Nostradamus The Final Reckoning:

Nostradamus Peter Lemesurier, 1997 As the millenium approaches the prophecies of Nostradamus continue to amaze mystify and at times terrify Now after years of research recognized Nostradamus expert Peter Lemesurier presents a breakthrough work Drawing upon Nostradamus and numerous other prophetic sources he has compiled this year by year history of future events dating up to the year 4500

Nostradamus Peter Lemesurier, 1998 Dramatic and exciting yet at the same time practical down to earth and remarkably convincing Peter Lemesurier takes a year by year look at what might lie ahead He compares the verse predictions of Nostradamus against the predictions of other major seers and prophets and sets them all against a definite timescale The future of the Popes the coming Islamic invasion and the virtual destruction of southern and western Europe the seige of Britain the long delayed Western counter attack the ensuing age of peace and plenty the era of renewed cataclysm and decline the eventual extraterrestrial saviours and the ultimate transformation of humanity all are spelt out Lemesurier cites the actual predictions from Nostradamus and the other sources so that the reader can assess how likely they are to happen and measure them against actual events as they unfold

The Essential Nostradamus Peter Lemesurier, 1999 This exciting new book from Peter Lemesurier presents the most up to date research on Nostradamus in a simple accessible way The book begins with an up to the minute biography of Nostradamus extraordinary life including recently discovered facts and explains his special relevance to 1999 and the new Millennium Nostradamus working methods are explained his past prophetic bull s eyes are described and then Peter Lemesurier unravels dates and powerful prophecies for the coming decades In this fascinating guide you will discover how to interpret the prophecies yourself and how to date and sequence prophecies for the future

How Mumbo-Jumbo Conquered the World Francis Wheen, 2005-07-06 What characterizes our era Cults quacks gurus irrational panics moral confusion and an epidemic of mumbo jumbo that s what In *How Mumbo Jumbo Conquered the World* Francis Wheen brilliantly laments the extraordinary rise of superstition relativism and emotional hysteria From Middle Eastern fundamentalism to the rise of lotteries astrology to mysticism poststructuralism to the Third Way Wheen shows that there has been a pervasive erosion of Enlightenment values which have been displaced by nonsense And no country has a more vivid parade of the bogus and bizarre than the one founded to embody Enlightenment values the USA In turn comic indignant outraged and just plain baffled by the idiocy of it all *How Mumbo Jumbo Conquered the World* is a masterful depiction of the absurdity of our times and a plea that we might just think a little more and believe a little less

Nostradamus and Beyond Peter Lemeseurier, Peter Lemesurier, 1999 If you re intrigued by the uncanny ways the 400 year old prophecies of Nostradamus have come true over the centuries you ll be even more amazed as an expert interprets more of the seer s predictions about the year 2000 and beyond The author details the process Nostradamus used to predict the future history of the world up to the year 3797 Previously unpublished charts reveal how it is possible to pinpoint dates and sequences for many of the more

ambiguous prophecies Most importantly Lemeseurier applies these new methods of interpretation to Nostradamus s predictions about our immediate future Over 256 of Nostradamus s prophecies receive closer scrutiny They include wars erupting in North Africa the Balkans and the Middle East in the next decade weapons of mass destruction unleashed in Europe and a pope deposed in 2005 As you learn Nostradamus s techniques you can even try them yourself and see how accurately you can predict important events in your own lifetime Nostradamus 2000 Damon Wilson,Michael Jordan,1988 The author applies a new dating system to the predictions of Nostradamus in order to present detailed prophecies of what the 21st century may hold in store **Nostradamus and the New Millennium** Michael Jordan,1998 Based upon a more optimistic outlook than most books that delve into the prophecies of 16th century seer Nostradamus this study challenges many of the traditional views put forward regarding his predictions *Gods of the Dawn* Peter Lemesurier,1998-12 The Pyramids of Giza are one of the great wonders of the world but what if they were built not by the Ancient Egyptians nor even by the legendary Atlanteans but by a still more ancient civilization from outside our solar system This book presents the theory that the Egyptian Pyramids are part of an ancient star map a message in stone from a vastly superior intelligence designed to guide us through the present steer us towards the future and finally summon us to the stars The Paranormal Source Book Jenny Randles,1999 This revised edition contains all the main paranormal topics ranging from apparitions and zoological mysteries to ball lightning crop circles ESP poltergeists premonitions and UFOs as well as new information on conspiracy theories ancient wisdom and electronic pollution The author gives details of the main cases in each area plus up to the minute events thinking research and experiments It also offers a comprehensive reading list of books and publications available within each topic and addresses of recommended research organisations around the world The Great Pyramid Decoded Peter Lemesurier,2022-06-23 Understand the Complexity of the World s Greatest Monument Standing sentinel for four and a half millennia the Great Pyramid of Giza has fascinated all who have beheld its imposing and elegant mass In *The Great Pyramid Decoded* historical theorist researcher and best selling author Peter Lemesurier shares observations based on a simple numeric code which reveals illuminating perspectives on the past as well as prophetic visions of the future Does the Great Pyramid harken back to another civilization much older than ancient Egypt Is it the Old Testament writ in stone Is it an ancient observatory A treasure house A tomb Is there a message in the geometric ratios Lemesurier carefully explores these theories and draws some enlightening and meaningful conclusions Translating the wisdom of this ancient monument the author presents recommendations for the future which are consistent with the advice of Saint Malachy Nostradamus and Edgar Cayce among others Making connections to several religious traditions Lemesurier uses the Great Pyramid to illustrate humankind s place in the universe Read what this archaic wonder of the world has to say about where we came from and where we may be heading Learn how this one ancient wonder can teach us that we have the potential to reawaken to an enlightened path forward A must for anyone interested in the mystical wisdom of one of the most magnificent civil
