Glasgow A History Michael Meighan, 2013-12-15 A new history of Glasgow tracing the growth of the city from prehistoric days to its rise as one of the Great Victorian cities *The Revolving Door of Life* Alexander McCall Smith, 2016-02-09 Excitement abounds when the revolving door of life brings fresh faces and hilarious new developments to the residents of 44 Scotland Street Things are looking up for seven year old Bertie Pollock The arrival of his spirited grandmother and the absence of his meddlesome mother who is currently running a book club in a Bedouin harem don't ask bring unforeseen blessings no psychotherapy no Italian lessons and no yoga classes Meanwhile surprises await Scotland Street's grown ups Matthew makes a discovery that could be a major windfall for his family but also presents a worrisome dilemma Pat learns a secret about her father's fiancée that may shake up her family unless she can convince the perpetually narcissistic Bruce to help her out And the Duke of Johannesburg finds himself in sudden need of an explanation and an escape route when accosted by a determined guest at a soirée From the cunning schemes of the Association of Scottish Nudists to the myriad expressive possibilities of the word aye Alexander McCall Smith guides us through the risks and rewards of friendship love and family with his usual inimitable wit and irresistible charm **Transport and Its Place in History** David Turner, 2020-06-07 Transport and mobility history is one of the most exciting areas of historical research at the present As its scope expands it entices scholars working in fields as diverse as historical geography management studies sociology industrial archaeology cultural and literary studies ethnography and anthropology as well as those working in various strands of historical research Containing contributions exploring transport and mobility history after 1800 this volume of eclectic chapters shows how new subjects are explored new sources are being encountered considered and used and how increasingly diverse and innovative methodological lenses are applied to both new and well travelled subjects From canals to Concorde from freight to passengers from screen to literature the contents of this book will therefore not only
