or worsened nearly every symptom of American decline from the increase in political polarization to the declining birth rate. Calling for a revolution in the way we think about work and wages, Lind argues that the American republic will collapse if worker power is not restored. Fortunately, *Hell to Pay* doesn't just sound the alarm but also offers a plan for breaking the power of the neoliberal elite and reforming America's disastrous low wage, high welfare model before it's too late. **The Laws of Power** Brian Tracy, 2025-01-14 There are laws that have been known to the wise for thousands of years.
