Louis Farrakhan Political Activist:

Jim McAvoy,2002-01-01 **Southern Political Party Activists** John Clark,2004-09-10 The South continues to be the most distinctive region in American politics Over the last half century Democratic dominance in the South has given way to the emergence of a truly competitive two party system that leans Republican in presidential elections In some ways the region is increasingly like the rest of the country yet even the degree of change and the speed with which it occurred give the South a distinctive air The contributors to *Southern Political Party Activists* examine both the development of American political party organizations and the changing political character of the South focusing on grassroots party activists those who are involved in party organizations at the county level John A Clark is associate professor of political science at Western Michigan University Charles L Prysby is professor of political science at the University of North Carolina at Greensboro

The Politics of Black Empowerment James Jennings,2000-01-08 The *Politics of Black Empowerment* uses the experiences of grassroots activists to develop various conceptualizations and explanations of Black political behavior today In analyzing Black politics since the late 1960s James Jennings focuses on both the behavioral aspects such as individual and group characteristics of voting and nonvoting and elections as well as more fundamental philosophical and cultural questions regarding Black politics This study examines how the traditional face of Black politics and electoral activism interacts with a growing progressive face of Black politics While traditional Black political activists seek access or political incorporation another group aims for power sharing The traditional approach is sometimes satisfied with merely replacing white politicians with Blacks but the progressive constituency focuses on fundamentally changing the whole economic and political pie Activists desirous of Black empowerment are pursuing a political and economic orientation that goes beyond programs based on access to American institutional arrangements and attempting to change or alter given political arrangements and social relations between Blacks and whites on the basis of changing the social structure and the distribution of wealth and power Based on interviews with Black and Latino activists in several big cities as well as on a review of the literature and the Black newspapers around the country The *Politics of Black Empowerment* describes the characteristics of Black empowerment activism in America

Black Politics Today Theodore J. Davis Jr., 2013-06-17 The late

1980s ushered in a new era of black politics the socioeconomic transition era Coming on the heels of the protest era and politics era the current stage is characterized by the emergence of a new black middle class that came of age after the Civil Rights struggle Although class still isn't a strong factor in the external politics of the black community it is increasingly a wedge issue in the community's internal politics Black politics today is increasingly less about the interest of the larger group and more about the interest of smaller subgroups within the community Theodore J Davis Jr argues that the greatest threat to the social and political cohesiveness of the so called black community may be the rise of a socially and economically privileged group among the ranks of black America This rift has affected blacks ability to organize effectively and influence politics Davis traces the changes in economic status public opinion political power and participation and leadership over three generations of black politics The result is an insightful analysis of black politics today

A Mayor's Life David Dinkins, 2013-09-17 How did a scrawny black kid the son of a barber and a domestic who grew up in Harlem and Trenton become the 106th mayor of New York City It's a remarkable journey David Norman Dinkins was born in 1927 joined the Marine Corps in the waning days of World War II went to Howard University on the G I Bill graduated cum laude with a degree in mathematics in 1950 and

married Joyce Burrows whose father Daniel Burrows had been a state assemblyman well versed in the workings of New York's political machine. It was his father-in-law who suggested the young mathematician might make an even better politician once he also got his law degree. The political career of David Dinkins is set against the backdrop of the rising influence of a broader demographic in New York politics including far greater segments of the city's gorgeous mosaic. After a brief stint as a New York assemblyman, Dinkins was nominated as a deputy mayor by Abe Beame in 1973 but ultimately declined because he had not filed his income tax returns on time. Down but not out, he pursued his dedication to public service first by serving as city clerk. In 1986, Dinkins was elected Manhattan borough president and in 1989 he defeated Ed Koch and Rudy Giuliani to become mayor of New York City, the largest American city to elect an African American mayor. As the newly elected mayor of a city in which crime had risen precipitously in the years prior to his taking office, Dinkins vowed to attack the problems and not the victims. Despite facing a budget deficit, he hired thousands of police officers more than any other mayoral administration in the twentieth century and launched the Safe Streets Safe City program which fundamentally changed how police fought crime. For the first time in decades, crime rates began to fall, a trend that continues to this day. Among his other major successes, Mayor Dinkins brokered a deal that kept the US Open Tennis Championships in New York, bringing hundreds of millions of dollars to the city annually and launched the revitalization of Times Square after decades of decay. All the while, deflecting criticism and some outright racism with a seemingly unflappable demeanor. Criticized by some for his handling of the Crown Heights riots in 1991, Dinkins describes in these pages a very different version of events. *A Mayor's Life* is a revealing look at a devoted public servant and a New Yorker in love with his city who led that city during tumultuous times.

Danny Glover Gloria Blakely, 2002 Details the life of the actor and social activist whose movies include the Lethal Weapon series. *Places in the Heart* and *The Color Purple*. **Colin Powell and the American Dream** Judith Cummings, Stefan Rudnicki, 1995-01-02 Eminent political figure Colin Powell was a model for our time. In addition to chronicling Powell's humble beginnings, this biography recounts his inspiring rise to become one of the most revered figures in contemporary America. This book also examines the former Secretary of State's ideology, military acumen, and family values as well as Powell's evolving thoughts on key political issues and his lasting effects on the nation. **Power, Politics, and the Decline of the Civil Rights Movement** Christopher P. Lehman, 2014-07-29 The book examines how the coalition among the national African American civil rights organizations disintegrated between 1967 and 1973 as a result of the factionalism that splintered the groups from within as well as the federal government's sabotage of the Civil Rights Movement. Focusing on four major civil rights groups, *Power, Politics, and the Decline of the Civil Rights Movement: A Fragile Coalition 1967-1973* documents how factions within the movement and sabotage from the federal government led to the gradual splintering of the Civil Rights Movement. Well-known historian Christopher P. Lehman builds his case convincingly utilizing his original research on the Movement's later years, a period typically overlooked and unexamined in the existing

literature on the Movement The book identifies how each civil rights group challenged poverty violence and discrimination differently from one another and describes how the federal government intentionally undermined civil rights organizations efforts It also shows how civil rights activists gravitated to political careers explains the rising prominence of civil rights speakers to the Movement in the absence of political organizing by civil rights groups and documents the Movement s influence upon Richard Nixon s presidency *Why Blacks Fear 'America's Mayor'* Peter Noel,2007 They call him America s Mayor But to blacks that title sugarcoats Rudy Giuliani s real reputation as one of the most racially divisive leaders in the nation Peter Noel s book puts Giuliani s often ignored record of oppressing the other New York front and center in the 2008 presidential race Noel was a witness to Giuliani time in New York As the race beat journalist for The Village Voice he reported exclusively on the police brutality that rained down on blacks and the denigration of black leadership by Giuliani In this collection of his expos s Noel provides stunning insights into the most notorious events of Giuliani s tenure including the execution style killing of Amadou Diallo and the sadistic torture of Abner Louima Both men like many black victims of Giuliani s stop and frisk policing were innocent of any wrongdoing This brutality sparked a new black activist movement Scores including Jesse Jackson were arrested and Peter Noel was there to cover it No journalist was more insightful about the rise of Al Sharpton Khallid Muhammad s Million Youth March and Giuliani s demonization of David Dinkins the city s first black mayor There are interviews with major political players inside accounts of the shifting alliances and violent conflicts between ethnic groups and a stinging critique of the white dominated media And then there is Peter Noel s interview with Giuliani which took the form of a street fight in Harlem In these eloquent often searing pieces written in an outraged and authentic voice Peter Noel spoke truth to the power of an Afriphobic mayor In this revealing book he still does
