twenty five published her first collections of poetry Celda verde and Lugar com n winner of the 1970 Adonais Prize By 1979 she had settled upon an understanding of her own aesthetic evolution which she elaborated in Habitable Primera po tica Then in 1986 after a period of disenchantment with the written word during which she published only two chapbooks Espacio de emoci n 1981 and Vega de la paloma 1984 she redefined her position in Tendido verso Segunda po tica Designed to complement Nature's Colloguy with the Word Pureza Canelo's First Poetics Bucknell 2004 the current text deciphers the intricate poetic language of the poet s mature works which at the time of writing included the two above mentioned chapbooks as well as Tendido verso Pasi n in dita 1990 and No escribir 1999 The author traces recurrent aesthetic and philosophical positions that serve to differentiate the poet s first and second poetics Tendido verso is the volume in which temporality supersedes essence and in so doing breaks with insights expressed by Juan Ram n Jim nez during his Modernist phase In Pasi n in dita the intimate pronominal discourse between poet and creative other allows them to coalesce into an indeterminate being At this point the desired goal of the creative process is achieved the holy wedding hieros gamos of poet and creative other occurs No escribir abandons the struggle of Canelo's previous books and carries out the method prescribed by her second poetics She recognizes that only the creative process can satisfy her desire and that love the dominant symbol for creation indeed allows the pain of poetic failure to cease Passion nonetheless must stop short of fulfillment since the written poem laden with the poet s gaze and subjectivity cannot exist apart from its shadow The Sacred Foodways of Film Antonio D. Sison, 2016-02-18 The Sacred Foodways of Film explores the ways by which the portrayal of food in film offers creative spaces for theological insight From the Oprah Winfrey and Steven Spielberg produced title The Hundred Foot Journey 2014 to the Oscar Best Foreign Language Film winner from Japan Departures 2008 eleven diverse films invite us to taste and see the mutually enriching blend of food and faith depicted onscreen Smithsonian magazine describes the last two decades as The Era of Crazed Oral Gratification The explosion of interest in food culture what is touted as the foodie revolution is evident across media platforms in the United States as well as in many other parts of the world Curiously there has not been a book specifically dedicated to the confluence of theology religion and food films The Sacred Foodways of Film is a timely contribution to this fascinating area of interest that has long been simmering on the stovetop of scholarship
