Southern Splendor Marc R. Matrana,Robin S.

Lattimore,Michael W. Kitchens,2018-03-22 Few things evoke thoughts and memories of the past more than a house from a bygone era and few places are identified and symbolized more by historic dwellings than the American South Plantation houses built with columned porticos and wide porches stout chimneys large rooms and sweeping staircases survive as legacies of both a storied and troubled past These homes are at the heart of a complex web of human relationships that have shaped the social and cultural heritage of the region for generations Despite their commanding appearance the region s plantation houses have proven to be fragile relics of history vulnerable to decay neglect and loss Today only a small percentage of the South s antebellum treasures survive In Southern Splendor Saving Architectural Treasures of the Old

South historians Marc R Matrana Robin S Lattimore and Michael W Kitchens explore almost fifty houses built before the Civil War that have been authentically restored or preserved Methodically examined are restoration efforts that preserve not only homes and other structures but also the stories of those living in or occupying those homes The authors discuss the challenges facing specific plantation homes and their preservation Featuring over 275 stunning photographs as well as dozens of firsthand accounts and interviews with those involved in the preservation of these historic properties Southern Splendor describes the leading role the South has played since the nineteenth century in the historic preservation movement in this country

Cajun Country Guide Macon Fry,Julie Posner,1999-02-28 There s just nowhere else but South Louisiana to find real knee slapping crowd hooting Zydeco music Even the big city chefs can t cook up a Cajun meal the way they do at

the roadside restaurants deep in the bayous of Acadiana Likewise no other guide matches the amount of in depth information presented in Cajun Country Guide It's a study of Cajuns that tells visitors how to find the sights sounds and flavors of one of America's most culturally unique regions Take a vacation to a part of our own country that in some places didn't even speak English until nearly fifty years ago While modern technology is weeding out some of the one of a kind qualities of this subculture not all of them are gone or even hard to find if you know how to hunt for them And there are no better hunters than authors Macon Fry and Julie Posner With the handy maps reviews and recommendations packed into the Cajun Country Guide a trip to the bayous won't leave one feeling like a visitor but more like a native who has come back home
