Love Alone The Way Of Revelation:

Love Alone Hans Urs Von Balthasar, 1970-01-01 What differentiates Christianity from other religions Key to Christian self understanding is the recognition of the importance and glorification of divine love In this sketch Balthasar presents a theological aesthetic that covers both the study of perception and the self expression of divine glory Christian belief is thus reassessed through the lens which sees the glory of God's love **Love Alone** Hans Urs von Balthasar, 1968 **Love Alone:**

The Way of Revelation Hans Urs von Balthasar, 1968 *The Trinity and the Paschal Mystery* Anne Hunt, 1997 As a text for college or graduate student courses as a scholarship reference and as a guide for interested educated laity The Trinity and the Paschal Mystery is an exhilarating and invigorating journey into the most central of the Christian mysteries the triune God The book is a valuable and thought provoking resource that complements and enriches current theologies of the Trinity

the Lord Hans Urs Von Balthasar, 2013-06-05 In this fourth volume of his magnum opus von Balthasar considers the metaphysical tradition of the contemplation of Being He provides major studies of Homer the Greek Tragedians Plato and Plotinus and the development of this tradition in the Middle Ages He then explores the analogy between the metaphysical vision of the Being and the Christian vision of the divine glory of the Trinity The book is a remarkable attempt to rediscover the ancient vision of Being in all its awesomeness as the context within which the specifically Christian vision rooted in God's gracious self revelation took form and was expressed [Pro Ecclesia Vol 18-N3](#) Pro Ecclesia, 2009-10-16 Pro Ecclesia is a

Hebblethwaite, 1987-06-26 A collection of essays defending the Christian doctrine of the Incarnation against its modern critics

The Apologetic Value of Human Holiness Victoria S. Harrison, 2000-11-30 The Apologetic Value of Human Holiness begins by providing the first comprehensive account of the model of human holiness developed by the leading theologian

Hans Urs von Balthasar In so doing the book also provides the first detailed explication of his Christocentric philosophical anthropology Part 2 argues that von Balthasar anticipates some key developments in late twentieth century Anglo American analytical philosophy and that certain of these developments in particular the internal realism of Hilary Putnam provide powerful support for von Balthasar s theological philosophy The final part elucidates von Balthasar s core intuition that human holiness is of immense apologetic value for religious faith and concludes with a new internalist theory of religious pluralism The Apologetic Value of Human Holiness will be seen as an important and original contribution to both Philosophy of Religion and Theology and is likely to prove essential reading in upper level undergraduate and postgraduate courses in both subjects

Balthasar Karen Kilby, 2012-11-30 The enormously prolific Swiss Roman Catholic theologian Hans Urs von Balthasar 1905-1988 was marginalized during much of his life but his reputation over time has only continued to grow He was said to be the favorite theologian of John Paul II and is held in high esteem by Benedict XVI It is not uncommon to hear him referred to as the great Catholic theologian of the twentieth century In *Balthasar A Very Critical Introduction* Karen Kilby argues that although the low regard in which Balthasar was held from the 1950s to 1960s was not justified neither is the current tendency to lionize him Instead she advocates a more balanced approach particularly in light of a fundamental problem in his writing namely his characteristic authorial voice an over reaching God s eye point of view that contradicts the content of his theology

Selected Essays, Volume II Andrew Louth, 2023 These two volumes contain selected essays written over forty years by Andrew Louth a major scholar in the fields of Theology and Patristics early Christian thought Many of the essays in volume II concern the nature of theology drawing from a famous group of twentieth century Russian thinkers exiled after the 1917 Communist revolution

The Catholic Tradition Thomas Langan, 1998 Langan philosophy U of Toronto examines the history of the Catholic Church and the origins of its teachings since the Church s conception Although committed to the Catholic religion he does not obscure the Church s failings as he lays out the fundamentals of the faith He provides insights into the great Christological councils discusses the differences in the spiritualities of East and West and portrays the crucial roles that the pope and bishops played during the Middle Ages Incorporating the thought of Augustine Aquinas and medieval Catholicism he traces the rise and decline of Christian Europe and the issues raised by reform

A New Handbook of Christian Theologians Donald W. Musser, 1996 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various routes for reading and have traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith

The Heart Has Its Reasons Beata Toth, 2016-05-26 The Heart Has Its Reasons explores a hitherto neglected area of theological anthropology the unity of human emotion and reason embodied in the Biblical concept of the heart While the theological contours of human rationality have long been clearly drawn and presented as the exclusive seat of the image of God affectivity has been relegated to a secondary position With the reintegration of the body into recent philosophical and theological discourses a number of questions have arisen if the image also resides in the body how does this change one's view of the theological significance of human affect In what way is our likeness to God realised in the whole of what we are Can one overcome the traditional dissociation between intellect and affect by a renewed theory of love In conversation with patristic and medieval authors like Irenaeus Tertullian Gregory of Nyssa Maximus and Thomas Aquinas and in dialogue with more recent interlocutors such as Blaise Pascal Ricoeur Marion Milbank and John Paul II Beata Toth pursues a novel theological vision of the essential unity of our humanity

Being Reconciled John Milbank, 2003-08-02 Both a critique of post Kantian modernity and a new theology that engages with issues of language culture time politics and historicity Being Reconciled insists on the dependency of all human production and understanding on a God who is infinite in both utterance and capacity

Who Do You Say That I AM?: Janet M. Pupp, 2021-10-15 Who are you Lord that I might seek to know you Who are you Lord that I might long to love you Who are you Lord that I might dare to follow you Jesus's evocative question to the disciples at Caesarea Philippi Who do you say that I AM elicits a bold Christological confession from Simon Peter You are the Messiah the Son of the Living God Divinely revealed Simon's assertive testimony sets in motion the center and the witness of Christian faith Jesus's direct question posed to the disciples reverberates even now as it probes the hearts and minds of all believers and nonbelievers Who do you say that I AM Who Do You Say that I AM explores the mystery of Jesus of Nazareth through an examination of salient divine names used of him as revealed in Scripture These titular clues will serve to broaden the reader's understanding of this Jesus whom even the wind and sea obey It is the author's hope that its readers will discover the profound meaning of

Dogmatics after Babel Ruben Rosario Rodriguez, 2018-10-09 Ruben Rosario Rodriguez addresses the long standing division between Christian theologies that take revelation as their starting point and focus and those that take human culture as theirs. After introducing these two theological streams that originate with Karl Barth and Paul Tillich respectively, Rosario asserts that they both seek to respond to the Enlightenment's critique and rejection of Christianity. In so doing, they have bought into Enlightenment understandings of human reality and the transcendent. Rosario argues that in order to get beyond the impasse between theologies of the Word and culture, we need a different starting point. He discovers that starting point in two sources: 1 through the work of liberation and contextual theologians on the role of the Holy Spirit and 2 through a comparative analysis of the teachings on the hiddenness of God from the three Abrahamic religions: Judaism, Christianity, and Islam. Rosario offers a strong argument for why this third theological starting point represents not just a marginal or niche position but a genuine alternative to the two traditional theological streams. His work will shift readers' understanding of the options in theological discourse beyond the false alternatives of theologies of the Word and culture.
