaeological and political significance Each entry is accompanied by current photographs of the location a modern map of the battlefield with suggested tours and information on exploring the site today

Lost Battlefields of Britain Martin Hackett, 2005-10-20 The British Isles have witnessed hundreds of battles both great and small in their two thousand years of recorded history but not all are widely remembered today Many of these battles are well known due to their far reaching consequences their sheer scale or the involvement of famous protagonists Even so many battles have never been properly investigated perhaps because their importance was never understood or because they have never been included in previous books on British battlefields In this book Martin Hackett examines ten forgotten British battles covering the length and breadth of Britain and some 900 years of warfare For each he provides a concise account of the battle itself and analyses its military archaeological and political significance Each entry is accompanied by current photographs of the location a modern map of the battlefield with suggested tours and information on exploring the site today

Lost Battlefields of Wales Martin Hackett, 2014-07-15 Takes us through the numerous battles in Wales [The Lost Battlefields of Britain](#) Martin Wall, 2022-04-15 The United Kingdom was united in battle and some of those battles though an important part of British history have been forgotten **Britons and their Battlefields** Ian Atherton, 2024-08-19 While much attention has been paid to the commemoration of conflict in the twentieth century this book is the first to consider conflict memory in the long term arguing that modern practices were not created out of the mud of the trenches but evolved from much longer practices From the fourteenth century to the present day this work analyses the changing commemoration and memories of British battlefields at home and overseas from Bannockburn 1314 to Bosworth 1485 to Basra 2003 9 Across these seven centuries there has been a series of recurring post battle rituals that have shaped and continue to shape memories of conflict Three distinct but overlapping periods of memory can be delineated In the later Middle Ages battlefields were consecrated by the burial of the fallen and often by the erection of a battlefield cross or chapel or chantry to pray for the dead The second phase began with the Protestant Reformation in the 1530s when pilgrimage and prayers for the dead were abolished and battlefield chantries were dissolved and many battlefield crosses were demolished Memories shifted from the dead to the living especially the bodies of surviving veterans who commemorated the conflict by their wounds and from

soil and stone to print and ink The third phase began in the eighteenth century when antiquaries and others established new monuments on past battlefields Monuments to survivors and the dead were established on contemporary battlefields such as Waterloo once again hailed as sacred ground hallowed by bloodshed fit destinations for a pilgrimage Not just officers but ordinary soldiers began to be memorialized by name on the battlefield culminating in the cult of the names of the dead enshrined by the creation of the War Graves Commission in 1917 and the idea that battlefields should be preserved unchanged as seen in modern heritage management Drawing on a wide variety of literary and historical sources and taking a uniquely longue dur e approach the book explores and links memory making practices from across the period to reconsider the ways in which battlefields are commemorated and re commemorated In so doing it makes a unique contribution to a wide range of historiographical fields British history since the fourteenth century memory studies heritage studies landscape history conflict archaeology and military history

Lost Battles Philip Sabin, 2015-02-05 From the author s introduction Ancient battles seize the modern imagination Far from being forgotten they have become a significant aspect of popular culture prompting a continuing stream of books feature films television programs and board and computer games there is a certain escapist satisfaction in looking back to an era when conflicts between entire states turned on clear cut pitched battles between formed armies lasting just a few hours and spanning just a few miles of ground These battles were still unspeakably traumatic and grisly affairs for those involved at Cannae Hannibal s men butchered around two and a half times as many Romans out of a much smaller overall population as there were British soldiers killed on the notorious first day of the Somme However as with the great clashes of the Napoleonic era time has dulled our preoccupation with such awful human consequences and we tend to focus instead on the inspired generalship of commanders like Alexander and Caesar and on the intriguing tactical interactions of units such as massed pikemen and war elephants within the very different military context of pre gunpowder warfare Lost Battles takes a new and innovative approach to the battles of antiquity Using his experience with conflict simulation Philip Sabin draws together ancient evidence and modern scholarship to construct a generic grand tactical model of the battles as a whole This model unites a mathematical framework to capture the movement and combat of the opposing armies with human decisions to shape the tactics of the antagonists Sabin then develops detailed scenarios for 36 individual battles such as Marathon and Cannae and uses the comparative structure offered by the generic model to help cast light on which particular interpretations of the ancient sources on issues such as army size fit in best with the general patterns observed elsewhere Readers can use the model to experiment for themselves by re fighting engagements of their choice tweaking the scenarios to accord with their own judgment of the evidence trying out different tactics from those used historically and seeing how the battle then plays out Lost Battles thus offers a unique dynamic insight into ancient warfare combining academic rigor with the interest and accessibility of simulation gaming This book includes access to a downloadable computer simulation where the reader can view the author s simulations as well create their own

Angry

Mobs and Founding Fathers Michael E. Newton,2011 Angry mobs launched the American Revolution when they protested against British acts of tyranny These rebels threatened harassed and chased away British officials and Loyalists The Founding Fathers agreed with the goals of these Patriots but not with their methods Fearing anarchy the Founders channeled the passion of the mobs toward independence Working together the angry mobs and Founding Fathers defeated the mighty British army and won independence but the new nation that emerged was anarchic and chaotic much like the angry mobs themselves Meeting behind closed doors the Founding Fathers conspired to depose the Confederation government wrote a new constitution and created the world s most successful republic Angry Mobs and Founding Fathers tells the little known story of how these two groups fought for control of the American Revolution **Britain's Lost**

Regiments Trevor Royle,2014-10-02 The history of the British Army is really the story of its regiments and the men who served in them From the very beginning they formed the backbone of a singular institution that is itself a reflection of the way the people of Britain view themselves and their collective past Beginning with the Glorious revolution of 1660 and the return to the throne of King Charles II it was a time when Cromwell s Commonwealth and his military institutions were not popular But the new king had to be protected and the country had to be defended Through a process of slow growth and frequent tardiness an army eventually came into being and from the outset it was based solidly on a regimental system which needed steady supplies of recruits to keep it in being Since then men have joined up for many valid reasons such as adventure patriotism or a sense of duty but not all motives were commendable For every young man attracted by the chance to wear a uniform there would be many more who had fallen foul of the law been poverty stricken or fallen into debt or had committed a sexual indiscretion Others were simply coerced With the exception of the two great world wars of the twentieth century the Army rarely numbered more than 250 000 and in 2020 its numbers will have fallen to 82 000 a poor reward one would have thought for all past endeavours Over the years periods of warfare have always been followed by times of peace when expenditure on the armed forces dropped soldiers were made redundant and regiments mainly infantry were either disbanded or amalgamated often with painful consequences However there is a case for saying that no regiment is ever entirely lost and that it will always live on in men s minds as a mystical entity The British Army certainly makes a great deal of the golden thread which still links say the Middlesex Die Hards to the modern Princess of Wales s Royal Regiment but the harsh reality is that those ties are only as strong as the men who made them Like it or not the old and bold soldiers are a dwindling band and once they have fallen out for the last time the regiments will be truly lost For this reason Trevor Royle now explores the histories of the many regiments that have disappeared to celebrate their existence as well as the men and officers who served with distinction within them **Britain's Greatest Defeat** Alan Warren,2006-01-01 New in paperback

The pre eminent history of a military disaster A masterful analysis of events **The Battles of St Albans** Peter Burley,Michael Elliott,Harvey Watson,2013-09-09 St Albans is unique in having been the site of two pivotal battles during the

Wars of the Roses yet this is the first book length account to have been published It offers a gripping account of the fighting and of the politics and intrigue that led to it and it incorporates the results of the latest research The authors also plot the events of over 500 years ago onto the twenty first century landscape of St Albans so that the visitor can retrace the course of each battle on the present day ground

Britain's War: Into Battle, 1937-1941 Daniel Todman, 2016-08-05 Great Britain's refusal to yield to Nazi Germany in the Second World War remains one of the greatest survival stories of modern times Commemorated evoked and mythologized as it has been chiseled and engraved onto countless monuments the subject of an endless stream of books and films its triumphant outcome was by no means predetermined In December 1940 months after war was declared the director of plans at the War Office in London was asked to draft a paper on how to win the war He replied that he could only plan for not losing Britain's War Into Battle 1937-1941 is the first of two volumes in which Daniel Todman offers a brilliantly fresh retelling an epic history to fit an epic story Opening with his discovery of some war medals sitting in a hearing aid box that likely belonged to his grandfather Todman realizes that despite it all a new generation seems unaware of what was truly at stake when Churchill invoked Britain's finest hour The war was far greater than any single heroic hour For six years Britain was at the dark heart of history finding its way forward hour by hour day by day year by year This volume spans the beginning and the end of the beginning from the massive changes required to get the country onto a war footing through the failure of appeasement the invasion of Poland the phony war the fall of France the miracle of Dunkirk the Battles of Britain and the Blitz ending with America's course changing entrance into the conflict in late 1941 Todman's colossal project seamlessly merges economic strategic social cultural and military history in one compelling narrative Rapid industrialization social disruption food rationing Westminster politics class snobbery and the mobilization of a global empire are woven together with the major opening battles Here also are key individuals the politicians industrialists pub owners housewives the pilots of the RAF and the sailors at Dunkirk caught in the maelstrom that threatened to engulf not just a small island nation but the world itself

Shadowlands: A Journey Through Britain's Lost Cities and Vanished Villages Matthew Green, 2022-07-19 Beguiling Elizabeth Lowry Wall Street Journal A brilliant London historian BBC Radio tells the story of Britain as never before through its abandoned villages and towns Drowned Buried by sand Decimated by plague Plunged off a cliff This is the extraordinary tale of Britain's eerie and remarkable ghost towns and villages shadowlands that once hummed with life Peering through the cracks of history we find Dunwich a medieval city plunged off a cliff by sea storms the abandoned village of Wharram Percy wiped out by the Black Death the lost city of Trellech unearthed by moles in 2002 and a Norfolk village zombified by the military and turned into a Nazi Soviet and Afghan village for training Matthew Green a British historian and broadcaster tells the astonishing tales of the rise and demise of these places animating the people who lived worked dreamed and died there Traveling across Britain to explore their haunting and often beautiful remains Green transports the reader to these lost towns and cities as they teeter on the brink of

oblivion vividly capturing the sounds of the sea clawing away row upon row of houses the taste of medieval wine or the sights of puffin hunting on the tallest cliffs in the country We experience them in their prime look on at their destruction and revisit their lingering remains as they are mourned by evictees and reimagined by artists writers and mavericks A stunning and original excavation of Britain's untold history Shadowlands gives us a truer sense of the progress and ravages of time in a moment when many of our own settlements are threatened as never before

The Lost Battles Jonathan Jones, 2012-10-23

From one of Britain's most respected and acclaimed art historians art critic of The Guardian the galvanizing story of a sixteenth century clash of titans the two greatest minds of the Renaissance working side by side in the same room in a fierce competition the master Leonardo da Vinci commissioned by the Florentine Republic to paint a narrative fresco depicting a famous military victory on a wall of the newly built Great Council Hall in the Palazzo Vecchio and his implacable young rival the thirty year old Michelangelo We see Leonardo having just completed The Last Supper and being celebrated by all of Florence for his miraculous portrait of the wife of a textile manufacturer That painting the Mona Lisa being called the most lifelike anyone had ever seen yet more divine than human was captivating the entire Florentine Republic And Michelangelo completing a commissioned statue of David the first colossus of the Renaissance the archetype hero for the Republic epitomizing the triumph of the weak over the strong helping to reshape the public identity of the city of Florence and conquer its heart In The Lost Battles published in England to great acclaim Superb The Observer Beguilingly written The Guardian Jonathan Jones brilliantly sets the scene of the time the politics the world of art and artisans and the shifting agitated cultural landscape We see Florence a city freed from the oppressive reach of the Medicis lurching from one crisis to another trying to protect its liberty in an Italy descending into chaos with the new head of the Republic in search of a metaphor that will make clear the glory that is Florence and seeing in the commissioned paintings the expression of his vision Jones reconstructs the paintings that Leonardo and Michelangelo undertook Leonardo's Battle of Anghiari a nightmare seen in the eyes of the warrior it became the first modern depiction of the disenchantment of war and Michelangelo's Battle of Cascina a call to arms and the first great transfiguration of the erotic into art Jones writes about the competition how it unfolded and became the defining moment in the transformation of craftsman to artist why the Florentine government began to fall out of love with one artist in favor of the other and how and why in a competition that had no formal prize to clearly resolve the outcome the battle became one for the hearts and minds of the Florentine Republic with Michelangelo setting out to prove that his work not Leonardo's embodied the future of art Finally we see how the result of the competition went on to shape a generation of narrative paintings beginning with those of Raphael A riveting exploration into one of history's most resonant exchanges of ideas a rich fascinating book that gives us a whole new understanding of an age and those at its center

Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency, 1970

The Hutchinson

Atlas of World War Two Battle Plans Stephen Badsey, 2000 Atlas of World War II Battle Plans contrasts 21 World War II

battle plans with their actual outcome Each in depth essay on each battle is complemented by original maps producing fresh insight into the technical aspects of warfare that drove the last worldwide conflict of the 20th century The book is introduced by the editor in an essay that provides a strategic overview of the whole of the war placing the individual battles in context The battles are thereafter presented in seven groups of three each introduced by an essay by the editor on the common theme for each group The themes are The Armored Blitzkreigs The Amphibious Landings The Slogging Matches The Airpower Factor The War at Sea Airborne Assault and The City Battles

British and French Colonialism in Africa, Asia and the Middle East James R. Fichter,2019-08-02 This book examines the connections between the British Empire and French colonialism in war peace and the various stages of competitive cooperation between in which the two empires were often fr res ennemis It argues that in crucial ways the British and French colonial empires influenced each other Chapters in the volume consider the two empires connections in North West and Central Africa as well as their entanglement at sea in the Mediterranean Sea Persian Gulf and South China Sea Also analysed are their mutual engagement with Islam in both the Hajj and various religiously inflected colonial revolts their mutually informed systems of administration in the New Hebrides and generally and the interconnected ways the two empires fought World War II and decolonization By uniting historians of France and her colonies with historians of Britain and her colonies this volume speaks to a broad international and imperial history audience

Britain's Empire Richard Gott,2022-01-04 A magisterial history of resistance to the rising of the British empire As the call for a new understanding of our national history grows louder Britain s Empire turns the received imperial story on its head Richard Gott recounts the long overlooked narrative of resisters revolutionaries and revolters who stood up to the might of the Empire In a story of almost continuous colonialist violence Britain s crimes unspool from the beginning of the eighteenth century to the Indian Mutiny spanning the globe from Ireland to Australia Capturing events from the perspective of the colonised Gott unearths the all but forgotten stories excluded from mainstream histories

Defend Us in Battle James Hagerty,Barry Hudd,2024-06-15 An insight into the ministry of priests who over the centuries and across the world have voluntarily provided Catholic service personnel with the solace of religion far away from home and frequently in danger

The Battle for Britain's Gold Standard in 1931 Diane B Kunz,2017-11-20 This book originally published in 1987 sets the British political and financial crisis of 1931 in an international context by concentrating on the bankers who were primarily responsible for leading the fight to protect sterling in a world context 1931 marks the point at which the near autonomy which bankers had achieved during the 1920s began to decline and 1931 was thus the last attempt of important groups to return Britain to the Edwardian era The reasons for their failure to do this are still pertinent in today s international financial climate and this study provides a definitive account of an eciting episode in British politics

The Battle of Prokhorovka Christopher A. Lawrence,2019-06-01 The Battle of Kursk was one of the defining moments of World War II In July 1943 German forces under Erich von Manstein one of Germany s best generals launched a massive attack in an

offensive code named Citadel. A week later the Soviets counterattacked, sparking a huge clash of tanks at Prokhorovka, the largest armor battle in history, pitting more than 600 Soviet tanks against some 300 German panzers. Though the Germans gained a tactical victory, destroying huge numbers of Soviet tanks, they failed to achieve their objectives, and in the end the battle marked a turning point on the Eastern Front. The Red Army gained the strategic initiative and would not lose it.
