

*My Eternal Flame,*

*As the sands of time flow, my love for  
you only grows, burning brighter with  
each passing moment. I've come to  
realize that love isn't just about the  
here and now. It's about every shared  
yesterday and every hoped-for  
tomorrow. With every tick of the clock,  
my love for you becomes a part of  
eternity, a testament to the power of  
two souls entwined in time.*

*Forever and always.*

*Love Letter to the Earth* Thich Nhat Hanh, 2013-06-17 World renowned Zen monk Thich Nhat Hanh champions a more mindful spiritual approach to protecting nature and limiting climate change one that recognizes people and planet as one and the same While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point He believes that we need to move beyond the concept of the environment as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them Here Thich Nhat Hanh points to the lack of meaning and connection in peoples lives as being the cause of our addiction to consumerism He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive Rejecting the conventional economic approach Thich Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change *Love Letter to the Earth* is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same **Love**

hymns to the physical beauty of her country evoking the grandeur of this land extending to the southernmost tip of the world At times they are intimate and melancholy exploring personal and familial history through miniature portraits that reveal the pain of being different Finally the tone becomes angry as she denounces the injustices committed against her friends and against the families of the disappeared during the seventeen year dictatorship of Augusto Pinochet Combining themes of memory childhood minority issues Judaism and political oppression this collection contains some of Agos n s strongest work Of Earth and Sea is a poetic autobiography that explores the world of Chile with eyes that see both despair and hope
