Love Of Worhers Bees A Great Love:

Love of Worker Bees Alexandra Kollontai, 2014-10-01 A rare graphic portrait of Russian life in 1917 immediately after the October Revolution The heroine struggles with her passion for her husband and the demands of the new world in which she Russian and West European Women, 1860D1939 Marcelline J. Hutton, 2001-08-14 This ambitious study provides a sweeping overview of the position of women in England France Germany and Russia USSR during a seminal period in world history Comparing Russian and European women's quest for respectability self realization justice and simple survival from 1860 1939 the book illustrates their struggles to realize their dreams and their resourcefulness in coping with often dreary hard even horrifying lives Deftly combining statistical data to underscore collective experiences and belles lettres to highlight the texture of individual women's lives the book assesses the significance of gender class nationality and religion Through vivid description this history conveys a comprehensive picture of women's social educational economic and political position in the late nineteenth and early twentieth century This richly researched work traces common patterns and unique experiences in women s lives showing how they defined themselves coped with daily life and confronted disaster with courage and resourcefulness Sex in Public Eric Naiman, 2019-01-15 Sex in Public examines the ideological poetics and the rhetoric of power in the Soviet Union during the 1920s a period of anxiety over the historical legitimacy of Soviet ideology and Bolshevik power Drawing on a wide range of soruces Party Congress transcripts the classics of early Soviet literature sex education pamphlets the cinema crime reports and early Soviet ventures into popular science the author seeks to explain the period's preoccupation with crime disease and especially sex Using strategies of reading developed by literary scholars he devotes special care to exploring the role of narrative in authoritative political texts. The book breaks new ground in its attention to the ideological importance of the female body during this important formative stage of Bolshevik rule Sex in Public provides a fundamentally new history of the New Economic Policy and offers important revisionist readings of many of the fundamental cultural products of the early Soviet period Perhaps most important it serves as a model for the sort of interdisciplinary work that is possible when historians take literary and ideology theory seriously and when ideology theorists seek to conform to the standards of documentary rigor traditionally demanded by historians It thus becomes a study that can be read as both positivistic and postmodern Eric Naiman is Associate Professor of Russian and Comparative Literature at the University of California Berkeley Originally published in 1997 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of

the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state Nuova: or.
