S. Rajaram, 2002 **Нострадамус. Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982. Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity, he has studied the prophetic traditions of other cultures including the Tibetan, Chinese, Jewish, Ethiopian, and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks. This book offers an extensive study of many modern theories including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research, as well as anomalous phenomena such as near death experiences and crop circles. Sifting through all the scientific research and speculation that the year 2012 has inspired, Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date. [The Essential Nostradamus](#) Peter Lemesurier, 1999

This exciting new book from Peter Lemesurier presents the most up to date research on Nostradamus in a simple, accessible way. The book begins with an up to the minute biography of Nostradamus' extraordinary life, including recently discovered facts and explains his special relevance to 1999 and the new Millennium. Nostradamus' working methods are explained, his past prophetic bull's eyes are described, and then Peter Lemesurier unravels dates and powerful prophecies for the coming decades. In this fascinating guide, you will discover how to interpret the prophecies yourself and how to date and sequence prophecies for the future. *American Book Publishing Record*, 1985

**Pralaya 1999** M. R. Narendra, 1998 *The Essential Nostradamus* John Hogue, 2002

Nostradamus, the 16th century physician and prophetic giant, has a lot to say about the 21st century and beyond. The man who hundreds of times accurately foresaw Napoleon, Hitler, the World Wars, and the American, French, and Russian revolutions, and man walking on the moon, did not lay down his pen after seeing the events leading up to the year 2000. His history of the future continues for at least another 1,797 years. Here is a book by the world expert on Nostradamus that in 54 pages decodes the prophet's sometimes confusing words of prophecy and takes you through a fundamental examination of the master prophet's life and magical practices. **The Millennium Planner** Peter Lorie, 1995

This entertaining, thought provoking package will help people start the new century out on the right foot. Included are a full color book of millennium prophecies by seers such as Nostradamus and Edgar Cayce, a wall calendar for the year 2000, a personal time capsule for readers, a registered prophet contest, and more. *Indian Books in Print*, 2003

**Nostradamus** Francis X. King, 1997-03-15

From the execution of Charles I, the Great Fire of London, and the rise and fall of Napoleon, to the atrocities of the Third Reich, the assassination of John F. Kennedy, and the Gulf War in 1991, Nostradamus foretold some of the most cataclysmic events in history. Contains Nostradamus's prophecies relating to the years 1993 A.D. onwards, and his predictions that have already been fulfilled. Includes previously unpublished, surprising, and alarming interpretations of quatrains that refer to the years 1993 to 2100. This book reveals the breadth of vision and astonishing accuracy of some of Nostradamus's fulfilled predictions. [The Final Prophecies of Nostradamus](#) Erika Cheetham, 1989-07-24
