THE ILLUSION OF CHANGE Adrian Gabriel Dumitru, The real change will come only when you will accept it inside your soul There are so many books about change or success that you will not have enough time to read them during this life time Sometimes looking for a huge success that could complete our lives the change is just part of the script And success indeed can't come without the change But what is the change Can you do it by yourself or you just need special help from different people Or maybe the real change can come only from inside of us and the only real help as it to happen is to accept it not only want it Accept it as part of your life Imagine that many years ago you had been poor but you dreamed to be rich And one day you become rich But the funny question is do you accept the fact that you became rich There are so many people that they were poor and then they became millionaires but soon after they lost everything again So they

re became poor again They did not accepted the change Could not integrate it in their life When change comes in small steps is much easier to accept it as part of our new life When change comes suddenly we need to change our thinking right away and dare to see the whole scene of life in different colors On the paths trough life we get lost We lose all our dreams one by another and we also lose ourselves also One day the idea of change looks illusory and we wonder why we can t understand the fact that we are never happy anymore For a beautiful life no matter if you are 20 30 40 50 or even 60 or 70 you just need a plan the plan for the change But the change needs to be a positive one and not a collection of silly desires And if your life is miserable today small changes will make almost no difference at all The change needs to be a process of dreaming big no matter what happens in your actual life But you need to visualize and accept the future cause the real change means the break up from your past You will lose yourself into this process and become a new you but if you really want a new you you will accept it *From My Heart to Yours* Katherine R. Benson,2010-05 These poems of love and inspiration came from times of joy and sorrow but through all of those times whether good or bad I had my Lord and Saviour Jesus Christ by my side His loving kindness and grace has guided me to a place of peace My only hope is that these few words will also help inspire someone else when things sometimes feel unbearable Sincerely Katherine R Benson *Italo Calvino* Tommasina Gabriele,1994 She uncovers the apparent contradiction that while Calvino repeatedly advocated throughout his career of forty plus years a precise language this call for precision did not extend to erotic subject matter where Calvino sometimes felt that direct representation was virtually impossible Gabriele finds that in Calvino the challenge of erotic representation is linked to the complexity of the writer s role especially as articulated in Calvino s famous article Cibernetica e fantasmi

Thalia Delighting in Song Emmet I. Robbins, 2013-06-17 Emmet I. Robbins earned an international reputation as a scholar of ancient Greek poetry, possessing a broad cultural background and a command of many languages that allowed him to present sensitive and informed readings of poets from Homer to the tragedians. *Thalia Delighting in Song* assembles for the first time his work from 1975 through 1999, reflecting his close reading of the Greek texts and his firm grasp of their literary, historical, and mythological contexts. Among the essays included in this volume are important reflections on the poetry of Homer, Alcman, Sappho, Pindar, and Aeschylus. Also featured are Robbins' writings that situate Greek texts in their wider contexts, comparing Greek poetry and modern opera, for example, or assessing the enduring influence of myth in the Indo-European traditions, accounting for links between Greek literature and the poetry sagas and songs of several other cultures. *Thalia Delighting in Song* ensures that the next generation of Classicists will continue to benefit from the insights of one of the foremost scholars in the field.
