setting or specialty     For Love of Lakes Darby Nelson, 2012-01-01 America has more than 130 000 lakes of significant size. Ninety percent of all Americans live within fifty miles of a lake and our 1.8 billion trips to watery places make them our top vacation choice. Yet despite this striking popularity, more than 45 percent of surveyed lakes and 80 percent of urban lakes do not meet water quality standards. For Love of Lakes weaves a delightful tapestry of history, science, emotion, and poetry for all who love lakes or enjoy nature writing. For Love of Lakes is an affectionate account documenting our species' long relationship with lakes, their glacial origins, Thoreau and his environmental message, and the major perceptual shifts and advances in our understanding of lake ecology. This is a necessary and thoughtful book that addresses the stewardship void while providing improved understanding of our most treasured natural feature.     The Love Lives of Birds Laura Erickson, 2020-10-27 From the lifelong devotion of the American crow to the dalliances of the eastern bluebird from the bald eagle's dazzling aerial display to the male ruby-throated hummingbird's reputation as a deadbeat dad, courtship, mating, and parenting differ dramatically among birds. Ornithologist and author Laura Erickson takes readers on a romance-fueled romp through the love lives of 35 species, exploring the diversity of avian approaches to pairing up. Each species spotlight pairs Erickson's remarkable depth of scientific knowledge with her talent for drawing humorous and insightful parallels between human and bird. The result is a riveting read for bird watchers and nature lovers alike.     Hollow Tree Nabigon Herb, 2006-08-08 Before discovering native healing methods, Herb Nabigon could not imagine a life without alcohol. His powerful autobiography The Hollow Tree tells the story of his struggle to overcome addiction with the help of the spiritual teachings and brotherly love of his elders. Nabigon had spent much of his life wrestling with self-destructive impulses, feelings of inferiority, and resentment, and alcohol abuse when Eddie Bellerose, an Elder, introduced him to the ancient Cree teachings. With the help of healing methods drawn from the Four Sacred Directions, the refuge and revitalization offered by the sweat lodge, and native cultural practices such as the use of the pipe, Nabigon was able to find sobriety. The Hollow Tree is one person's testament to the power of indigenous culture to heal. Herb Nabigon's healing journey guided him to a life of kindness, honesty, courage, and humility.     Loons of New Hampshire Glenn A. Knoblock, 2024-05-13 Noted for its stunning plumage and haunting cries, the common loon is an iconic symbol of nature in the Granite State. Once a familiar sight on local ponds and lakes by the early twentieth century, their numbers had dwindled due to human activity. By the 1970s, less than two hundred remained. It was only with the formation of the Loon Preservation Committee in 1975 by pioneer conservationist Rawson Wood that the plight of loons in New Hampshire changed for the better. Author Glenn Knoblock, in collaboration with leading experts from the organization, reveals the sometimes mysterious nature of this beloved bird, its presence throughout the state's history, the threats it faces today, and the extensive efforts to recover the population. The Loon Preservation Committee is the only organization in New Hampshire working directly on their behalf. A portion of the proceeds of the sales of this book will go directly to the organization to fund ongoing conservation efforts.     **Loon Lessons** James D.

To Observe Is to Learn, Love, and Admire Robert Temple Frost,2016-02 Not a day passes when I go outside to drive to the Rec Center that I'll see and hear birds Ravens are the most common If I'm not in a hurry I'll mimic the raven's call if I can see him and the bird sees me Sometimes it will move its wings in rhythm with its response call I like that kind of response On that same drive I might see a fox One trip I saw one that had just caught a squirrel The fox was only about fifteen feet away by trees in a lawn The fox stopped chewing on the squirrel to look at me and the squirrel struggled free and ran up a tree and then told the fox what he thought about him Each of these poems is about a real creature or entity in Nature which I personally watched studied and wondered about You'll find that you too through these poems will imagine and visualize these wonderful Nature Beings in their natural settings in Boulder
