Individuality and Ideology in British Object Relations Theory Gal Gerson, 2021-05-09 Following the work of prominent object relations theorists such as Fairbairn Suttie and Winnicott Gal Gerson explores the correlation between analytical theory and intellectual environment in two ways He notes the impact that the British object relations school had on both psychology and wider culture and suggests that the school's outlook involved more than a clinical choice Gerson first interprets the object relations model as a political theory that completes a certain internal development within liberalism He later outlines the relationship between the analytical theory and the historical setting in which it formed and took root By engaging with these questions Gerson demonstrates the deeper structure and implications of object relation theory for social philosophy This allows him to answer questions such as What kind of social arrangements do we endorse when we accept object relations theory as a fair description of mind What beliefs about power individuality and household structure do we take in What do we give up when doing so and lastly What does it say about contemporary advanced societies that they have taken in much of the theory's content Proposing a novel rethinking of human nature Individuality and Ideology in British Object Relations Theory provides much needed insight into how this school of psychoanalytic theory has impacted contemporary social and political life

The Creation of Faith Juan Mascaró, 1999 From the great translator of the Bhagawad Gita Penguin an intensely personal work leading to Faith and understanding of the human condition

NatureScope Alan Rayner, 2012-01-27 For thousands of years we have tried to study interpret and teach ourselves ABOUT Nature from our own point of view through the lenses of our telescopes microscopes and binocular eyesight directed outwards We see a rigidly framed objective picture out there that does not include our selves yet upon which we project our own image and psychology This one way view has brought us into profound conflict with our natural origins and one another NatureScope evokes a different view FROM Nature which brings human beings and the world into empathic mutual relationship It assists us in enquiring imaginatively and creatively into how to turn the narrowed down objective worldview around and see our selves and our world through nature's fluid lens of mutual inclusion People who have experienced this view of natural inclusion have found it a source of profound inspiration

Preaching Liberation James H. Harris, For all preachers who take seriously the church's role as a catalyst of social and spiritual transformation James Harris advocates the salient features of liberation preaching especially as exemplified in black church settings

The Anti-Wave : Secret Story of Modi's 2019 Defeat Amaresh Misra, 2019-04-08 Online Gatha publication brings to you The Anti Wave Secret Story of

Modi's 2019 Defeat by Amaresh Misra an acute researcher and investigator The book analyzes the gimmicks behind the elections in India in an objective and systematic manner The book attempts to decode the complex electoral politics and electorate behavior in the light of India's ever changing socio political atmosphere the Pulwama attack and the Rafale scam The book presents the behind the scene violent altercation and political gimmicks between different political parties that characterize India's election atmosphere and the effect it has on voters behavior and turnout Indeed the book is a must read for all those who want to understand the reason behind the rise and fall of Narendra Modi and results of 2019 elections prematurely The book can be accessed on Online Gatha

An Art of Spiritual Warfare Grant Schnarr,2014-01-23 Nowadays people search Sun Tsu's ancient war manual for business strategies Going deeper Grant Schnarr finds how to defeat our true enemy our own negativity Read by rock stars and military generals here are brilliant tactics for enlisting higher powers outwitting self destruction and championing integrity and love

Spiritual Evolution George Vaillant,2008-05-20 In our current era of holy terror passionate faith has come to seem like a present danger Writers such as Richard Dawkins Sam Harris and Christopher Hitchens have been happy to throw the baby out with the bathwater and declare that the danger is in religion itself God Hitchens writes is not great But man according to George E Vaillant M D

is great In *Spiritual Evolution* Dr Vaillant lays out a brilliant defense not of organized religion but of man's inherent spirituality Our spirituality he shows resides in our uniquely human brain design and in our innate capacity for emotions like love hope joy forgiveness and compassion which are selected for by evolution and located in a different part of the brain than dogmatic religious belief Evolution has made us spiritual creatures over time he argues and we are destined to become even more so *Spiritual Evolution* makes the scientific case for spirituality as a positive force in human evolution and he predicts for our species an even more loving future Vaillant traces this positive force in three different kinds of evolution the natural selection of genes over millennia of course but also the cultural evolution within recorded history of ideas about the value of human life and the development of spirituality within the lifetime of each individual For thirty five years Dr Vaillant directed Harvard's famous longitudinal study of adult development which has followed hundreds of men over seven decades of life The study has yielded important insights into human spirituality and Dr Vaillant has drawn on these and on a range of psychological research behavioral studies and neuroscience and on history anecdote and quotation to produce a book that is at once a work of scientific argument and a lyrical meditation on what it means to be human *Spiritual Evolution* is a life's work and it will restore our belief in faith as an essential human striving **Mom** Rebecca Jo Plant, 2010-03-15 In the early twentieth century Americans often waxed lyrical about Mother Love signaling a conception of motherhood as an all encompassing identity rooted in self sacrifice and infused with social and political meaning By the 1940s the idealization of motherhood had waned and the nation's mothers found themselves blamed for a host of societal and psychological ills In *Mom* Rebecca Jo Plant traces this important shift by exploring the evolution of maternalist politics changing perceptions of the mother child bond and the rise of new approaches to childbirth pain and suffering Plant argues that the assault on sentimental motherhood came from numerous quarters Male critics who railed against female moral authority psychological experts who hoped to expand their influence and women who strove to be more than wives and mothers all for their own distinct reasons sought to discredit the longstanding maternal ideal By showing how motherhood ultimately came to be redefined as a more private and partial component of female identity Plant illuminates a major reorientation in American civic social and familial life that still reverberates today **My Religion** M. K. Gandhi, 2025-03-31 *My Religion* by M K Gandhi is an insightful exploration of the spiritual beliefs and philosophies that guided one of the world's most profound figures in pursuit of truth and justice In this thoughtful piece Gandhi shares reflections on his personal faith drawing from a rich tapestry of religious traditions including Hinduism Christianity Islam and Jainism The essence of this work is not merely a recounting of religious doctrine but rather an invitation to understand the universal principles that bind humanity together in a quest for deeper meaning harmony and peace Gandhi articulates the importance of embracing spirituality as a way to cultivate moral character and lead a life rooted in righteousness He emphasizes that true religion transcends mere rituals and beliefs advocating instead for a practice of love compassion and service to others Through his own experiences he

illustrates how a deep seated commitment to faith can empower individuals to stand up against injustice promoting the greater good and fostering social cohesion In this compelling work Gandhi addresses the complexities of faith in a diverse world acknowledging the differences among religions while celebrating their shared ideals He encourages readers to engage in interfaith dialogue urging that these conversations can nurture understanding and break down barriers that divide societies His reflections underscore that the essence of religion is found in its ability to inspire love humility and a spirit of coexistence The text also underlines Gandhi s belief in the transformative power of spiritual practices including prayer meditation and self discipline as tools for personal growth and enlightenment He speaks to the necessity of aligning one s actions with their spiritual beliefs suggesting that ethical conduct is paramount in realizing one s spiritual aspirations Through practical examples he demonstrates that a life guided by principles of truth and non violence can lead to profound personal and social transformation My Religion encapsulates Gandhi s journey toward self discovery and understanding illustrating how spirituality can guide individuals to live authentically and purposefully It serves as an inspiring reminder that regardless of religious affiliation the pursuit of truth and justice is a fundamental aspect of the human experience Gandhi s insights resonate with readers today providing a roadmap to navigate the complexities of faith in an increasingly interconnected world This work is not only a celebration of his spiritual beliefs but also a timeless call for unity compassion and respect among all humanity Readers from diverse backgrounds will find value in Gandhi s exploration of religion as a force for good making this book an essential addition to anyone s collection The Ernest Holmes Papers Ernest

Holmes,George P. Bendall,2014-05-27 A one of a kind collection of rare writings from one of the world s foremost spiritual leaders and thinkers For the first time the three hard to get volumes known as The Ernest Holmes Papers will be published in one volume Transcripts of talks that Ernest Holmes gave over his career The Ernest Holmes Papers contains Holmes s wisdom on prayer life prosperity and God Used by thousands of spiritual students around the world in previous editions this first ever omnibus edition will contain a new introduction from Dr Kenn Gordon spiritual leader of the Centers for Spiritual Living The three volumes that are being included in this one volume are The Philosophy of Ernest Holmes Anatomy of Healing Prayer and Ideas of Power **The Wisdom of the Covenants and Their Relevance to Our Times** John

Watt,2019-01-05 This book began as an introduction to the Bible for educated people unfamiliar with it As public ethics in the United States began to fray it changed into focusing on the key values in biblical literature and the costs of disregarding them Biblical values were organized into systems known as covenants or testaments between human beings and the god Yahweh The covenants developed by Moses and Jesus are the most important covenants in the Bible They are not the only ones but it is these two covenants that go most deeply into our survival or failure as individuals and as a species The last third of the book analyzes various aspects of public life today in the light of covenantal teaching and suggests ways to strengthen commitment to them The author s goal is to get this book into the hands of people who share his concerns and

who would like to revive the influence of public ethics *The Elements of Rhetoric* James De Mille, 2024-04-26 Reprint of the original first published in 1882 **The Complete Works of C. H. Spurgeon, Volume 26** Spurgeon, Charles H., Volume 26 Sermons 1511 1574 Charles Spurgeon 19 June 1834 31 January 1892 is one of the church's most famous preachers and Christianity's foremost prolific writers. Called the Prince of Preachers, he was one of England's most notable ministers for most of the second half of the nineteenth century and he still remains highly influential among Christians of different denominations today. His sermons have spread all over the world and his many printed works have been cherished classics for decades. In his lifetime Spurgeon preached to more than 10 million people, often up to ten times each week. He was the pastor of the congregation of the New Park Street Chapel, later the Metropolitan Tabernacle in London, for 38 years. He was an inexhaustible author of various kinds of works, including sermons, commentaries, an autobiography, as well as books on prayer, devotionals, magazines, poetry, hymns, and more. Spurgeon was known to produce powerful sermons of penetrating thought and divine inspiration, and his oratory and writing skills held his audiences spellbound. Many Christians have discovered Spurgeon's messages to be among the best in Christian literature. Edward Walford wrote in *Old and New London* Volume 6, 1878, quoting an article from the *Times* regarding one of Spurgeon's meetings at Surrey Fancy, a congregation consisting of 10,000 souls streaming into the hall, mounting the galleries, humming, buzzing, and swarming, a mighty hive of bees eager to secure at first the best places and at last any place at all. After waiting more than half an hour for if you wish to have a seat, you must be there at least that space of time in advance. Mr Spurgeon ascended his tribune. To the hum and rush and trampling of men succeeded a low, concentrated thrill and murmur of devotion which seemed to run at once like an electric current through the breast of every one present, and by this magnetic chain the preacher held us fast bound for about two hours. It is not my purpose to give a summary of his discourse. It is enough to say of his voice that its power and volume are sufficient to reach every one in that vast assembly; of his language that it is neither high-flown nor homely; of his style that it is at times familiar, at times declamatory, but always happy and often eloquent; of his doctrine that neither the Calvinist nor the Baptist appears in the forefront of the battle which is waged by Mr Spurgeon with relentless animosity and with Gospel weapons against irreligion, cant, hypocrisy, pride, and those secret, bosom sins which so easily beset a man in daily life; and to sum up all in a word, it is enough to say of the man himself that he impresses you with a perfect conviction of his sincerity. More than a hundred years after his death, Charles Spurgeon's legacy continues to effectively inspire the church around the world. For this reason, Delmarva Publications has chosen to publish the complete works of Charles Spurgeon.

Unveiling the Magic of Words: A Review of "**Love Against Hate**"
