The Forgotten Alcott Azelina Flint, Lauren Hehmeyer, 2021-12-30 This collection is the first academic study of the captivating life and career of expatriate artist writer and activist May Alcott Nieriker Nieriker is known as the sister of Louisa May Alcott and model for Amy March in Alcott's Little Women As this book reveals she was much more than Amy she had a more significant impact on the Concord community than her sister and later became part of the creative expat community in Europe There she imbued her painting with the abolitionist activism she was exposed to in childhood and pursued an ideal of artistic genius that opposed her sister's vision of self sacrifice Embarking on a career that took her across London Paris and Rome Nieriker won the acclaim of John Ruskin and forged a network of expatriate female painters who changed the face of nineteenth century art creating opportunities for women that lasted well into the twentieth century A Renaissance woman Nieriker was a travel writer

teacher and curator She is recovered here as a transdisciplinary subject who stands between disciplines networks and ideologies striving to recognize the dignity of others Contributors include foundational Alcott scholar Daniel Shealy and Pulitzer Prize winner John Matteson as well as Curators Jan Turnquist Orchard House and Amanda Burdan Brandywine River Museum of Art In this book readers will become acquainted with a dynamic feminist thinker who transforms our understanding of the place of women artists in the wider cultural and intellectual life of nineteenth century Britain France and the United States

Enterprising Youth Monika Elbert, 2008-06-09 Recommended by Choice Enterprising Youth examines the agenda behind the shaping of nineteenth century children's perceptions and world views and the transmission of civic duties and social values to children by adults The essays in this book reveal the contradictions involved in the perceptions of children as active or passive as representatives of a new order or as receptacles of the transmitted values of their parents The question then is whether the business of telling children's stories becomes an adult enterprise of conservative indoctrination or whether children are enterprising enough to read what many of the contributors to this volume see as the subversive potential of these texts This collection of literary and historical criticism of nineteenth century American children's literature draws upon recent assessments of canon formations gender studies and cultural studies to show how concepts of public private male female and domestic foreign are collapsed to reveal a picture of American childhood and life that is expansive and constrictive at the same time

Girls' Series Fiction and American Popular Culture LuElla D'Amico, 2016-03-01 *Girls' Series Fiction and American Popular Culture* examines the ways in which young female heroines in American series fiction have undergone dramatic changes in the past 150 years changes which have both reflected and modeled standards of behavior for America's tweens and teen girls Though series books are often derided for lacking in imagination and literary potency that the majority of American girls have been exposed to girls series in some form whether through books television or other media suggests that this genre needs to be studied further and that the development of the heroines that girls read about have created an impact that is worthy of a fresh critical lens Thus this collection explores how series books have influenced and shaped popular American culture and in doing so girls everyday experiences from the mid nineteenth century until now The collection interrogates the cultural work that is performed through the series genre contemplating the messages these books relay about subjects including race class gender education family romance and friendship and it examines the trajectory of girl fiction within such contexts as material culture geopolitics socioeconomics and feminism

Boys at Home Ken Parille, 2011-05 In this groundbreaking book Ken Parille seeks to do for nineteenth century boys what the past three decades of scholarship have done for girls show how the complexities of the fiction and educational materials written about them reflect the lives they lived While most studies of nineteenth century boyhood have focused on post Civil War male novelists Parille explores a broader archive of writings by male and female authors extending from 1830 1885 *Boys at Home* offers a series of arguments about five pedagogical modes play adventure corporal punishment sympathy shame and reading The first chapter demonstrates that rather than encouraging boys to escape the bonds of domesticity scenes of play in boys novels reproduce values associated with the home Chapter 2 argues that debates about corporal punishment are crucial sources for the culture's ideas about gender difference and pedagogical practice In chapter 3 *The Medicine of*

Sympathy Parille examines the affective nature of mother daughter and mother son bonds emphasizing the special difficulties that boy nature posed for women The fourth chapter uses boys conduct literature and Louisa May Alcott s Little Women the preeminent chronicle of girlhood in the century to investigate not only Alcott s fictional representations of shame centered discipline but also pervasive cultural narratives about what it means to be a man Focusing on works by Lydia Sigourney and Francis Forrester the final chapter considers arguments about the effects that fictional historical and biographical narratives had on a boy s sense of himself and his masculinity Boys at Home is an important contribution to the emerging field of masculinity studies In addition this provocative volume brings new insight to the study of childhood women s writing and American culture Ken Parille is assistant professor of English at East Carolina University His articles have appeared in Children s Literature Tulsa Studies in Women s Literature Papers on Language and Literature and Children s Literature Association Quarterly
