## **Love Across Color Lines Otilie Assing And Frederick Douglass:**

Love Across Color Lines Maria Diedrich, 2000-09-25 In 1856 Otilie Assing an intrepid journalist who had left Germany after the failed revolution of 1848 traveled to Rochester New York to interview Frederick Douglass for a German newspaper. This encounter transformed the lives of both they became intimate friends they stayed together for twenty eight years and she translated his autobiography into German. Diedrich reveals in fascinating detail their shared intellectual and cultural interests and how they worked together on his abolitionist writings. As is clear from letters and diaries Douglass was enchanted with his vivacious companion but believed that any liaison with a white woman would be fatal to his political mission. Assing was keenly aware of his dilemma but certain he would marry her once his mission was fulfilled. She was bitterly disappointed after his wife's death Douglass did remarry but he married another woman. Assing committed suicide leaving her estate to Douglass. Jacket

**The Black Hearts of Men** John Stauffer, 2004-03-30 At a time when slavery was spreading and America was steeped in racism two white and two black men formed a unique alliance that sought to reconcile ideals of justice with the reality of slavery and oppression

**American Dreamers** Michael Kazin, 2011-08-23 ONE OF THE BEST BOOKS OF THE YEAR NEWSWEEK THE DAILY BEAST THE NEW REPUBLIC THE PROGRESSIVE The definitive history of the reformers radicals and idealists who fought for a different America from the abolitionists to Michael Moore and Noam Chomsky. While the history of the left is a long story of idealism and determination it has also been a story of movements that failed to gain support from mainstream America. In *American Dreamers* Michael Kazin one of the most respected historians of the American left working today tells a new history of the movements that while not fully succeeding on their own terms nonetheless made lasting contributions to American society. Among these culture shaping events are the fight for equal opportunity for women racial minorities and homosexuals the celebration of sexual pleasure the inclusion of multiculturalism in the media and school curricula and the creation of books and films with altruistic and anti authoritarian messages. Deeply informed judicious and impassioned and superbly written this is an essential book for our times and for anyone seeking to understand our political history and the people who made it

Black Chicago's First Century Christopher Robert Reed, 2005-07-25 In *Black Chicago's First Century* Christopher Robert Reed provides the first comprehensive study of an African American population in a nineteenth century northern city beyond the eastern seaboard. Reed's study covers the first one hundred years of African American settlement and achievements in the Windy City encompassing a range of activities and events that span the antebellum Civil War Reconstruction and post Reconstruction periods. The author takes us from a time when black Chicago provided both workers and soldiers for the Union cause to the ensuing decades that saw the rise and development of a stratified class structure and growth in employment politics and culture. Just as the city was transformed in its first century of existence so were its black inhabitants. Methodologically relying on the federal pension records of Civil War soldiers at the National Archives as well as previously neglected photographic evidence manuscripts

contemporary newspapers and secondary sources Reed captures the lives of Chicago's vast army of ordinary black men and women. He places black Chicagoans within the context of northern urban history, providing a better understanding of the similarities and differences among them. We learn of the conditions African Americans faced before and after Emancipation. We learn how the black community changed and developed over time; we learn how these people endured, how they educated their children, how they worked, organized, and played. *Black Chicago's First Century* is a balanced and coherent work. Anyone with an interest in urban history or African American studies will find much value in this book.

*The Transnational Significance of the American Civil War* Jörg Nagler, Don H. Doyle, Marcus Gräser, 2016-10-05 This volume of pioneering essays brings together an impressive array of well-established and emerging historians from Europe and the United States whose common endeavor is to situate America's Civil War within the wider framework of global history. These essays view the American conflict through a fascinating array of topical prisms that will take readers beyond the familiar themes of U.S. Civil War history. They will also take readers beyond the national boundaries that typically confine our understanding of this momentous conflict. The history of America's Civil War has typically been interpreted within a familiar national narrative focusing on the internal discord between North and South over the future of slavery in the United States.

*Sojourner Truth's America* Margaret Washington, 2011-04-21 This fascinating biography tells the story of nineteenth-century America through the life of one of its most charismatic and influential characters, Sojourner Truth. In an in-depth account of this amazing activist, Margaret Washington unravels Sojourner Truth's world within the broader panorama of African American slavery and the nation's most significant reform era. Born into bondage among the Hudson Valley Dutch in Ulster County, New York, Isabella was sold several times, married, and bore five children before fleeing in 1826 with her infant daughter one year before New York slavery was abolished. In 1829 she moved to New York City where she worked as a domestic, preached, joined a religious commune, and then in 1843 had an epiphany. Changing her name to Sojourner Truth, she began traveling the country as a champion of the downtrodden and a spokeswoman for equality by promoting Christianity, abolitionism, and women's rights. Gifted in verbal eloquence, wit, and biblical knowledge, Sojourner Truth possessed an earthy, imaginative, homespun personality that won her many friends and admirers and made her one of the most popular and quoted reformers of her time. Washington's biography of this remarkable figure considers many facets of Sojourner Truth's life to explain how she became one of the greatest activists in American history, including her African and Dutch religious heritage, her experiences of slavery within contexts of labor, domesticity, and patriarchy, and her profoundly personal sense of justice and intuitive integrity. Organized chronologically into three distinct eras of Truth's life, *Sojourner Truth's America* examines the complex dynamics of her times, beginning with the transnational contours of her spirituality and early life as Isabella and her embroilments in legal controversy. Truth's awakening during nineteenth-century America's progressive surge then propelled her ascendancy as a rousing preacher and political orator despite her inability to read and write. Throughout the book

Washington explores Truth's passionate commitment to family and community including her vision for a beloved community that extended beyond race gender and socioeconomic condition and embraced a common humanity For Sojourner Truth the significant model for such communalism was a primitive prophetic Christianity Illustrated with dozens of images of Truth and her contemporaries Sojourner Truth's America draws a delicate and compelling balance between Sojourner Truth's personal motivations and the influences of her historical context Washington provides important insights into the turbulent cultural and political climate of the age while also separating the many myths from the facts concerning this legendary American figure

**An Emancipation of the Mind** Matthew Stewart, 2024-03-26 A bracingly original book Harold Holzer Wall Street Journal How a band of antislavery leaders recovered the radical philosophical inspirations of the first American Revolution to defeat the slaveholders oligarchy in the Civil War This is a story about a dangerous idea one which ignited revolutions in America France and Haiti burst across Europe in the revolutions of 1848 and returned to inflame a new generation of intellectuals to lead the abolition movement the idea that all men are created equal In their struggle against the slaveholding oligarchy of their time America's antislavery leaders found their way back to the rationalist secularist and essentially atheist inspiration for the first American Revolution Frederick Douglass's unusual interest in radical German philosophers and Abraham Lincoln's buried allusions to the same thinkers are but a few of the clues that underlie this propulsive philosophical detective story With fresh takes on forgotten thinkers like Theodore Parker the excommunicated Unitarian minister who is the original source of some of Lincoln's most famous lines and a feisty band of German refugees philosopher and historian Matthew Stewart tells a vivid and piercing story of the battle between America's philosophical radicals and the conservative counterrevolution that swept the American republic in the first decades of its existence and persists in new forms up to the present day In exposing the role of Christian nationalism and the collusion between northern economic elites and slaveholding oligarchs An Emancipation of the Mind demands a significant revision in our understanding of the origins and meaning of the struggle over slavery in America and offers a fresh perspective on struggles between democracy and elite power today

**Black Prophetic Fire** Cornel West, Christa Buschendorf, 2015-09-01 An unflinching look at nineteenth and twentieth century African American leaders and their visionary legacies In an accessible conversational format Cornel West with distinguished scholar Christa Buschendorf provides a fresh perspective on six revolutionary African American leaders Frederick Douglass W E B Du Bois Martin Luther King Jr Ella Baker Malcolm X and Ida B Wells In dialogue with Buschendorf West examines the impact of these men and women on their own eras and across the decades He not only rediscovers the integrity and commitment within these passionate advocates but also their fault lines West in these illuminating conversations with the German scholar and thinker Christa Buschendorf describes Douglass as a complex man who is both the towering Black freedom fighter of the nineteenth century and a product of his time who lost sight of the fight for civil rights after the emancipation He calls Du Bois undeniably the most important Black intellectual of the twentieth century and

explores the more radical aspects of his thinking in order to understand his uncompromising critique of the United States which has been omitted from the American collective memory West argues that our selective memory has sanitized and even Santaclausified Martin Luther King Jr rendering him less radical and has marginalized Ella Baker who embodies the grassroots organizing of the civil rights movement The controversial Malcolm X who is often seen as a proponent of reverse racism hatred and violence has been demonized in a false opposition with King while the appeal of his rhetoric and sincerity to students has been sidelined Ida B Wells West argues shares Malcolm X's radical spirit and fearless speech but has often become the victim of public amnesia By providing new insights that humanize all of these well known figures in the engrossing dialogue with Buschendorf and in his insightful introduction and powerful closing essay Cornel West takes an important step in rekindling the Black prophetic fire *The Harriet Jacobs Family Papers* Jean Fagan Yellin, 2015-12-01

Although millions of African American women were held in bondage over the 250 years that slavery was legal in the United States Harriet Jacobs 1813-97 is the only one known to have left papers testifying to her life Her autobiography *Incidents in the Life of a Slave Girl* holds a central place in the canon of American literature as the most important slave narrative by an African American woman Born in Edenton North Carolina Jacobs escaped from her owner in her mid twenties and hid in the cramped attic crawlspace of her grandmother's house for seven years before making her way north as a fugitive slave In Rochester New York she became an active abolitionist working with all of the major abolitionists feminists and literary figures of her day including Frederick Douglass Lydia Maria Child Amy Post William Lloyd Garrison Susan B Anthony Harriet Beecher Stowe Fanny Fern William C Nell Charlotte Forten Grimke and Nathan Parker Willis Jean Fagan Yellin has devoted much of her professional life to illuminating the remarkable life of Harriet Jacobs Over three decades of painstaking research Yellin has discovered more than 900 primary source documents approximately 300 of which are now collected in two volumes These letters and papers written by for and about Jacobs and her activist brother and daughter provide for the thousands of readers of *Incidents* from scholars to schoolchildren access to the rich historical context of Jacobs's struggles against slavery racism and sexism beyond what she reveals in her pseudonymous narrative Accompanied by a CD containing a searchable PDF file of the entire contents this collection is a crucial launching point for future scholarship on Jacobs's life and times
