Love Remains The:

Love Remains Jeff Hood, 2016-12-06 *Love Remains* is a collection of Dr Hood's prophetic writings from 2014-2015. **A Love Remains Unsaid** Prakirti Behera, 2025-08-18 This is not just a book it's an echo of a heart that once loved in silence. Through pages steeped in raw emotion and quiet strength Prakirti Behera opens the door to a world where unspoken glances, imagined conversations and unanswered hopes breathe life. This collection speaks to anyone who has ever loved without being seen, capturing the bittersweet ache of unrequited affection with poetic grace. It doesn't ask for pity, it offers connection. In a world that rushes past soft feelings, this book lingers gently, deliberately. Each piece unfolds like a secret once held tightly in the chest, now released to the page with courage and beauty. The words don't just tell a story, they become a mirror for those still healing from the love that never loved them back. Let these pages remind you even unreturned love can return to you in the form of art. *Songs of Praise* Carolyn E. Jennings, 2024-11-04 The poems in *Songs of Praise* were written while sitting in the choir stand and listening to Rev Frank Calloway preach. Every Sunday he said something that inspired me and opened my mind to writing a poem. I started writing these poems in 1974 and didn't stop. In 1995 I decided I had enough poems for a book. I still added more poems to this collection and I'm still being inspired everyday to continue to write inspirational poetry. *The Book of Secrets* Osho, 2012-05-15 *The Book of Secrets* is a step by step guide to find the best meditation suitable for you. 112 methods of meditation are described and introduced here with helpful background information to give contemporary people a door to meditation. Reading this book not only will your outlook on life change but so will your life. If you want to know more about life and yourself, this is your book. Each chapter that focuses on describing specific meditation techniques is followed by a chapter of questions from those who were present during the talks. In most cases, their questions relate to the techniques given in the previous chapter. So as you start to experiment with a technique, it will be helpful to look into these chapters for some extra hint, some greater depth of understanding or response to a question that might have arisen for you in your experiments. *Psychological Commentaries on the Teaching of Gurdjieff and Ouspensky* Maurice Nicoll, 1996-08-01 When Maurice Nicholl was studying in Zurich, he met Jung and Ouspensky. He went on to study with Gurdjieff and from 1931 to his death in 1953, he began at Ouspensky's request a programme of work devoted to passing on the ideas he had received. Reissued in hard cover, these five unedited commentaries are taken from the weekly lectures and talks Nicoll gave to his students in England and which were recorded verbatim. The sixth volume is an index produced by the Gurdjieff Society, Washington DC. These differ from Nicholl's more polished works; they are more concerned with directly applying certain deep ideas to daily life. *Reading Pop: Approaches to Textual Analysis in Popular Music* Richard Middleton, 2000-06-08 *Reading Pop* collects together key essays on the interpretation of pop songs previously published in the journal *Popular Music*. In sixteen varied studies by many of the best known scholars, all the most influential approaches are represented.
