Zak, 2013-02-07 A Mirror for Lovers Shakespeare's Sonnets as Curious Perspective by William F Zak seeks to identify in Shakespeare's sonnet sequence the structural and thematic features of the satirical tradition born in Plato's Symposium Through this study Zak traces the power of an idea to endure reanimate and enrich itself through time Plato's discrimination of the true nature of love in The Symposium Born anew in its medieval reincarnations The Romance of the Rose The Vita Nuova and The Canzoniere of Petrarch the tradition begun in Plato's Symposium was then resuscitated in the Elizabethan sonnet sequence revival most notably in Shakespeare's Sonnets With extended examination of all the texts in the Q manuscript A Mirror for Lovers makes a case for the mutually illuminating relationship among the sonnets to the fair young man and the dark lady A Lover's Complaint and the mysterious dedication that until now have never received attention as an integral symbolic matrix of meaning      **Southern Literary Messenger**, 1835      The Broadview Anthology of Restoration and Early Eighteenth-Century Drama J. Harrison,2020-06-22 Paul s letter to the Romans has a long history in Christian dogmatic battles But how might the letter have been heard by an audience in Neronian Rome James R Harrison answers that question through a reader response approach grounded in deep investigations of the material and ideological culture of the city from Augustus to Nero Inscriptional archaeological monumental and numismatic evidence in addition to a breadth of literary material allows him to describe the ideological value system of the Julio Claudian world which would have shaped the perceptions and expectations of Paul s readers Throughout Harrison sets prominent Pauline themes his obligation to Greeks and barbarians newness of life and of creation against the power of death the body of Christ boasting in glory and God s purpose in and for Israel in startling juxtaposition with Roman ideological themes The result is a richer and more complex understanding of the letter s argument and its possible significance for contemporary readers     *Sixties British Pop, Outside In* Gordon Ross Thompson,2024 Itchycoo Park 1964 1970 the second volume of *Sixties British Pop Outside In* explores how London songwriters musicians and production crews navigated the era s cultural upheavals by reimagining the pop music envelope British songwriters musicians and production crews explored form sound and subject matter as western society grappled with racism sexism war revolution and migration in a postcolonial world As these creators and curators of popular culture combined interests in jazz folk blues Indian ragas and western classical music they created sophisticated hybrid forms that redefined pop music Based on extensive research and drawing on vintage and original interviews *Sixties British Pop Outside In* contextualizes the world of the Beatles through King Crimson in the frameworks of the postwar surge in births that created the Bulge Generation in the UK and Baby Boomers in America emergent technologies English behavior and the places and spaces in which people created and consumed pop music     **A Copious Greek-English Vocabulary** ,1850     *Sensibility and Female Poetic Tradition, 1780-1860* Dr Claire Knowles,2013-04-28 Arguing that the end of the eighteenth century witnessed the emergence of an important female poetic tradition Claire Knowles analyzes the poetry of several key women writing between 1780 and 1860 Knowles provides important context by demonstrating the influence of the Della Cruscan in exposing the constructed and performative nature of the trope of sensibility a revelation that was met with critical hostility by a literary culture that valorised sincerity This sets the stage for Charlotte Smith who pioneers an autobiographical approach to poetic production that places increased emphasis on the connection between the poet s physical body and her body of work Knowles shows the poets Susan Evance Letitia Elizabeth Landon and Elizabeth Barrett Browning advancing Smith s poetic strategy as they seek to elicit a powerful sympathetic response from readers by highlighting a connection between their actual suffering and the

production of poetry From this environment a specific tradition in female poetry arises that is identifiable in the work of twentieth century writers like Sylvia Plath and continues to pertain today Alongside this new understanding of poetic tradition Knowles provides an innovative account of the central role of women writers to an emergent late eighteenth century mass literary culture and traces a crucial discursive shift that takes place in poetic production during this period She argues that the movement away from the passionate discourse of sensibility in the late eighteenth century to the more contained rhetoric of sentimentality in the early nineteenth had an enormous effect not only on female poets but also on British literary culture as a whole     The Southern literary messenger ,1835     The Plays of Shakespeare William Shakespeare,1860
