Love In Roman Poetry:

The Arts of Love Duncan F. Kennedy, 1993 The five chapters that make up this short book examine the love elegies of the Roman poets Tibullus Propertius and Ovid from the point of view of the way the meanings attributed to the poems arise out of the interests and preoccupations of the cultural situation in which they are read Each study is centred around a reading of a poem or poems together with a discussion of a variety of sophisticated theoretical approaches drawn from modern scholars and theorists such as Paul Veyne Roland Barthes and Michel Foucault In each case the modes of analysis involved are pressed hard to see where they may lead and equally where they may show signs of strain All Latin texts and terms are translated or closely paraphrased

The Roman Poetry of Love Efronini Spentzou, 2013-10-24 The Roman Poetry of Love explores the formation of a key literary genre in a troubled historical and political setting The short lived genre of Latin love elegy produced spectacular multi faceted and often difficult poetry Its proponents Catullus Tibullus Propertius and Ovid remain to this day some of the most influential poetic voices of Western civilisation This accessible introduction combines aesthetic analysis with socio political context to provide a concise but comprehensive portrait of the Roman elegy its main participants and its cultural and political milieu Focusing on a series of specific poems the title portrays the development of the genre in the context of the Emperor Augustus ascent to power following recognizable threads through the texts to build an understanding of the relationship between this poetry and the increasingly totalising regime Highlighting and examining the intense affectation of love in these poems The Roman Poetry of Love explores the works not simply as an expression of a troubled male psychology but also as a reflection of the overwhelming changes that swept through Rome and Italy in the transition from the late Republic to the Augustan Age

Latin Love Poetry Denise Eileen McCoskey,Zara Martirosova Torlone,2013-12-17 I hate and I love The Roman poet Catullus expressed the disorienting experience of being in love in a stark contradiction that has resonated across the centuries While his description might seem to modern readers natural and spontaneous it is actually a response planned with great care and artistry It is that artistry and the way in which Roman love poetry works that this book explores Focusing on Catullus and on the later genre of elegy so called for its metre and a form of poetry practiced by Tibullus Propertius and Ovid Denise Eileen McCoskey and Zara Martirosova Torlone discuss the devices used by the major Roman love poets as well as the literary and historical contexts that helped shape their work Setting poets and their writings especially against the turbulent backdrop of the Augustan Age 31 BCE 14 CE the book examines the origins of Latin elegy highlights the poets key themes and traces their reception by later writers and readers

Early Modern Latin Love Poetry Paul White, 2023-03-27 This volume sheds new light on the extraordinary richness and variety of love poetry written in Latin from the fifteenth to the eighteenth century It shows how Latin love poets reworked classical Roman and Greek models and engaged in dialogue with mediaeval and contemporary vernacular traditions of poetry They used the poetic language of love in Latin to reflect and comment on wider social ethical and literary issues and reconfigured its codes of representation in response to changing conceptions of love in the philosophical and religious spheres Their poetry often aligned itself with dominant discourses of power and gender but it could also be subtly subversive or even openly transgressive

Propertius: A Hellenistic Poet on Love and Death Theodore D. Papanghelis, 1987-05-28 The bond between love and death has long been recognised as a defining characteristic of the elegies of Propertius but scholars have rarely clarified how or to what degree Propertius differed from other love poets in associating these themes In this book Dr Papanghelis traces the radical way in which Propertius dealt with amorous and

morbid fantasies in his poems He argues that the modes of erotic expression used in the elegies are fundamentally unconventional to the point that the definitions of love and death are interdependent This book offers a detailed reading of some of the most stimulating and problematic of Propertius elegies offering fresh insight on the question of the poet's sensuous temperament and the significance of the love death relationship in his works Maurice Scève Poet of Love Dorothy Gabe Coleman, 2010-06-24 A study of Maurice Scève's sequence of love poems the *Delie* the first French canzoniere There are two main themes Scève's rendering of the intensity and complexity of the human experience of love and secondly his exploitation of the European tradition of love poetry Dr Coleman tackles broad issues concerning appreciation of poetry and more particularly difficult poetry Comparing individual poems by Horace Scève and Mallarmé she pinpoints the task of a serious reader to experience sensitively and intellectually human emotions couched in artistic form The book does not offer doctrines about Scève's love instead it looks at the contextual linguistic formulae which create love within the poems themselves the allusiveness the intellectual rigour the tautness the juxtaposition of words combine with the voluptuousness and simplicity of the images rhythm and sound to make out of the poems a timeless and intensely personal experience

Apollonius' Argonautica M.M. DeForest, 2018-07-17 The *Argonautica* was said to have been the source of a quarrel between Apollonius who wrote what looks like an epic poem and Callimachus who denounced the writing of epic poetry Although the quarrel did not take place in the real world its issue controls the poem The heroes are determined to take part in a Homeric epic which the Callimachean narrator refuses to write Drawing on the methods of modern literary theorists but eschewing the jargon DeForest shows how Apollonius uses the literary dispute in Alexandria to give a three dimensional quality to his poem The amusing conflict between heroes and narrator turns serious when the levels of narrative split apart and Medea steps into the gap as a free standing figure the forerunner of powerful women in fiction Life, Love and Death in Latin Poetry Stavros Frangoulidis, Stephen J. Harrison, 2018-03-19 Inspired by Theodore Papanghelis Propertius A Hellenistic Poet on Love and Death 1987 this collective volume brings together seventeen contributions written by an international team of experts exploring the different ways in which Latin authors and some of their modern readers created narratives of life love and death Taken together the papers offer stimulating readings of Latin texts over many centuries examined in a variety of genres and from various perspectives poetics and authorial self fashioning intertextuality fiction and reality gender and queer studies narratological readings temporality and aesthetics genre and meta genre structures of the narrative and transgression of boundaries on the ideological and the formalistic level reception meta dramatic and feminist accounts the female voice Overall the articles offer rich insights into the handling and development of these narratives from Classical Greece through Rome up to modern English poetry Latin Erotic Elegy and the Shaping of Sixteenth-Century English Love Poetry Linda Grant, 2019-08-29 Interdisciplinary in approach and methodologically sophisticated this book explores the dynamic reception of Latin erotic elegy in Renaissance love poetry French epic poetry in the sixteenth

century Michio Peter Hagiwara,2018-12-03 No detailed description available for French epic poetry in the sixteenth century
