Questions on Natural Science and the Harmonic Philosophy John Emmett Richardson, 1913 **Women in the Chinese Enlightenment** Zheng Wang, 2023-11-15 Centering on five life stories by Chinese women activists born just after the turn of this century, this first history of Chinese May Fourth feminism disrupts the Chinese Communist Party's master narrative of Chinese women's liberation, reconfigures the history of the Chinese Enlightenment from a gender perspective, and addresses the question of how feminism engendered social change cross-culturally. In this multilayered book, the first-person narratives are complemented by a history of the discursive process and the author's sophisticated intertextual readings. Together, the parts form a fascinating historical portrait of how educated Chinese men and women actively deployed and appropriated ideologies from the West in their pursuit of national salvation and self-emancipation. As Wang demonstrates, feminism was embraced by men as instrumental to China's modernity and by women as pointing to a new way of life. The Poetics of Intimacy and the Problem of Sexual Abstinence Michael J. Hartwig, 2009 This bold work asks whether traditional Christian sexual morality, with its emphasis on sexual abstinence outside of heterosexual marriage, is harmful. Appealing to sociological studies, anthropological theories, and contemporary theological ethics, Hartwig develops a model of sexual virtue around the concept of a poetics of intimacy and applies this model to particular challenges faced by the divorced, married couples, gay men and lesbians, single adults, and people with mental and developmental disabilities. He concludes that mandated long-term and lifelong sexual abstinence for those outside heterosexual marriage is not only harmful but compromises many features of Christian morality. *New England Journal of Education*, 1912 *The Encyclopædia of Sexual Behaviour* Albert Ellis, Albert Abarbanel, 2013-09-24 The Encyclopedia of Sexual Behavior Volume 1 is a comprehensive review of the major aspects of the biology, physiology, and anatomy of sex.
