Love of Money Elijah Kolawole Ogunmola, 1959

Love Money. Money Loves You Sarah McCrum, 2022-04-19 A few weeks after the failure of her business in London Sarah was asked a question in a book she was reading What does money want to say to you She started writing a response and found words coming out of her pen that weren't her own They started with I would like to tell you to love me She was deeply touched and intrigued to explore more about the source of this message She went on to write in the same way every day for 3 months and ended up with a collection of surprising funny and inspiring advice apparently from the energy of money itself

Those writings turned into this book It takes you into the heart of the world of money but not into financial systems as they exist on this planet Rather it gives you an insight into how the money energy operates behind our physical world It shows you what happens when you make any financial request and explains why so many people struggle with lack of money It gives clear simple guidelines on how to transform your relationship with money so you can be aligned with the way it works naturally including two blueprints for making money in today s world It s funny at times very uplifting and enlightening in surprising ways offering a view of money unlike anything we ve seen elsewhere Perhaps the most radical discovery in these writings is the sense that money is not a neutral energy that we can make good or bad decisions about It is a truly benign loving energy that is always available for us This challenges many of our preconceived notions about money and invites us into a profoundly different relationship with it *Love Money, Money Loves You* Sarah McCrum,2018-11-12 If you could have a conversation directly with Money what would it say to you Love Money Money Loves You is the answer to this question and the message is breathtakingly simple Money is the powerful energy that underlies every form of exchange that takes place between human beings It is an extraordinary system for dealing with the billions of financial and material requests that are made by humans every day many of them hopelessly confused often desperate Money speaks to us directly through this book explaining simply often with a sense of humour exactly how our financial requests are processed and delivered why so many of them never arrive and why we get so many bills especially when we are broke This blueprint for making money is for people who haven t yet been able to afford the lifestyle of their dreams but still believe they will and for anyone interested in exploring more deeply your relationship with money **Love, Money, and HIV** Sanyu A. Mojola,2014-05-10 How do modern women in developing countries experience sexuality and love Drawing on a rich array of interview ethnographic and survey data from her native country of Kenya Sanyu A Mojola examines how young African women who suffer disproportionate rates of HIV infection compared to young African men navigate their relationships schooling employment and finances in the context of economic inequality and a devastating HIV epidemic Writing from a unique outsider insider perspective Mojola argues that the entanglement of love money and the transformation of girls into consuming women lies at the heart of women s coming of age and health crises At once engaging and compassionate this text is an incisive analysis of gender sexuality and health in Africa **Love is the Law** Marieta Oslanec, Esq. ,2019-10-22 It took me 16 years to understand that in order to find true love happiness peace and abundance I needed to go within During those years I experienced several painful breakups and went from one relationship to another only to realize that the most important love is self love The most painful break up was the beginning of my life long love story I moved from Slovakia to the USA with only 700 USD and without speaking a word of English I put myself through law school and became a licensed attorney in New York Nobody would hire me so I started my own company and hired myself I then decided to challenge myself further and travel the world solo I spent 30 days in complete silence in meditation retreats throughout Bali Nepal and

Hawaii During this period I faced my deepest fears and came to discover that they were only illusions The truth is many of our fears are not real they are just our ego trying to protect us What is real is love and that is our higher self The Universe is governed by the ultimate Law that is Love and when we all collectively raise our consciousness we will be able to create a new world In this book you will learn how to Heal a broken heart and fall in love with yourself Change a limiting money mindset and attract abundance Discover your purpose and start a purpose driven business Meditate and tap into your higher self Create a healthy relationship with your body then go beyond reading words and concepts to open your mind and heart and enter the space between words beyond knowledge to Spirit where Love is the Law Sylva Dvorak PhD New York Times Bestselling Author Your Hidden Riches Unleashing the Power of Ritual to Create a Life of Meaning and Purpose

At the Door Knocking William Berning,2007-12-14 Which of these is more loving To tell someone what they want to know so they feel better or to tell them what they need to know so they get better How you answer that question will determine your interest in this highly readable and very insightful examination of basic church sayings that have misled Christians for years William Berning brings these basic teachings to the light of Scripture rightly divided and rightly applied and reveals their darkness For the spiritually young or the spiritually mature this book goes straight to the deepest questions of what makes a Christian a Christian

I [love] Money David Campbell Lester,2010-04 **From Fear to Love: Transforming your relationship with money** Angelica Fomina,2025-02-03 We are accustomed to thinking that our knowledge talents and values will eventually translate into material wealth However real life doesn t always work that way The amount of money in our bank account isn t determined by our abilities mathematical knowledge or even our moral qualities A person s wealth is defined by how much they desire it themselves To attract money you need to establish the right relationship with it The author draws on her own worldly experiences to explain in detail how to do just that and provides a number of practical exercises to work towards this aim This book is a realistic guide for implementing positive changes in your life and will become a source of inspiration and knowledge that you will reread more than once to accomplish your goals
