Love Stories The Language Of Love:

The Brutal Language of Love Alicia Erian,2008-07-15 Alicia Erian's characters are brave disarming affectionate and deeply flawed. They inhabit the not so very wide space between a good intention and a bad outcome In Alcatraz we meet a middle school spelling champion who spends her afternoons taking baths with the boy next door In Almonds and Cherries a young woman turns an unexpectedly arousing bra shopping experience into a short film with ramifications for everyone around her In On the Occasion of My Ruination a college bound student plots to lose her virginity to a pizza parlor waiter The Brutal Language of Love challenges traditional notions of right and wrong with what has become Erian's signature an achingly stylish humor and a deep understanding of the brutal truth about human nature These surprising provocative and deeply resonant stories marked the emergence of a major talent

Metalinguistic Communities Netta Avineri, Jesse Harasta, 2021-09-27 This edited volume brings together ten compelling ethnographic case studies from a range of global settings to explore how people build metalinguistic communities defined not by use of a language but primarily by language ideologies and symbolic practices about the language The authors examine themes of agency belonging negotiating hegemony and combating cultural erasure and genocide in cultivating meaningful metalinguistic communities Case studies include Spanish and Hebrew in the USA Kurdish in Japan Patax H h h e in Brazil and Gallo in France The afterword by Wesley L Leonard provides theoretical and on the ground context as well as a forward looking focus on metalinguistic futurities This book will be of interest to interdisciplinary students and scholars in applied Love in the Time of Self-Publishing Christine M. linguistics linguistic anthropology and migration studies Larson, 2025-09-16 Lessons in creative labor solidarity and inclusion under precarious economic conditions As writers musicians online content creators and other independent workers fight for better labor terms romance authors offer a powerful example and a cautionary tale about self organization and mutual aid in the digital economy In Love in the Time of Self Publishing Christine Larson traces the forty year history of Romancelandia a sprawling network of romance authors readers editors and others who formed a unique community based on openness and collective support Empowered by solidarity American romance writers once disparaged literary outcasts became digital publishing s most innovative and successful authors Meanwhile a new surge of social media activism called attention to Romancelandia s historic exclusion of romance authors of color and LGBTQ writers forcing a long overdue cultural reckoning Drawing on the largest known survey of any literary genre as well as interviews and archival research Larson shows how romance writers became the only authors in America to make money from the rise of ebooks increasing their median income by 73 percent while other authors plunged by 40 percent The success of romance writers Larson argues demonstrates the power of alternative forms of organizing influenced by gendered working patterns It also shows how networks of relationships can amplify or mute certain voices Romancelandia's experience Larson says offers crucial lessons about solidarity for creators and other isolated workers in an increasingly risky employment world Romancelandia's rise and near meltdown shows that gaining fair treatment from platforms depends on creator solidarity but creator solidarity in turn depends on fair treatment of all members Sex. Love. and Migration Alexia Bloch, 2017-12-15 Sex Love and Migration goes beyond a common narrative of women's exploitation as a feature of migration in the early twenty first century a story that features young women from poor countries who cross

borders to work in low paid and often intimate labor Alexia Bloch argues that the mobility of women is marked not only by risks but also by personal and social transformation as migration fundamentally reshapes women s emotional worlds and aspirations Bloch documents how as women have crossed borders between the former Soviet Union and Turkey since the early 1990s they have forged new forms of intimacy in their households in Moldova Ukraine Belarus and Russia but also in Istanbul where they often work for years on end Sex Love and Migration takes as its subject the lives of post Soviet migrant women employed in three distinct spheres sex work the garment trade and domestic work Bloch challenges us to decouple images of women on the move from simple assumptions about danger victimization and trafficking She redirects our attention to the aspirations and lives of women who despite myriad impediments move between global capitalist centers and their home communities Primitive Love and Love-stories Henry T. Finck, 1899 **Revolution and Its Narratives** Xiang Cai,2016-02-04 Published in China in 2010 Revolution and Its Narratives is a historical literary and critical account of the cultural production of the narratives of China's socialist revolution Through theoretical empirical and textual analysis of major and minor novels dramas short stories and cinema Cai Xiang offers a complex study that exceeds the narrow confines of existing views of socialist aesthetics By engaging with the relationship among culture history and politics in the context of the revolutionary transformation of Chinese society and arts Cai illuminates the utopian promise as well as the ultimate impossibility of socialist cultural production Translated annotated and edited by Rebecca E Karl and Xueping Zhong this translation presents Cai's influential work to English language readers for the first time **Novelistic Love in the Platonic Tradition** Jennie Wang, 1997 The love story is an integral part of many novels What is its narrative status How does it function and why In this original study of Socratic love stories from Plato through Fielding and Faulkner to the Postmodernists Jennie Wang proposes a new narrative theory in the study of the novel which deconstructs the mimesis of love stories and reconstructs their historicity Wang claims that in the Platonic tradition the construction of love stories is often a dramatization of the author's historical vision philosophical speculations cultural criticism or political ideology Novelistic love functions as a literary medium a power of free speech that enables the novelist to speak unspeakable truths and include excluded subjects Wang s work will be of interest to both philosophers and scholars of American literature and The Language of Love.
