Dark Queen Faith Hunter, 2018-05-01 Jane Yellowrock used to hunt vampires but now she must fight and win beside them As Enforcer to the vampire Master of the City of New Orleans Jane Yellowrock stakes her reputation and her life on keeping her territory safe But Leo has been issued a blood challenge by the emperor of the European vampires who seeks to usurp all of his power and possessions If Leo loses the match to the death the city will be forfeit and the people of New Orleans will suffer the consequences Jane can't let that happen Preparing for the duel requires all of Jane's focus but with so much supernatural power in play nothing goes according to plan She has to rely on herself and the very few people she knows she can trust to stand and fight Only two things are guaranteed nothing is sacred and no one is safe [Own Your Power](#) Alice Jones, 2018-05-18 By changing our thoughts we can change our lives By changing our lives we can change the world The power to accomplish these things is within us it is love Love is what created us and what we return to Love is the real power of the universe Own Your Power Day by Day is a guidebook to spiritual transformation It teaches valuable spiritual truths and skills learning to listen to our higher selves rather than our ego selves accessing the part of us that is connected to unconditional love rather than fear accepting the importance of forgiveness and understanding the importance of the invisible energy field that surrounds us There is an energy in words that can either crush us or heal and elevate us particularly those words that appear in our own thoughts Everything we need to succeed and become what we yearn to be is inside of us Discover a way to access the part of yourself that never left God and that is larger than all the restrictions limitations fears and doubts that society heaps on you This guide seeks to help you remove spiritual mental and emotional blockages heal your body mind and spirit and move into peace harmony and joy **Monsters, Monstrosities, and the Monstrous in Culture and Society** Diego Compagna, Stefanie Steinhart, 2020-01-28 Existing research on monsters acknowledges the deep impact monsters have especially on Politics Gender Life Sciences Aesthetics and Philosophy From Sigmund Freud's essay The Uncanny to Scott Poole's Monsters in America previous studies offer detailed insights about uncanny and immoral monsters However our anthology wants to overcome these restrictions by bringing together multidisciplinary authors with very different approaches to monsters and setting up variety and increasing diversification of thought as guiding patterns Existing research hints that monsters are embedded in social and scientific exclusionary relationships but very seldom copes with them in detail Erving Goffman's doesn't explicitly talk about monsters in his book Stigma but his study is an exceptional case which shows that monsters are stigmatized by society because of their deviations from norms but they can form groups with fellow monsters and develop techniques for handling their stigma Our book is to be understood as a complement and a further development of previous studies The essays of our anthology pay attention to mechanisms of inequality and exclusion concerning specific historical and present monsters based on their research materials within their specific frameworks in order to create engaging constructive critical and diverse approaches to

monsters even utopian visions of a future of societies shared by monsters Our book proposes the usual view that humans look in a horrified way at monsters but adds that monsters can look in a critical and even likewise frightened way at the very societies which stigmatize them Fairy Tales and the Fiction of Iris Murdoch, Margaret Drabble, and A.S.
