South Bend John Palmer,2003 South Bend Indiana stood at the crossroads of several major Native American trading routes long before the Europeans led by the French arrived from Canada and the East Coast to trade for furs The city on a bend of the St Joseph River soon became an important commercial center for settlers moving west Eventually the University of Notre Dame and Studebaker would call the growing community home

Frontier Forts of Iowa William E. Whittaker,2009-09 At least fifty six frontier forts once stood in or within view of what is now the state of Iowa The earliest date to the 1680s while the latest date to the Dakota uprising of 1862 Some were vast compounds housing hundreds of soldiers others consisted of a few sheds built by a trader along a riverbank Regardless of their size and function William Whittaker and his contributors include any compound that was historically called a fort whether stockaded or not as well as all military installations all sought to control and manipulate Indians to the advantage of European and American traders governments and settlers Frontier Forts of Iowa draws extensively upon the archaeological and historical records to document this era of transformation from the seventeenth century fur trade until almost all Indians had been removed from the region The earliest European constructed forts along the Mississippi Des Moines and Missouri rivers fostered a complex relationship between Indians and early traders After the Louisiana Purchase of 1804 American military forts emerged in the Upper Midwest defending the newly claimed territories from foreign armies foreign traders and foreign supported Indians After the War of 1812 new forts were built to control Indians until they could be moved out of the way of American settlers forts of this period which made extensive use of roads and trails teamed a military presence with an Indian agent who negotiated treaties and regulated trade The final phase of fort construction in Iowa occurred in response to the Spirit Lake massacre and the Dakota uprising the complete removal of the Dakota in 1863 marked the end of frontier forts in a state now almost completely settled by Euro Americans By focusing on the archaeological evidence produced by many years of excavations and by supporting their words with a wealth of maps and illustrations the authors uncover the past and connect it with the real history of real places In so doing they illuminate the complicated and dramatic history of the Upper Midwest in a time of enormous change Past is linked to present in the form of a section on visiting original and reconstructed forts today Contributors Gayle F Carlson Jeffrey T Carr Lance M Foster Kathryn E M Gourley Marshall B McKusick Cindy L Nagel

Karamanski, 2009-10-20 The St Croix River the free flowing boundary between Wisconsin and Minnesota is a federally protected National Scenic Riverway The area's first recorded human inhabitants were the Dakota Indians whose lands were transformed by fur trade empires and the loggers who called it the river of pine A patchwork of farms cultivated by immigrants from many countries followed the cutover forests Today the St Croix River Valley is a tourist haven in the land of sky blue waters and a peaceful escape for residents of the bustling Minneapolis St Paul metropolitan region North Woods River is a thoughtful biography of the river over the course of more than three hundred years Eileen McMahon and Theodore Karamanski track the river's social and environmental transformation as newcomers changed the river basin and in turn were changed by it The history of the St Croix revealed here offers larger lessons about the future management of beautiful and fragile wild waters      *Colorado Vanguards* Phyllis J. two clerks of the American Fur Company recall a lost moment in the history of the fur trade and the Anishinaabeg along Lake Superior's North Shore Long after the Anishinaabeg first inhabited and voyageurs plied Lake Superior's North Shore in Minnesota and well before the tide of Scandinavian immigrants swept in Bela Chapman a clerk of John Jacob Astor's American Fur Company fetched up in Gichi Bitobig a stony harbor now known as Grand Marais Through the year that followed Chapman recorded his efforts on behalf of Astor's enterprise setting up a working post to compete with the Hudson Bay Company establishing trading relationships with the local Anishinaabeg and steering a crew of African Anishinaabeg Yankee Virginian and M tis boatmen The young clerk's journal and another kept by his successor George Johnston provides a window into a story largely lost to history Using these and other little known documents Timothy Cochrane recreates the drama that played out in the cold weather months in Grand Marais between 1823 and 1825 In its portrayal of the changing fur trade on the great lake Gichi Bitobig Grand Marais offers a rare glimpse of the Anishinaabeg especially the leader Espagnol as astute and active trading partners playing the upstart Americans for competitive advantage against their rivals even as the company men contend with the harsh geographic realities of the North Shore Through the words of long ago witnesses the book recovers both the too often overlooked Anishinaabeg roots and corporate origins of Grand Marais a history deeper and more complex than is often told Gichi Bitobig Grand Marais recalls a time in northern Minnesota when men of the American Fur Company and the Anishinaabeg navigated the shifting course of progress negotiating the new perils and prospects of commerce's westward drift

*Little Crow* Gary Clayton Anderson, 2008-10-14 I Ta o ya te du ta am not a coward I will die with you With this statement Little Crow reluctantly put himself at the head of the Indian forces in the Dakota War of 1862 Twice before he had risked his life to lead his people To become chief of his band he had told the warriors to kill him or follow him Tribal spokesman politician war leader these three positions were worth his life to Little Crow but created for him a never resolved personal dilemma

**Rainy Lake House** Theodore Catton, 2017-09-21 Focuses on three men from vastly different backgrounds and serves as a vehicle for exploring the rigors of the fur trade lyrical and transcendent American Historical Review In September 1823 three men met at Rainy Lake House a Hudson's Bay Company trading post near the Boundary Waters Dr John McLoughlin the proprietor of Rainy Lake House was in charge of the borderlands west of Lake Superior where he was tasked with

opposing the petty traders who operated out of US territory Major Stephen H Long an officer in the US Army Topographical Engineers was on an expedition to explore the wooded borderlands west of Lake Superior and the northern prairies from the upper Mississippi to the forty ninth parallel John Tanner a white man living among the Ojibwa nation arrived in search of his missing daughters who Tanner believed were at risk of being raped by the white traders holding them captive at a nearby fort Drawing on their combined experiences Theodore Catton creates a vivid depiction of the beautiful and dangerous northern frontier from a collision of vantage points American British and Indigenous imperial capital and labor explorer trader and hunter At the center of this history is the deeply personal story of John Tanner s search for kinship first among his adopted Ojibwa nation then in the search for his white family of origin and finally in his quest for custody of his multiracial children Written with clarity and energy this book tells its story through the remarkable device of a triple biography Gregory Evans Dowd author of *Groundless*      *Major General Philip Kearny* Robert R. Laven, 2020-04-28 Union General Philip Kearny began his career as a lieutenant with the 1st U S Dragoons He studied cavalry tactics in France and fought with the Chasseurs d Afrique in Algeria where his fearlessness earned him the nickname Kearny le Magnifique Returning to America he wrote a cavalry manual for the U S Army and later raised a troop of dragoons using his own money to buy 120 matching dapple gray mounts for his men and led them during the Mexican War where he lost an arm This biography chronicles the military life of one of the most talented field officers in the Army of the Potomac at the outbreak of the Civil War who famously led a charge at the Battle of Williamsburg with his reins in his teeth and sometimes disobeyed General George McClellan once protesting an order to retreat as prompted by cowardice or treason Kearny was on the verge of higher command when he was killed at the 1862 Battle of Chantilly
