What Is Life All About? Alan P. Gill, 2009-07-31 What Is Life All About Is life A Grand Conspiracy A Marvelous Mystery An Incredible Accident Or Something Else The surprise is that you can know the truth about life and be 100% confident in that knowledge You will know what is on the other side of death Amazingly your success or failure in life has to do with your attitude The person with the wrong attitude can read see hear the truth and deny it vehemently while the person with right attitude will understand appreciate and believe the truth Life is a perfect and difficult test The process of life itself sorts out good from evil right from wrong and you will succeed or fail depending on your attitude The book defines the attitude you need to succeed and provides evidence and examples to convince What is life really all about It may be true that most people do not care but what is the reason for not caring Generally it is because people DOUBT ANYONE REALLY KNOWS and thus why should anyone care In addition the world brings great confusion to this subject There are scams and frauds around every corner and even honest people push the limits of the truth with

exaggeration which is really a lie Greed selfishness covetousness envy and power are behind a lot of the deceit The wonder of heaven will provide infinitely more than people could ever achieve on earth but people want everything NOW and deceit is a frequent companion to achieving earthly desires There are 45 chapters in the book What Is Life All About and then some extensive helpful appendices another 163 pages The single most influential deceit is in the area of religion The single most prominent reason for being an atheist or agnostic is religion The past 2000 years of religious history includes unspeakable cruelty wars terrorism indoctrination lies and deception and this rightly leads to opposition but also strangely to acceptance indifference excuses by others The critical missing fact is that God had nothing to do with these religions but abhors them What a pathetic assumption to blame God The truth about God and these religious groups could quickly clarify the situation Chapter 16 is a chapter that begins to sort out HOW all this religious mess occurred Here is a partial outline for chapter 16 16 1 What Is Seriously Wrong with Judaism 16 2 What Is Seriously Wrong with Roman Catholicism 16 3 What Is Seriously Wrong with Protestant Groups 16 4 What Is Seriously Wrong with Islam 16 5 What Is Seriously Wrong with Mormonism 16 6 What Is Seriously Wrong with the Jehovahs Witnesses 16 7 What Is Seriously Wrong with Atheism Agnosticism Seriously Wrong means there is NO eternal value in these religions These belief systems were the fabrication of men and or women and did NOT come from God The evidence is overwhelming and deceit runs through these religions like vultures going through a carcass You do not need a forensic analysis but you can do a complete autopsy if you wish The damaging evidence regarding these groups is clearly seen and very logical and understandable from the book This is because AS YOU UNDERSTAND GOD a significant subject in the book you do not need to go very far into these beliefs to see huge problems One of the attitudes you need is a LOVE OF THE TRUTH more than the love of what you currently believe You can understand God His purpose His plan inasmuch as He has revealed Himself Incredibly one major obstacle to overcome will be the MAGNITUDE OF THE DECEIT Lies on top of lies often for many centuries define todays religions Religion has become mans idea of God and there is no consistency just random unrelated doctrines The truth is infinitely different with everything perfectly connected to a single purpose Ultimately your success or failure in life is simply a matter of where you place your trust Is your trust in God or is it in men women who say they are telling you **The New York Times Book Review** ,1944

Kallen,2004 For centuries people have used astrology I Ching tarot cards and palm reading to foretell future events Though some fortune tellers have proved to be frauds their predictions are sometimes extraordinarily accurate How these methods are able to predict the future remains a mystery **Trail of Prophecy** Edward Oliver,2004-05 The United States is truly unique in its

many technological achievements and its standing in the world today Was it mere chance that brought us to this point or was it destiny It is hoped that in reading these stories the reader will begin to realize that the mathematical odds of probability and chance truly overextended themselves in the many events that marked the path of human destiny including The West Nile Virus the World Trade Center Attack the Cycle of Presidents the Metric System the Bill of Rights Evolution and the End of Time

The Forever All: A Philosophical and Spiritual Guide, 2nd Ed Guyus Seralius,2014-05-21 In my pantheistic view the entire universe is the Supreme Being an infinite purposeful system of positive and negative forces which has always existed and always will and each of us is that eternal being of light and darkness In this book I discuss the importance of balance and how it is the heart of the All and the secret of life I discuss the needed balance between the atheists and the theists between the capitalists and the socialists between the Democrats and the Republicans and between the government and the governed I also discuss how neither science nor religion independent of the other can adequately explain the world and how ultimate truth will only arise when the scientific thinkers join forces with the spiritual thinkers I created this book as a philosophical and spiritual guide for all those seeking truth Inside you will find my views on pantheism metaphysics science technology politics and religion along with samples of my artwork 30 illustrations included
