Lost In Sierra:

Against the Grain Bradley B. Walters, 2008 To rise to the increasingly urgent challenge of understanding the relationship between human beings and the environment scholars need to step back and re evaluate their basic premises about how current explanations should shape the form and content of their research *Against the Grain* addresses a variety of topics in the field of human ecology including ecological anthropology evolutionary psychology environmental history and geography and challenges scholars to re think the adequacy of their methods and assumptions Andrew P Vayda concludes the volume with a critical commentary on these issues and more widely on the subject of explanation The result is an extremely useful and provocative prZcis for thinking about re evaluating and rectifying scholarly research **Sierra's**
