Richard Wagner and the Centrality of Love Barry Emslie, 2010 This is a bold book which argues that Wagner's music dramas cannot be understood if treated separately from his essays his life the intellectual and artistic climate of his day and the broader history of Germany Wagner attempts a range of reconciliations that are radical in content and form and appear to succeed partly because he is in well nigh complete command of the aesthetic product not only text and music but also production practice Nonetheless all the reconciliations ultimately break down but in a manner that is illuminating This is not a celebration of the seamless work of art but a radical unpicking of the seemingly seamless Love is the central organising concept of the whole Wagnerian project Love sexual and spiritual egotistical and charitable love of the individual and of the race is the key Wagnerian driving force And therefore so

is hate Of course Wagner cannot employ love without its opposite and it is critically significant that his anti semitism is based upon his view that the Jews are loveless The book handles Wagner s anti semitism and the ongoing row about it in a unique way in that it is shown to be aesthetically and intellectually productive for him This leads to a radical reinterpretation of Wagner s music dramas *Military Chaplains' Review* ,1981 Basic Types of Pastoral Care & Counseling Howard Clinebell,2011-08-01 Basic Types of Pastoral Care and Counseling remains the standard in pastoral care and counseling This third edition is enlarged and revised with updated resources methods exercises and illustrations from actual counseling sessions This book will help readers be sensitive to cultural diversity ethical issues and power dynamics as they practice holistic growth oriented pastoral care and counseling in the parish *New York Magazine* ,1993-05-31 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *New York Magazine* ,1976-04-26 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea New York Magazine ,1993-07-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Stemmer,2016-10-28 Wayne is kidnapped by the gang that can almost shoot straight It was planned to be an easy in and out It wasnt Three teams are on tap for saving him the police with the FBI in charge Johns security people who dont trust the lead FBI guy and Johns friend from the mafia in Las Vegas Its a race to see who gets there first Then backstabbing by network suits causes the cancellation of a top rated series New Orleans Blues and a failing designer clothing line is saved at the last minute by an X rated fashion show in Frankfurt John gets his MD and interns at County General Johns company owned mine in Africa is nationalized A team is sent to blow up the mine In retaliation the president sends a hit man after John at the hospital John tells Ira Corn to finish it Ira contacts the Chameleon for the hit John delays marriage to Gloria by joining the army for his residency Sure enough hes challenged again But hes lined up a smart army lawyer to take care of it Against the strong advice of family and his personal security he volunteers as an army surgeon for the war in El Salvador Hes in a MASH unit starts a new band has an active love life with the nurses and slowly comes apart emotionally from treating maimed and dying young soldiers He goes out on a routine scouting patrol that is virtually wiped out and returns to the jungle to save a team member being tortured by the enemy Hes well trained for combat even though the army doesnt know it John returns to the States recuperates from the bullet wound and plays for one year in professional football for the Raiders Then he retires So he thinks *Traces of Transcendence* Duncan S. Ferguson,2022-04-07 The author Duncan Ferguson draws upon his years as chaplain and professor in university settings where seeking answers to hard and perplexing questions are the order of the day One that continually surfaces is whether there is any evidence of divine transcendence in the natural world in history or in the human experience Is there a God who might provide universal values guidance to those seeking solutions to the overwhelming problems we face and a measure of inner peace for troubled souls This question is considered one of the most difficult to answer in a definitive way and in a university setting it is often answered by a clear no or simple neglect in that the question is not generally viewed as within the domain of the goals of the university Dr Ferguson believes that it is and that it should be explored by our best minds in our universities and indeed the best minds in the world by those with game changing power and by committed and compassionate seekers It is especially not the exclusive domain of cultic preachers He explores what might be interpreted as evidence of a divine Transcendence looking within the natural

Disciplining Germany Jaimey Fisher, 2007-06-20 A look at how the discussions debates and controversies in Germany about youth and reeducation after World War II helped Germans come to terms with their Nazi past negotiate Allied occupation and construct postwar German identity During Hitler's reign the Nazis deliberately developed and exploited a youthful image and used youth to define their political and social hierarchies After the war with Hitler gone but still requiring cultural exorcism many intellectuals authors and filmmakers turned to these images of youth to navigate and negotiate the most difficult questions of Germany's recent nefarious past Focusing on youth education and crime allowed postwar Germans to claim one last realm of sovereignty against the Allies own emphatic project of reeducation Youth reeducation and reconstruction became important sites for the occupied to confront not only the recent past but to negotiate the present occupation and ultimately direct the future of the German nation Disciplining Germany analyzes a variety of media including literature news media intellectual history and films in order to argue that youth and education played a central role in Germany's coming to terms with the Nazi past Although there has been a recently renewed interest in Germany's coming to terms with the past this attention has largely ignored the role of youth and reeducation This lacuna is particularly perplexing given that the Allies reeducation project became in many ways a cipher for the occupational project as a whole Disciplining Germany opens up the discussion and points toward more general conclusions not only about youth and education as sites for wider socio political and cultural debates but also about the complexities of occupation and the intertwining of different national cultures In this investigation the study attends to both high and low cultural text to specialized versus popular texts to examine how youth was mobilized across the generic spectrum With these interdisciplinary approaches and timely interventions Disciplining Germany will find a diverse readership including upper division and graduate courses in German studies and German history as well as those general readers interested in Nazi Germany cultural history film and literary
