The Essential Nostradamus Richard Smoley,2006-01-19 From his predictions about life and death in the Middle French court of Catherine de Medici to his uncannily suggestive preconceptions of World War II Michel de Nostradamus has aroused continual fascination and commercialization in the West Today many search his elliptical centuries or collected verses for new truths about 9 11 and End Times while supermarket tabloids routinely falsify and exploit his pronouncements What is the difference between prophecy and prediction and how has it led to a misuse of the ideas of Nostradamus as well as those of other post biblical prognosticators What is the nature of the oracular tradition in the West stretching back to the oracle at Delphi and how can Nostradamus be understood from this perspective In *The Essential Nostradamus* the highly regarded spiritual thinker and writer Richard Smoley provides a true sourcebook in the life and messages of one of history s most peculiar figures This volume offers a host of advantages beyond other collections of Nostradamus s work Many commentators on Nostradamus take liberties in their translations further confusing the matter of what the prophetic quatrains actually said In *The Essential Nostradamus* Smoley presents a fresh scholarly and literal translation of Nostradamus s Middle French allowing readers to make their own determination as to the passages historical references and accuracy Smoley also supplies detailed commentary on Nostradamus s key quatrains with a sharp eye toward the political and social events of the writer s era elements that many commentators overlook or fail to grasp An authoritative biographical essay highlighting Nostradamus s separate roles as physician astrologer and prognosticator rounds out the volume to create a truly essential exposition of the work of one of Western culture s most mysterious men

**Nostradamus, Bibliomancer** Peter Lemesurier,2018-08-20 Do you think Nostradamus the famous 16th century Prophet of Provence was some kind of magician perhaps a doctor astrologer and seer too If so Peter Lemesurier s revelation that he was really just an ordinary man using an equally ordinary technique may come as a shock After re examining the original sources Lemesurier concludes that Nostradamus was in fact neither a doctor nor an astrologer nor even by his own admission a prophet He merely believed that history repeats itself thus and projected known past events onto the future To do so he used the process of bibliomancy randomly selecting extracts of randomly chosen books then claiming divine inspiration Unsurprisingly he has almost never been proved right

was a French astrologer apothecary physician and reputed seer who is best known for his book *Les Prophéties* published in 1555 a collection of 942 poetic quatrains allegedly predicting future events Nostradamus's father's family had originally been Jewish but had converted to Catholic Christianity a generation before Nostradamus was born Academic sources argue that Nostradamus's predictions are characteristically vague meaning they could be applied to virtually anything and are useless for determining whether their author had any real prophetic powers

**The Re-Enchantment of the West** Christopher Partridge, 2005-03-04 As a book about emergent spirituality in the contemporary West it focuses on the nature evolution and significance of new forms of religion and alternative spiritualities Part One of the book provides the theoretical background and guides the reader through some of the principal debates After an overview of the secularization thesis which argues that the West is becoming increasingly disenchanted the second chapter turns to the sociological analysis of new religions and alternative spiritualities Particular attention is given to the ideas of the sociologist of religion Ernst Troeltsch especially his enigmatic analysis of the emergence mystical religion which presciently provides helpful insights into understanding the contemporary alternative religious milieu Against sociologists such as Bryan Wilson and Steve Bruce this and the subsequent chapter argues that rather than being insignificant new forms of spirituality are actually proving to be a significant part of Western re enchantment Chapter 3 constructs a general theory of the re enchantment of the West Chris Partridge argues that Western Society is permeated by a broad occulture by which he means a reservoir of ideas beliefs theories and practices to which new religions unorthodox spiritualities film and popular music all draw attention This re enchantment of the West should not be seen as a superficial secondary development in the shadow of Christianity In many ways it is a religious phenomenon in its own right Partridge's arguments in this regard are well put and I warmly welcome this timely book

comprehensive proof that the symbolism of many ancient texts canons and concepts is an advanced and extremely ancient spiritual and philosophical technology that predates all extant religions and mystery schools Consequently here is proof beyond disproof that all three so called Faiths of Abraham are purposeful deceptions Accordingly related esoterica mystery schools and the New Age are rife with error caused by undue reliance upon the assertions of these religions and their leaders Throughout this book I present verifiable proof that ancient sages and prophets opposed religion and wisely never trusted religious leaders As comprehensive validation of this they redundantly encoded stunning proof of why throughout pivotal symbolic narratives and related concepts The ancient sages and prophets hid vital secrets from religious leaders throughout the previous several millennia When these decoded details are compared to the history words and deeds of these religions and their leaders they finally prove the truth about many long hidden things These religions have always purposely imposed ignorance based on the deceptive recasting of earlier symbolic concepts and narratives that also expertly encoded the keys to ancient wisdom as redundant proofs of the truth Arrogant religious leaders while hypocritically lecturing others about morality have long overlooked that the ancient sages and prophets were painfully aware of their then current and future misdeeds and deceptions and patiently and expertly prepared for them
