## Love Germ A Novel:

**The Love Germ** Jill Neville,1969      *Reconsidering the Emergence of the Gay Novel in English and German* James P. Wilper,2016-02-15 In *Reconsidering the Emergence of the Gay Novel in English and German* James P Wilper examines a key moment in the development of the modern gay novel by analyzing four novels by German British and American writers Wilper studies how the texts are influenced by and respond and react to four schools of thought regarding male homosexuality in the late nineteenth and early twentieth centuries The first is legal codes criminalizing sex acts between men and the religious doctrine that informs them The second is the ancient Greek erotic philosophy in which a revival of interest took place in the late nineteenth century The third is sexual science or sexology which offered various medical and psychological explanations for same sex desire and was employed variously to defend as well as to attempt to cure this perversion And fourth in the wake of the scandal caused by his trials and conviction for gross indecency Oscar Wilde became associated with a homosexual stereotype based on unmanly behavior Wilper analyzes the four novels Thomas Mann's *Death in Venice* E M Forster's *Maurice* Edward Prime Stevenson's *Imre A Memorandum* and John Henry Mackay's *The Hustler* in relation to these schools of thought and focuses on the exchange and cross cultural influence between linguistic and cultural contexts on the subject of love and desire between men      *The Love-germ* Jill Neville,1969 Roman      **German novels:** Tieck, J. **The German Novel, 1939-1944** H. Boeschstein,1949-12-15 This book begins the large task of sorting out the vast number of German literary works which the war has piled up before us The author has culled over four hundred novels and critical works and by indicating the numbers and content of the more significant novels and some of their stylistic characteristics he has shortened the task of future research If this investigation provides a fair indication it appears that the widely held conviction that German publishers brought out nothing but trash during the war years is mistaken By now students of literature should be in a sufficiently intelligent and tolerant mood to accept some detailed evidence and to begin to scrutinize it objectively The present study is intended as a step in that direction
