buildings that are no longer standing or have been converted to other uses This pictorial record documents the variety distinctiveness and significance of these buildings as a part of the Commonwealth s architectural cultural and religious landscape Mathews' Medical Quarterly ,1894 **Mathews' Quarterly Journal of Rectal and Gastro-intestinal Diseases** ,1894 *The New York Masonic Outlook* ,1928 *Lectures on Masonic Jurisprudence* Roscoe Pound,1920 *A Field Guide to American Houses* Virginia Savage McAlester,2015-07-29 The fully expanded updated and freshly designed second edition of the most comprehensive and widely acclaimed guide to domestic architecture in print since its original publication in 1984 and acknowledged everywhere as the unmatched essential guide to American houses This revised edition includes a section on neighborhoods expanded and completely new categories of house styles with photos and descriptions of each an appendix on Approaches to Construction in the 20th and 21st Centuries an expanded bibliography and 600 new photographs and line drawings **Architecture and Planning of Graham, Anderson, Probst and White, 1912-1936** Sally A. Kitt Chappell,1992-06-15 Fascinated by change architectural historians of the modernist generation generally filled their studies with accounts of new developments and innovations In her book Sally A Kitt Chappell focuses instead on the subtler but more pervasive change that took place in the mainstream of American architecture in the period Graham Anderson Probst and White one of the leading American firms of the turn of the century transformed traditional canons and made creative adaptations of standard forms to solve some of the largest architectural problems of their times in railroad stations civic monuments banks offices and department stores Chappell s study shows how this firm exemplified the changing urban hierarchy of the American city in the early twentieth century Their work emerges here as both an index and a reflection of the changing urban values of the twentieth century Interpreting buildings as cultural artifacts as well as architectural monuments Chappell illuminates broader aspects of American history such as the role of public private collaboration in city making the image of women reflected in the specially created feminine world of the department store the emergence of the idea of an urban group in the heyday of soaringly individual skyscrapers and the new importance of electricity in the social order It is Chappell s contention that what people cherish and preserve says more about them than what they discard in favor of the new Working from this premise she considers the values conserved by architects under the pressures of ever changing demands Her work enlarges the scope of inquiry to include ordinary buildings as well as major monuments thus offering a view of American architecture of the period at once more intimate and more substantial than any seen until now Richly illustrated with photographs and plans this volume also includes handsome details of such first rate works as the Thirtieth Street Station in Philadelphia the Cleveland Terminal Group and the Wrigley Building in Chicago Louisville's Butchertown Edna Kubala,2010 Located just east of downtown Louisville Butchertown is a fascinating mix of architectural styles businesses and history The neighborhood is named for the early Louisville butchers who found the area s strategic location on Beargrass Creek and its proximity to the Frankfort and Shelbyville turnpikes ideal for their operations

The link to butchers was further solidified when the Bourbon House later called the Bourbon Stock Yard was established in 1834 anchoring Butchertown as Louisville's meatpacking neighborhood. Many points of interest can be found amid the predominantly brick historic homes including the Last Chance Saloon, the Oertel Brewery and the Thomas Edison House Museum. Discover Vernon Lanes, one of the four oldest bowling alleys in the country which has been in operation since 1886 on Story Avenue. Some photographs illustrate the immense damage done by floodwaters in 1937 and 1945. Also pictured are a floodwall built as a result of the 1937 flood and interstate construction during the 1960s, both of which greatly altered the character of the neighborhood.

Invisible City John I. Gilderbloom, 2008-02-01 A legendary figure in the realms of public policy and academia, John Gilderbloom is one of the foremost urban planning researchers of our time, producing groundbreaking studies on housing, markets, design, location, regulation, financing, and community building. Now in *Invisible City*, he turns his eye to fundamental questions regarding housing for the elderly, the disabled, and the poor. Why is it that some locales can offer affordable, accessible, and attractive housing while the large majority of cities fail to do so? *Invisible City* calls for a brave new housing paradigm that makes the needs of marginalized populations visible to policy makers. Drawing on fascinating case studies in Houston, Louisville, and New Orleans, and analyzing census information as well as policy reports, Gilderbloom offers a comprehensive, engaging, and optimistic theory of how housing can be remade with a progressive vision. While many contemporary urban scholars have failed to capture the dynamics of what is happening in our cities, Gilderbloom presents a new vision of shelter as a force that shapes all residents.

Hotel Ponce de Leon Leslee F. Keys, 2018-08-01 Historic St. Augustine Research Institute William L. Proctor Award Henry Flagler's opulent Hotel Ponce de Leon drew worldwide praise from the day its elaborately carved doors opened in 1888. Built in the Spanish Renaissance Revival style, the architectural and engineering marvel featured the talents of a team of renowned artisans, including the designs of architects John Carrère, Thomas Hastings, and Bernard Maybeck; electricity by Thomas Edison; and interior decoration and stained glass windows by Louis Tiffany. Hotel Ponce de Leon is the first work to present the building's complete history and detail its transformation.
