The Conservative Aesthetic Stephen J. Mexal, 2021-05-20 The Conservative Aesthetic Theodore Roosevelt Popular Darwinism and the American Literary West offers an alternative origin story for American conservatism tracing it to a circle of writers artists and thinkers in the late nineteenth century who yoked popular understandings of Darwin to western literary aesthetics That circle included writer Owen Wister artist Frederic Remington entertainer William Buffalo Bill Cody historian Frederick Jackson Turner and a young Theodore Roosevelt The book explores how their lives and their writing intertwined with their conservative sensibilities For them going west was akin to time travel a retrogression into an earlier and harder age It was through those retrogressions into the American state of nature they imagined that society could discover its finest and fittest citizens Such a society would be the modern realization of Thomas Jefferson s century old dream of a natural aristocracy Theirs was a new conservatism rooted not in a history of European monarchy but rather in stories

Kreyche, 2014-07-11 Countless studies of the American West have been written from the viewpoint of history psychology sociology and anthropology But the West has seldom been written about with the reflective pen of a philosopher Offering more than a fresh retelling in thoroughly human terms of the major historical events of the nineteenth century West Gerald Kreyche also leads the reader in a search for the spirit of the West itself That spirit was one with the American Dream which offered freedom individualism and self sufficiency to those strong enough and gutsy enough to heed the call of Manifest Destiny Although the West was and is the most American part of America itself its natural wonders its spacious grandeur its myths and mystique have captured the hearts and imaginations of people the world over We have all experienced the quickened pulse at the mention of things indelibly western tumbleweed mountain men high plains cowboys and Indians sod houses coyotes and grizzlies And who doesn t react to such bigger than life figures as Jim Bridger Buffalo Bill George Armstrong Custer Sitting Bull and Crazy Horse The personal humdrum of our times rapidly disappears when through the magic of western films TV shows and books we vicariously lose ourselves and then find ourselves in the American West of a bygone time The West then produced a quasi separate culture And as each culture must it gave birth to its own ethos its own special character its own tone and set of guiding beliefs Kreyche contends that in the process of westering the veneer of the sophisticated easterner was sloughed off leaving in sharp outline the frontiersman and the pioneer In their own manner these men and women produced a new species of homo americanus *Best Places to Stay in the Pacific Northwest* Marilyn McFarlane, M.
