Northrop Frye Vision New World:

The Reception of Northrop Frye, 2021-08-31 The widespread opinion is that Northrop Frye's influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton's 1983 rhetorical question Who now reads Frye In *The Reception of Northrop Frye* Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye's work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye's reception in front of us such as Hayden White's theory of emplotments applied to historical writing and Byron Alm's theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton's rhetorical question is a very large and growing number the growth being not incremental but exponential Northrop Frye International Symposium on Northrop Frye Studies, 2003-01-01 Drawn from papers given at an international symposium on Northrop Frye in Hohhot Inner Mongolia this volume offers insights into Frye's theoretical approaches and the new context provided by cross cultural questions Northrop Frye David Cook, 1985 **Marshall McLuhan and Northrop Frye** B.W. Powe, 2014-01-01 Marshall McLuhan and Northrop Frye are two of Canada's central cultural figures colleagues and rivals whose careers unfolded in curious harmony even as their intellectual engagement was antagonistic Poet novelist essayist and philosopher B.W. Powe who studied with both of these formidable and influential intellectuals presents an exploration of their lives and work in *Marshall McLuhan and Northrop Frye Apocalypse and Alchemy* Powe considers the existence of a unique visionary tradition of Canadian humanism and argues that McLuhan and Frye represent fraught but complementary approaches to the study of literature and to the broader engagement with culture Examining their eloquent but often acid responses to each other Powe exposes the scholarly controversies and personal conflicts that erupted between them and notably the great commonalities in their writing and biographies Using interviews letters notebooks and their published texts Powe offers a new alchemy of their thought in which he combines the philosophical hallmarks of McLuhan's 'The medium is the message' and Frye's 'the great code' **Northrop Frye** David Cook, David Bruce Cook, 1985-01-01 **Twentieth-Century Humanist Critics** William Calin, 2007-01-01 *The Twentieth Century Humanist Critics* revisits the work and place of eight scholars roughly contemporary with Anglo-American New Criticism Leo Spitzer Ernst Robert Curtius Erich Auerbach Albert B. Guin Jean Rousset C.S. Lewis F.O. Matthiessen and Northrop Frye William Calin first considers the achievements of each critic examining his methodology and basic presuppositions as well as the critiques marshalled against him Calin explores their relation to history to canon formation and to our current theoretical debates He then goes on to show how all eight form a current in the history of criticism related to both humanism and modernism Underscoring the international cosmopolitan aspects of literary scholarship in the twentieth century *The Twentieth Century Humanist Critics* brings together humanist

critical traditions from Europe the United Kingdom and North America and reveals the surprising extent to which in various languages and academic systems critics were posing similar questions and offering a gamut of similar responses

Canadian Intellectuals, the Tory Tradition, and the Challenge of Modernity, 1939-1970 Philip Massolin,2015-05-27 In this well researched book Philip Massolin takes a fascinating look at the forces of modernization that swept through English Canada beginning at the turn of the twentieth century Victorian values agrarian religious and the adherence to a rigid set of philosophical and moral codes were being replaced with those intrinsic to the modern age industrial secular scientific and anti intellectual This work analyses the development of a modern consciousness through the eyes of the most fervent critics of modernity adherents to the moral and value systems associated with Canada s tory tradition The work and thought of social and moral critics Harold Innis Donald Creighton Vincent Massey Hilda Neatby George P Grant W L Morton Northrop Frye and Marshall McLuhan are considered for their views of modernization and for their strong opinions on the nature and implications of the modern age These scholars shared concerns over the dire effects of modernity and the need to attune Canadians to the realities of the modern age Whereas most Canadians were oblivious to the effects of modernization these critics perceived something ominous far from being a sign of true progress modernization was a blight on cultural development In spite of the efforts of these critics Canada emerged as a fully modern nation by the 1970s Because of the triumph of modernity the toryism that the critics advocated ceased to be a defining feature of the nation s life Modernization in short contributed to the passing of an intellectual tradition centuries in the making and rapidly led to the ideological underpinnings of today s modern Canada

A Disciplined Intelligence A. B. McKillop,2001 This highly original contribution to Canadian intellectual history examines the course of critical inquiry and its relationship to the assertion of moral authority in English Canadian thought during the Victorian era

English Studies in Canada ,1987 *Future Indicative* John Moss,1987-01-01 The format of this book is arbitrary and exact the way paint is in a landscape by Alex Colville It follows the program of the symposium that took place at the University of Ottawa from April 25 to 27 1986 As Bakhtin leaps from the sidelines to centre stage as Derrida clambers out of orchestra pit into the prompter s box and Lacan swings from the flies as Foucault L vi Strauss Saussure Barthes and a throng of others rhubarb their way through the text one recognizes just how connected all the disparate elements of this critical extravaganza really are
