Love And The Soul:

How to Love from the Soul Margaret Clark, 2023-02-15 The encouragement behind this book is to inspire everyone to try and understand your mate significant other and even a family member Sometimes we may feel that our feelings can be overwhelming if we do not feel the love we are seeking from that special person in return Feeling unloved can lead to malicious intent toward others and cause trust issues with someone who really loves you so it's best to always talk out your feelings and express them deeply from within your soul from the beginning This book *How to Love from the Soul* is a special guide for the young generation as well as the older and mature generations These days and times we're all trying to work and provide for our families and household but we can get pulled apart just from the stresses of work school and so forth We have to remember how to love from the soul on any journey that we take on to succeed in life as adults Believe in yourself and you'll make others want to follow your path and have a passion to win instead of feeling like they failed If something hasn't progressed as you thought it would do not lose confidence in yourself or be discouraged I'm speaking about loving from the soul because I've experienced this all too well in my life When loving from the soul that love comes from deep down in your body mind and spirit Prayer and a relationship with God also teach a person the sole meaning of loving from the soul Sometimes go to your mate and hug and kiss them to assure them that they're appreciated for their accomplishments Always show your true love no matter the circumstances and issues you may be experiencing Love is a special bond and does not stop at any age

The Zimdancehall Revolution Tanaka Chidora, Doreen Rumbidzai Tivenga, Ezra Chitando, 2023-11-07 Zimdancehall is a musical movement in Zimbabwe that has grown significantly since 2010 The Zimdancehall Revolution brings together critical essays on various aspects of Zimdancehall culture by scholars from diverse disciplines Traditionally music critics and senior academics have not taken Zimdancehall seriously regarding it as vulgar transient bubble gum lacking depth and in short a fad There were also allegations that the lyrics influenced factionalism incited violence and glorified drug use and unbridled promiscuity among the youth This book affords this movement the protracted intellectual engagement that it deserves and argues that Zimdancehall is more than just a musical genre but an everyday culture a way of life The genre's close association with the ghetto is telling and enables critics to look at it as a social movement a revolution or a raw petulant and raging disturbance of peace by those who live their lives on the margins It is thus a violent irruption onto the public space by marginalised young people whose presence as artistes creating art from the margins simultaneously as victims and agents circulating in a geography that escapes the limits of nationalist ideological and physical territory in a way subverts communitarian prescriptions and allows young people entry into the world albeit in a painful tumultuous and violent way The essays range from the mapping of the genre's historical development to theoretical interventions in understanding the genre and its relationship with various aspects of the Zimbabwean society like politics gender religion language dance cultural values and other genres
