Land Tenure, Boundary Surveys, and Cadastral Systems George M. Cole,Donald A. Wilson,2016-08-05 Land is important to all aspects of human life and has a key role in the economic well being of society therefore land tenure land ownership and real property law is a critical part of any developed nation Together the processes of how land parcels are held how they are defined measured and described to allow economic transactions how they are marked to allow their use and defense and how they are legally protected have allowed for the orderly possession and use of land In doing so these processes have also provided the basis for the advanced economy of most developed nations Very often these processes land tenure boundary surveying and cadastral systems are considered separately They are very much interrelated and none of these processes may be completely understood without an understanding of the others Land Tenure Boundary Surveys and Cadastral Systems provides an introduction to land tenure cadastral systems and boundary surveying including an understanding of the interrelationship of these areas and their role in land tenure and real property law This is especially true considering the advent of georeferenced cadastral maps reflecting the location of land parcels relative to many other components of the physical and legal infrastructure Although intended as a basic text for college level surveying courses this book should also be of significant value to cadastral mappers real property attorneys land title professionals and others involved with land transactions

1770-1790 Census of the Cumberland Settlements ,1987 The earliest surviving federal enumerations of the Tennessee Country consist of the 1810 census of Rutherford County and an incomplete 1820 census But since the first settlers arrived at the French Lick as early as 1779 the first forty years of settlement in the area we now call Tennessee are a blank at least in the official enumerations This work is an attempt to reconstruct a census of the Cumberland River settlements in Davidson Sumner and Tennessee counties which today comprise all or part of forty Tennessee counties To this end Mr Fulcher has abstracted from the public records all references to those living in the jurisdictions between 1770 and 1790 From wills deeds court minutes marriage records military records and many related items the author has put together a carefully documented list of inhabitants virtually the first census of Tennessee

Griot The Evolution of Edgcombe Curtis Hardison,2023-02-23 Griot The Evolution of Edgcombe is the true story that chronicles the journey of three African captives from their homelands of Cameroon the Central African Republic and Angola into the hands of European slave traders From there they were eventually sold to shipping agents that delivered them across the Atlantic Ocean where they were first sold to sugarcane plantations on the island of Jamaica and finally at a dockside auction near Norfolk Virginia in the

early 1800s The purchaser of their existence Jessie W Batts carried them in chains back to his farm at Topsail Township North Carolina where they and their children lived the remainder of their lives as his chattel slaves his private property At the nearby Sidbury farm near Topsail Island a house slave by the name of Sangho Shook became impregnated by her owner after being repeatedly raped in the cookhouse She gave birth to his daughter who was given the name of Harriette When Harriette came of age around 1888 she married a grandson of Janey and Tuney by the name of Henry Clay and thus continued the evolution of Edgecombe now into the thirteenth generation of descendants of three African captives After the end of the civil war the newly freed ex slaves from two farms along with their families and relatives began constructing homes clearing fields farming and raising livestock as they began rebuilding their lives in the backwoods This narrative chronicles their lives and the lives of many of their descendants as the place in the backwoods of coastal North Carolina gradually evolved into the independent thriving farming community of Edgecombe [A Hillhouse Clan's Migrations: South Carolina to Kentucky and Tennessee](#) Robert Callaham,2012-05-10 George H Hillhouse s clan descended from Scotch Irish pioneering migratory stock His ancestors settled in Camden Co SC and later migrated to Pendleton Dist SC Some relatives migrated to Crooked Creek Crittenden Co KY After visiting there George Hillhouse returned to SC to claim his bride Elizabeth Dobbins and they trekked to KY Elizabeth Dobbins second daughter of James and Eliz Stephenson Dobbins lived with her family 1780s to 1800s on James Dobbins Varennes plantation four miles SE of where Anderson SC was established 1826 At age 25 plus 1807 Elizabeth married George H Hillhouse They immediately migrated about 600 hundred miles to Crooked Creek KY seeking land ceded by Indians By 1810 they had migrated farther west and southward to Giles and Lawrence Counties Tenn There they raised ten children Probate Bible and land records are presented for Hillhouse men in Camden York and Pendleton Dist SC Livingston Co KY Giles and Lawrence Counties TN **The Tip of the Sword** H. Eddie Fields,2025-06-18 The religious and faithful aspect of our Christian forefathers fight for freedom is a fascinating struggle especially when studied from the proper perspective The facts demonstrate God s hand and influence upon the colonies and our nation s founders It is a history that should be diligently studied and understood How can we as a nation ever determine where we are going if we do not understand our past How do we grasp and hold onto our nation s fundamental beliefs values and principles if we do not understand what they are or how they came to be Do not our beliefs values and principles make us this great nation that has been blessed by Almighty God All Americans should know their forefathers pursued liberty and fought for reasons far beyond economic freedom and political power American secular historians who simply list a desire for religious freedom as one of many causes of the revolution fail us at every level of understanding the persecution that colonists endured Consider the majesty and faith of the words of the founding fathers in the profound commitment of the signatories at the end of the Declaration of Independence And for the support of this Declaration with a firm reliance on the protection of Divine Providence we mutually pledge to each other our lives our fortunes and our sacred honor There is no

question upon whom they relied and no doubt about their faith or commitment to one another The early American statesman Daniel Webster clearly and concisely stated his beliefs when he said History is God s providence in human affairs Webster could never have conceived that anyone would write a history excluding God from the story If it is truthful history must acknowledge God s role in it That is the driving theme in this history of the pioneers patriots and preachers of Sinking Creek Baptist Church and the Watauga Settlement It is my hope that every reader will recognize and embrace the influence of God in the lives and circumstances of our founding fathers
