*Sex and Love in Porfirian Mexico City* Michael Matthews, 2025-05-06 Exploring the sexual lives of the poor and working class in turn of the century Mexico This social history explores the romantic and sexual lives of the poor and working class in Mexico City during the rule of dictator Porfirio D az from 1876 to 1911 By analyzing sexually based crime cases and stories in the penny press Michael Matthews sheds light on everyday struggles joys and desires Matthews

argues that lower class individuals had more liberated sexual lives than their wealthier counterparts influenced by the city's growth and cultural changes. In this book, Matthews examines how Mexico City's expanding infrastructure, increasing factory work, and new leisure and entertainment activities shaped courtship and sexual practices. He delves into the world of tenement buildings and street life to reconstruct days defined by love and desire, romance and rape, seduction and sex work, and promises kept and broken. Matthews connects the sexual culture of the poor to the changes taking place as the Mexican state modernized and underwent tremendous capitalist growth and development. *Sex and Love in Porfirian Mexico City* provides insights into how social and economic developments shaped cultural norms surrounding honor, marriage, morality, and parental authority during this period. It will spur new reflections on the possible influence of lower class culture on modern day romance and sexual values. **The Hostile City of Love and Antibodies of Hate** Ipek Demirsu, 2024-06-11

Demirsu offers an engaging comparative analysis of antagonistic social actors co-existing in Verona, a mid-sized city in northeast Italy renowned as the fortress of the far right. This rich multidimensional analysis explores the intersection of space, identity, and social movements by delving into the evolution of competing actors and their contending positions on identity and belonging as manifested through urban spaces. While the city and its touristic heritage are promoted for a transnational identitarian network, the protracted struggles of grassroots actors demonstrate democratic potentials for the bottom-up realization of inclusive and pluralist possibilities in hostile settings. The book traces the ways in which collective identity and collective action of social actors are shaped by their relationship to the space in which they operate, with ramifications for places beyond. **Rayne Check (A Love in Mission City Short Story)** Gabbi Grey, 2025-01-20
