Lost Childhoods:

Lost Childhoods Michaela Soyer, 2018-12-11 *Lost Childhoods* focuses on the life course histories of thirty young men serving time in the Pennsylvania adult prison system for crimes they committed when they were minors. The narratives of these young men, their friends and relatives reveal the invisible yet deep seated connection between the childhood traumas they suffered and the violent criminal behavior they committed during adolescence. By living through domestic violence, poverty, the crack epidemic and other circumstances, these men were forced to grow up fast while familial ties that should have sustained them were broken at each turn. The book goes on to connect large scale social policy decisions and their effects on family dynamics and demonstrates the limits of punitive justice.

Lost Childhoods Gregory J. Jurkovic, 2014-06-17 Parentification, the assumption of responsibility for the welfare of family members by children and adolescents, is increasing as a result of various forces both inside and outside of the family. Evidence suggests that pathological parentification of children has serious consequences for them and for succeeding generations as do other forms of maltreatment. This work is an exploration of the forces at work in families with parentified children and the treatment strategies that hold the promise of interrupting a cycle of destructive behaviour. The author begins by guiding the reader from conceptualization to possible causes and manifestations of parentification, facilitating a clear understanding of how and why this scenario is common. The second part of the book builds on this foundation to introduce methods of assessment, treatment and prevention. This part of the text includes insights into the professional, ethical and personal challenges faced by therapists who themselves have a history of pathological parentification.

Finding Lost Childhoods Suellen Murray, 2017-08-01 This book explores care leavers' access to their personal records. People who grew up in care in previous decades may know little about their family nor understand why they were placed in care nor how decisions were made about their lives. Personal records can be a source of this information. Murray posits that it is crucial that those releasing these records understand their significance. Taking a person-centred approach, the book is based on the moving life history accounts of people who have sought their records. *Finding Lost Childhoods* highlights the importance of records to their identity formation, recounts what they discovered about themselves and their family and discusses the consequences of finding this information. With a focus on policy and practice implications, the book will be of particular interest to those engaged in the work of releasing records as well as care leavers themselves, professional bodies and students and scholars with an interest in social work, policy studies, welfare studies and youth work.

Hoffman, 2024-01-11 This book offers a critical anthropological perspective on contemporary childhood in Haiti It is based on longitudinal ethnographic fieldwork carried out over a period of 13 years with vulnerable children in Haiti Diane M Hoffman raises important questions about how interventions by well meaning foreigners and white saviors often misrepresent Haitian culture and society as deficient while privileging their own emotions alongside supposedly universal ideas about children that reinforce their own power to define and intervene in Haitian lives She argues for a new approach to Haitian childhood that centers children's informal learning and self education alongside indigenous spirituality and constructions of personhood that can resist the hegemony of neo colonial and neo liberal forces Instead of representing the country and its children as a place of problems to be solved the book shows the importance prioritizing aspects of Haitian world views in order to develop a more culturally informed understanding of childhood in Haiti that can support genuine social change
