Ian Reader,1996 This highly acclaimed study describes Aum Shinrikyo s history examines the various conflicts it was involved in and discusses the contents of Asahara s sermons and prophecies The March 1995 gas attack on the Tokyo subway system killed 12 people and injured thousands Massive police raids and the subsequent investigation linked this attack plus a variety of other criminal activities including murders to Aum Shinrikyo a small religious movement whose leader Asahara Shoko had prophesied that Armageddon was at hand Many questions have been raised by the Aum affair What were Aum s spiritual roots and the focus of Asahara s teaching Why did a religious movement ostensibly focused on yoga meditation asceticism and the pursuit of enlightenment become involved in violent activities What factors brought Aum into conflict with society at large caused it to believe it was the victim of a huge conspiracy to destroy it and impelled it to experiment with making nerve gasses build weapons and form its own alternative government Ian Reader examines these questions by describing Aum s history examining the various conflicts it was involved in and discussing the contents of Asahara s sermons and prophecies In so doing he points to a combination of factors which together took Aum down a path of violence Suggesting that the Aum case is not unique he shows how it displays similarities

with other cases of violence and conflict among religious and political movements in Japan and elsewhere      The 8 Great Debates of Bible Prophecy Ron Rhodes,2014-08-01 You've heard about the tribulation millennium rapture and antichrist but you may wonder what's all the debating about Do most Christians agree on the big issues And what about other topics dispensationalism interpretive views timing of events are they too complex for most folks to understand Not at all In this concise and easy to read review respected Bible teacher Ron Rhodes identifies eight of the most important end times discussions Avoiding complex arguments he highlights the most important biblical passages summarizes a few of the most popular interpretations and provides succinct conclusions He demonstrates that the Bible's end times teaching is intended to be a blessing for every believer As you compare and contrast the various viewpoints you'll be able to enjoy constructive conversations with other Christians and support your own informed convictions You'll also enrich your reading of the Scriptures and see how passages fit together in God's great plan for the ages      **Apocalyptic Fever** Richard G. Kyle,2012-08-01 How will the world end Doomsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In *Apocalyptic Fever* Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more      A Brief History of End Time Paula Clifford,2016-11-15 With subjects ranging from William Blacke to Nostradamus this book considers all things apocalyptic and asks the question of why the end of time has captured the human imagination in so many ways      Plexus Henry Miller,2007-12-01 The uproariously funny second book in the Rosy Crucifixion trilogy may be Miller's masterpiece Choice Plexus is the core volume in *The Rosy Crucifixion* the volume which has the most complete description of Henry Miller's basic values beliefs opinions judgments both at the time of his *Crucifixion* and at the later time when the trilogy was written Plexus is simply the most marvelous volume of emotion and ideas and visions and nightmares about man and society in the twentieth century with art as the link perhaps or as the soul's refuge that I have read in many a long year There is absolutely no subject in the world that Henry Miller does not seem to know about want to talk about and to evaluate with the deep authority of wisdom He is probably the most learned of all our American writers the most open to ideas and feelings and yes the most worshipful of all the aspects of life as well as the most critical literary spokesman of our time Maxwell Geismar      Hitler's Doubles Peter Fotis Kapnistos,2015-04-08 Was the brutal dictator of the
