Bernadette Hayes, Ian McAllister

Northern Ireland Politics:

The Politics of Antagonism Brendan O'Leary, John McGarry, 2016-10-06 Written during the Northern Ireland peace process and just before the Good Friday Agreement The Politics of Antagonism sets out to answer questions such as why successive British Governments failed to reach a power sharing settlement in Northern Ireland and what progress has been made with the Anglo Irish Agreement O Leary and McGarry assess these topics in the light of past historical and social science scholarship in interviews of key politicians and in an examination of political violence since 1969 The result is a book which points to feasible strategies for a democratic settlement in the Northern Ireland question and which allows today's scholars and students to analyse approaches to Northern Ireland from the perspective of the recent past *Northern Ireland Politics* Arthur Aughey, Duncan Morrow, 2014-06-17 Hopes for a peaceful settlement in Northern Ireland have again put the politics of the province under the spotlight This new text written by acknowledged experts on Northern Ireland provides an immediately accessible introduction to the multi faceted nature of the politics of the region The Dynamics of Conflict in Northern Ireland Joseph Ruane, Jennifer Todd, 1996-11-13 This book offers a uniquely comprehensive account of the conflict in Northern Ireland providing a rigorous analysis of its dynamics and present structure and proposing a new approach to its resolution It deals with historical process communal relations ideology politics economics and culture and with the wider British Irish and international contexts It reveals at once the enormous complexity of the conflict and shows how it is generated by a particular system of relationships which can be precisely and clearly described The book proposes an emancipatory approach to the resolution of the conflict conceived as the dismantling of this system of relationships Although radical this approach is already implicit in the converging understandings of the British and Irish governments of the causes of conflict The authors argue that only much more determined pursuit of an emancipatory approach will allow an agreed political settlement to emerge **Politics In Northern Ireland** Rick Wilford, 2018-02-02 Despite the staggering number of books related to the Northern Ireland political arena most of the literature concentrates on only a few dimensions of the conflict and especially on constitutional policy and the on going search for a resolution of the antagonisms This original textbook the first of its kind serves as a comprehensive examination of the subject by exploring these topics and other important dimensions of politics which have been overlooked and undervalued Politics in Northern Ireland is written by a team of distinguished academics drawn from both within and outside Northern Ireland It adopts the analytic tools of political science and brings a comparative perspective to bear on the politics of Northern Ireland Early chapters examine the historic sources of conflict analyze the period since the outbreak of the modern troubles and discuss the differences between the communities The book then examines the nature of parties elections and elective assemblies before focusing on policy matters such as fair employment policing and gender In the concluding chapter contributors consider relations with the Republic of Ireland and discuss events as current as today's headlines including the historic breakthrough in negotiations the

referendums and the Assembly elections The result is a well rounded core text designed for the classroom as well as for those interested in learning more about different facets of politics in Northern Ireland **Government and Politics of Northern**

Politics and Policy-making in Northern Ireland Eugene Connolly,1990 **Northern Ireland** Jonathan Tonge,1998 Appropriate for undergraduate students in Irish Northern Ireland Politics this book combines an examination of the historical context of the Northern Ireland conflict with an examination of the contemporary political situation and the peace process It explores the issues behind the longevity of the conflict and provides a detailed analysis of the attempts to create a lasting peace in Northern Ireland This is the first textbook to address the political situation in light of recent developments relating to the 1990 s peace process and the recent return to violence making this the most up to date book available on the subject Debate and analysis will sit alongside historical and ideological description allowing the student to develop the analytical tools necessary to analyse and understand a complex and contentious topic **Northern Ireland** Paul Dixon,2008-09-26 Clearly and accessibly written Dixon provides a lively introduction to the nature and politics of the Northern Ireland conflict and of successive attempts to resolve it The comprehensively revised 2nd edition has been updated to take account of new information and an entirely new chapter has been added on implementing the Good Friday Agreement *Conflict to peace* Bernadette Hayes,Ian McAllister,2015-09-01 After three decades of violence Northern Ireland has experienced

unprecedented peace This book now available in paperback examines the impact of the 1998 Agreement which halted the violence on those most affected by it the Northern Irish people themselves Using public opinion surveys conducted over a period of half a century this book covers changes in public opinion across all areas of society and politics including elections education community relations and national identity The surveys show that despite peace Protestants and Catholics remain as deeply divided as ever The vast majority marry co religionists attend religious schools and have few friends across the religious divide The results have implications not just for peacemaking in Northern Ireland but for other societies emerging from conflict The main lesson of peacemaking in Northern Ireland is that political reform has to be accompanied by social change across the society as a whole Peace after conflict needs social as well as political change

Inequality, Identity, and the Politics of Northern Ireland Curtis C. Holland, 2022-07-26 Inequality Identity and the Politics of Northern Ireland examines how the politics of threat and resentment undergirded by persistent poverty and class and gender inequalities across Catholic and Protestant communities shape dynamics of political conflict while simultaneously giving way to critical subjectivities at the community level through which more transformative visions of peace may emerge

Power, Politics and Territory in the 'New Northern Ireland' Elizabeth DeYoung, 2023-10-15 Winner of the ACIS Donald Murphy Prize for Distinguished First Book 2023 In the wake of the Good Friday Agreement the redevelopment of the former Girdwood Army Barracks in North Belfast was hailed as a symbol of hope for Northern Ireland It was a major investment in a former conflict zone and an internationally significant peacebuilding project Instead of adhering to the tenets of the Agreement sectarianism dominated the regeneration agenda Throughout the process politicians community groups and paramilitaries wrangled over the site's future and territorial contest won out over housing need After eleven years of negotiation and 11.7 million the EU funded Girdwood Community Hub opened its doors to the public in 2016 but its impact has been underwhelming The Hub's redevelopment is a microcosm of the peace process itself and the ways in which post Agreement politics have failed to deliver a shared future for the people of Northern Ireland twenty five years on This ethnography provides a lively account of Girdwood's redevelopment and a wry critique of the fractious political context around it Through fieldwork and encounter the author brings us across peace walls into community meetings and behind the scenes of decision making in Northern Ireland Girdwood's story also sheds light on how power politics and territory intersect in divided cities globally

Northern Ireland and the Politics of Reconciliation Dermot Keogh, Michael H. Haltzel, 1993 This collection adds to the extensive literature on Northern Ireland and Ireland by bringing together the leading academic and political figures working in the field and offering a comprehensive multidisciplinary overview of the historical process The topics discussed include the remote and proximate causes of the conflict fresh developments within the two states on the island the role of the Roman Catholic Church the rise of the ecumenical movement and the impact of the 1985 Anglo Irish Agreement on the triangular relationship between Dublin Belfast and London The volume concludes with an evaluation of likely impact of membership of the European

Community on the conflict in Northern Ireland The contributors to this book do not offer any easy solutions but provide a context in which the problem may be better understood by the international scholarly community and by the interested general reader

Devolution and Constitutional Change in Northern Ireland Paul Carmichael, Colin Knox, Robert D. Osborne, 2007-07-15 This edited book tracks Northern Ireland's uneasy experience with devolution following the optimistic political period associated with the 1998 Belfast Good Friday Agreement It will be of interest to students of Irish politics and public policy but more generally from a comparative perspective those with an interest in devolution and constitutional change
