## Northwest Review Summer 1971:

Literature East and West Rabindra Kumar Dasgupta,1995      Crisis and Confession E. V. Ramakrishnan,I. Vi Rāmakṛṣṇan,1988      **Lewis and Clark and the Image of the American Northwest** John Logan Allen,1991-01-01 The author traces how Lewis and Clark s epic journey of 1804-06 and their charting of the American Northwest dramatically revised generally held concepts of the area s geography With 45 maps Splendidly researched and highly readable Donald Jackson editor of the Letters of the Lewis and Clark Expedition      *The Wichita Poems* Michael Van Walleghen,1975      **I was Never His Son, Not I** Harold Schweizer,1985 This study analyzes Theodore Roethke s work from a pessimistic point of view The word is the author s and by examining its implications he casts new light on the complicated interrelations between ambition and talent or between life and art Roethke s poetry exhibits the patterns of a prodigal quest the struggle and failure of the poet to free himself from literary and autobiographical contingencies These influences however are responsible in large degree for the originality and moving qualities in Roethke s work qualities for which he is rightly considered a major American poet      **Dictionary of Midwestern Literature, Volume Two** Philip A. Greasley,2016-08-08 The Midwest has produced a robust literary heritage Its authors have won half of the nation s Nobel Prizes for Literature plus a significant number of Pulitzer Prizes This volume explores the rich racial ethnic and cultural diversity of the region It also contains entries on 35 pivotal Midwestern literary works literary genres literary cultural historical and social movements state and city literatures literary journals and magazines as well as entries on science fiction film comic strips graphic novels and environmental writing Prepared by a team of scholars this second volume of the Dictionary of Midwestern Literature is a comprehensive resource that demonstrates the Midwest s continuing cultural vitality and the stature and distinctiveness of its literature      **Paradigms of Authority in the Carver Canon** Péter Bocsor,2015-04-16 Raymond Carver s personal story as a writer became publicly known through an unusually intense cooperation with his literary agent Gordon Lish Carver s career can be viewed as the story of a fight for the control of his writerly voice in which he is doomed to fail due to the heterogeneity characterizing the genesis of his works The parallel versions of the same stories in the Carver canon not only pose a threat to any attempt of a simplistic evaluation of his literary legacy but also raise questions about the authority of the writer The author of the present book considers the choices Carver Lish and other editors made part of the collective social act of manufacturing and attempts to carry out a neutral analysis of the various versions      Robinson Jeffers and a Galaxy of Writers William B. Thesing,1995      **Theodore Roethke's Far Fields** Peter Balakian,1999-03-01 In this critical study of Theodore Roethke s poetry Peter Balakian treats the evolution of the poet s work from his first book *Open House* 1941 to his last *The Far Field* 1964 Balakian argues that Roethke was among the most innovative poets of his time and that *The Lost Son and Other Poems* 1948 brought America to a new frontier in the contemporary era Balakian maintains that Roethke combined and furthered major traditions in English and American poetry the formal poetics and meditative

sensibility of British metaphysical and Romantic poetry the American visionary tradition and the innovations of modernism The early chapters of the book explore Roethke s intellectual religious nd psychological development and his development as a poet Balakian discusses the influence of William Carlos Williams on Roethke s work and claims that the relationship between the two poets provided Roethke with a sense of the American grain Later chapters treat the shift from self absorption to union with otherness that marks Roethke s love poems exploring the poet s development of mysticism and a poetic persona and examining the influences of Eliot and Whitman on his work Balakian also discusses the metaphysical language necessary for Roethke s late poems and follows Roethke s spiritual progress as he prophetically faces his final work In presenting the evolution of Roethke s career Balakian offers fresh and original readings of the poetry He avoids any monolithic approach to the body of Roethke s work employing instead various approaches to Roethke s stages of poetic evolution Balakian makes use of the psychology of C G Jung and Erich Neumann the writings of the mystics the aesthetics of William Carlos Williams and the myth of the American frontier With a literary historian s concern for Roethke s place in history and a critic s eye for the sources and structures of poetry Balakian studies the resonances of language and the inner life of this poet s craft Theodore Roethke s *Far Fields* places Roethke firmly in literary and intellectual history and asserts his place as a major poet [Index to Literature of the Northwest](#) ,1973

**Sylvia Plath** L. Wagner-Martin,2003-08-18 Sylvia Plath *A Literary Life* examines the way Plath made herself into a writer Close analysis of Plath s reading and apprenticeship writing both in fiction and poetry sheds considerable light on Plath s work in the late 1960s In this updated edition there will be discussion of the aftermath of Plath s death including the publication of her *Collected Poems* edited by Ted Hughes which won the Pulitzer Prize for Poetry in 1982 *Biographies of Plath* will be examined along with the publication of Hughes s *Birthday Letters* A chronology maps out key events and publications both in Plath s lifetime and posthumously

best and most provocative work in the field and provide a comprehensive overview of themes and historiography Covers the culture politics and environment of the American West through periods of migration settlement and modernization Discusses Native Americans and their conflicts and integration with American settlers      **Theodore Roethke, William Stafford, and Gary Snyder** Lars Nordström,1989 This study examines the new ecological dimensions of the regional impulse in the poetry of three major contemporary poets of the Pacific Northwest of the United States The study opens with a survey and analysis of the discussion of a general regional aesthetic in poetry in the Northwest during the 20th century and argues that the important development visible in the regional impluse since World War II in these poets has less to do with an earlier regional aesthetic than with the elements of an ecological metaphor strategies of expressing the metaphor within the context of their common region is explored It is argued that in the poetry the ecological metaphor conveys a new view of the relationship between man and non human nature between man and place in which man is seen as an integrated and inseparable part of the natural systems of a region This poetic metaphor is ethical in that it voices a concern about the destruction of the natural environment suggests a model of ecologically correct behaviour and envisages a harmonious balance where the human and non human meet as equals integrity of the non human world the poetry tends to reject images and emblems of our contemporary industrial technological society and to harken back not only to earlier Romantic and Transcendental currents in poetry but more significantly to the vision of man s place in nature as traditionally perceived by native Americans Finally the study concludes with a brief survey of other Northwest poets who emphasize regional and or ecological themes including a glance at three prominent Northwest Native American poets and a brief discussion of the political dimensions of this metaphor      *Indians and the American West in the Twentieth Century* Donald L. Parman,1994-10-22 History of the relationship between the US Government and Indians of the US      **Compendium of Scholarly and Creative Activities of the Faculty and Staff on the University of Michigan-Flint** Douglas C. Kelley,1982
