Welton, 2008-12-18 *Erotic Wisdom* provides a careful reading of one of Plato's most beloved dialogues the *Symposium* which explores the nature and scope of human desire er's Gary Alan Scott and William A Welton engage all of the dialogue's major themes devoting special attention to illuminating Plato's conception of philosophy In the *Symposium* Plato situates philosophy in an intermediate metaxu position between need and resource ignorance and knowledge showing how the very lack of what one desires can become a guiding form of contact with the objects of human desire The authors examine the concept of intermediacy in relation both to Platonic metaphysics and to Plato's moral psychology arguing that philosophy for Plato is properly understood as a kind of being in between as the love of wisdom philosophia rather than the possession of it

Koefoed,Christopher B. Brown,Günter Frank,Bruce Gordon,Barbara Mahlmann-Bauer,Tarald Rasmussen,Violet Soen,Zsombor Tóth,Günther Wassilowsky,Siegrid Westphal,2018-06-11 From different perspectives this book studies the role of Reformation theology in the shaping of Danish society and the social dimensions of Lutheran confessional culture The book develops an approach making it possible to draw strong conclusion about the social teaching of Luther and its impact on the development of the Danish society It works on a conceptual level by analyzing the social dimensions of key Lutheran concepts and their translation into the doctrine of the three estates church household and state and on the level of lived experience of life within these three orders not at least within the household forming the ideal form also for church and state Thus the chapters in the book endeavor to connect the social ideas inherent in the Lutheran confession with the social formation of the Danish state from the Reformation into the period of Absolutism A long mono confessional situation within the Danish Monarchy makes it possible to study the impact of Lutheranism and the development of a confessional culture within a uniquely long timeframe The focus is on basic mediums for the translation of Lutheran ideas into social practice law primarily connected to marriage and family and the role of household both as primary social relations and as basic social and political model In this way the book offers important insights for theologians
