Predictions Realised in Modern Times. Now First Collected by H. W. Horace WELBY (pseud. [i.e. John Timbs.]), 1862 **Predictions Realized in Modern Times** John Timbs, 1862 The 11th Hour Prophecies: Mysterious Predictions and the Race Against Time Alvaro Roberson, In a world teetering on the edge of unprecedented change hidden prophecies from the most secluded corners of Earth are finally coming to light From snow capped Himalayan monasteries to the secret caves of Mount Athos from indigenous elders sacred circles to the hushed chambers of desert mystics a singular message emerges humanity has entered its 11th hour Alvaro Roberson after spending fifteen years gaining the trust of the world s most reclusive spiritual communities brings together for the first time a collection of eerily similar predictions that transcend cultural and geographical boundaries These aren t vague distant forecasts they re specific warnings about our immediate future many already unfolding before our eyes What makes shamans in the Amazon share the same urgent message as Buddhist monks in Japan Why do Aboriginal dreamwalkers echo the prophecies of Sufi mystics half a world away And most importantly why do they all point to 2025 2030 as humanity s moment of greatest transformation Inside these pages you ll discover Never before published predictions from isolated spiritual communities Startling correlations between ancient prophecies and current scientific discoveries Specific timeframes for imminent global changes Practical guidance for navigating the prophesied transformations Sacred practices preserved for this exact moment in human history But this isn t just another book about prophecies it s a wake up call encoded in the wisdom of ages As you turn these pages you ll find yourself questioning everything you thought you knew about humanity s past present and possible futures Already readers report strange synchronicities and profound insights while engaging with this material Some describe spontaneous awakening experiences others find themselves drawn to locations mentioned in the prophecies This book seems to serve as more than just a collection of predictions it appears to be a trigger for personal transformation The 11th Hour Prophecies reads like a spiritual thriller yet every word is drawn from authentic encounters and authorized transmissions of sacred knowledge Roberson s firsthand accounts of his journeys and initiations weave together with the prophecies to create an immersive experience that will leave you seeing the world and our current moment in an entirely new light Whether you re a spiritual seeker a student of prophecy or simply someone concerned about humanity s future this book offers unprecedented access to wisdom that has been safeguarded for centuries until now The gatekeepers of these prophecies all agree the time for keeping these predictions secret has passed The moment to share them is here As global events accelerate and transform our world daily this book serves as both a warning and a guide for what lies ahead The question isn t just what these prophecies predict it s why they re surfacing now and what role each of us plays in the unfolding of their message Don t just read about prophecy become part of its fulfillment The 11th hour is upon us What happens next may depend on who receives these messages and how we choose to act upon them A masterwork of spiritual investigation that reads like a cross between
