Kama, 2024-08-19 This book examines the role and nature of the judiciary in Papua New Guinea PNG the first comprehensive study since the country's independence in 1975 It challenges the traditional view of the judiciary as solely a legal entity arguing for its broader social and political functions Critiquing assumptions inherited from British and Australian colonial thinking it discusses how decolonisation has redefined judicial power enabling courts to have a more transformative role Introducing transformative constitutionalism into Australian Pacific legal thinking the book argues that PNG has a transformative constitution defined by its intent for reform extensive Charter of Rights and a liberal judiciary features not found in other Pacific constitutions Given the region's challenges such as corruption political instability and climate change the book advocates for a more proactive role for the judiciary It proposes a re-evaluation of the classical tripartite doctrine of separation of powers advocating for a quadripartite model in PNG where the judiciary has a broader reformative function and the independent constitutional institutions constitute a fourth arm of government This work makes important contributions to understandings of judicial power and constitutional law as well as other fields including comparative constitutional studies legal history and decolonial scholarship      Prosthetic Gods Robert Dixon, 2001      **Photographing Papua** Max

Quanchi, 2009-03-26 Photographing Papua is a study of photography in the public domain in the late nineteenth and early twentieth centuries It argues that southeastern New Guinea known as British New Guinea and then as Papua when it became an Australian colony was created as a geographical place through visual representation in illustrated magazines and newspapers lavishly illustrated travelogues and mission hagiography serial encyclopedia lantern slides and postcards Readers knew Papua because many thousands of black and white photographs of Papuans villages and material culture rapidly swamped the reading public once the process of halftone newsprint reproduction became possible In an innovative and breakthrough fashion Photographing Papua switches attention from a few well known prints in museums and archives in some cases repeatedly reproduced but mostly rarely seen outside of scientific and scholarly circles It deals instead with thousands of photographs often used in ways not intended when the photograph was taken but which editors and publishers and subsequent photographers gradually made conform to an iconographic imperative a sort of abbreviated visual gallery of natives and a quick access pathway to the actual and imagined lives of Papuans in the last Unknown as New Guinea was titled It is a study of representation colonialism cross cultural encounters and the early world of illustrated media and photo journalism      **Race and Redemption** Jane Samson, 2017-11-06 Race and Redemption is the latest volume in the Studies in the History of Christian Missions series which explores the significant yet sometimes controversial impact of Christian missions around the world In this historical examination of the encounter between British missionaries and people in the Pacific Islands Jane Samson reveals the paradoxical yet symbiotic nature of the two stances that the missionaries adopted

othering and brothering She shows how good and bad intentions were tangled up together and how some blind spots remained even as others were overcome Arguing that gender was as important a category in the story as race Samson paints a complex picture of the interactions between missionaries and native peoples and the ways in which perspectives shaped by those encounters have endured *Colonialism and Homosexuality* Robert Aldrich, 2008-01-28 Colonialism and Homosexuality is a thorough investigation of the connections of homosexuality and imperialism from the late 1800s the era of new imperialism until the era of decolonization Robert Aldrich reconstructs the context of a number of liaisons including those of famous men such as Cecil Rhodes E M Forster or Andr Gide and the historical situations which produced both the Europeans and their non Western lovers Colonial lands which in the late nineteenth and early twentieth century included most of Africa South and Southeast Asia and the islands of the Pacific and Indian Oceans and the Caribbean provided a haven for many Europeans whose sexual inclinations did not fit neatly into the constraints of European society Each of the case studies is a micro history of a particular colonial situation a sexual encounter and its wider implications for cultural and political life Students both of colonial history and of gender and queer studies will find this an informative read **The Cambridge Handbook of Foreign Judges on Domestic Courts** Anna Dziedzic, Simon N. Bennett, 1987-05-01 Du site de l d The history of the Solomon Islands is in itself an intriguing story and Dr Bennett tells it more than well The depth and breadth of the work is impressive in at least two respects First it covers events in the Solomons from initial European contact in the middle 1500s to the country s emergence as an independent and sovereign state in 1978 Second all facets of colonial history are covered to name only a few the early contact period the whaling trade the development of plantations the nature of British colonial rule and missionization Considering the scope of this volume it represents a definitive history of the Solomon Islands and it will remain so for many years to come **Like People You See in a Dream** Edward L. Schieffelin, Robert Crittenden, 1991 This book is at once a detailed ethnographic and historical analysis of one of the final modern day experiences of first culture contact a classic example of historical geography and an

extraordinary tale of exploration imperialist arrogance blood shed suffering courage and near disaster By the 1930 s the interior of the island of New Guinea protected from outside penetration over the centuries by its rugged mountains and unruly rivers remained one of the few places outsiders had never seen In early January of 1935 the Papuan colonial administration dispatched patrol officers including 40 Papuan carriers and police to explore the vast unknown country between the Strickland and Purari rivers The expedition moved inland along the river systems by steam launch and canoe until in mid February they abandoned their boats and proceeded on foot through the tropical forest and into the mountains Along the way the party encountered hitherto unsuspected populations peoples of six tribes numbering in the tens of thousands who had never before seen white men and who were still using Stone Age tools      **Imagining the Other** Regis Tove Stella,2007-04-30 Much has been written about Papua New Guinea over the last century and too often in ways that legitimated or served colonial interests through highly pejorative and racist descriptions of Papua New Guineans Paying special attention to early travel literature works of fiction and colonial reports laws and legislation Regis Tove Stella reveals the complex and persistent network of discursive strategies deployed to subjugate the land and its people      *The Behavior of Law* Donald Black,2010-07-15 A work on sociology that presents a theoretical approach of pure sociology      *God's Gentlemen* David Hilliard,2013-05-01 David Hilliard s *God s Gentlemen* originally published in 1978 remains the only detached and detailed historical analysis of the work of the Melanesian Mission Starting with its New Zealand beginnings and its Norfolk Island years 1867 1920 the work follows the Mission s shift of headquarters to the Solomon Islands and on until the beginning of the Second World War The Mission which grew out of the personal vision of the first Church of England Bishop of New Zealand George Selwyn formally defined its field of work as the Islands of Melanesia although its activities were confined almost entirely to the island groups that now make up Vanuatu and the Solomon Islands The Diocese of Melanesia was a fully constituent diocese of the Anglican Church of New Zealand from its formation in 1861 until the creation of the autonomous Church of the Province of Melanesia in 1975 Based on a wide range of sources *God s Gentleman* is the inner history of the slow growth of an important and genuinely Melanesian church      The Anatomy of Judgment Philip J. Regal,1990 A discussion of mind and judgment from the perspectives of science history philosophy and policy Annotation copyrighted by Book News Inc Portland OR      Engendering Violence in Papua New Guinea Margaret Jolly,Christine Stewart,Carolyn Brewer,2012-07-01 This collection builds on previous works on gender violence in the Pacific but goes beyond some previous approaches to domestic violence or violence against women in analysing the dynamic processes of engendering violence in PNG Engendering refers not just to the sex of individual actors but to gender as a crucial relation in collective life and the massive social transformations ongoing in PNG conversion to Christianity the development of extractive industries the implanting of introduced models of justice and the law and the spread of HIV Hence the collection examines issues of troubled masculinities as much as battered women and tries to move beyond the black and white binaries

of blaming either tradition or modernity as the primary cause of gender violence. It relates original scholarly research in the villages and towns of PNG to questions of policy and practice and reveals the complexities and contestations in the local translation of concepts of human rights. It will interest undergraduate and graduate students in gender studies and Pacific studies and those working on the policy and practice of combating gender violence in PNG and elsewhere. **The Oxford Handbook of Gender, War, and the Western World Since 1600** Karen Hagemann, Stefan Dudink, Sonya O. Rose, 2020. To date war history has focused predominantly on the efforts of and impact of war on male participants. However, this limited focus disregards the complexity of gendered experiences with war and the military. The Oxford Handbook of Gender War and the Western World since 1600 investigates how conceptions of gender have contributed to the shaping of military culture, examining the varied ideals and practices that have socially differentiated men and women's wartime experiences. Covering the major periods in warfare since the seventeenth century, The Handbook explores cultural representations of war and the interconnectedness of the military with civil society and its transformations. *Unsettling Settler Societies* Daiva Stasiulis, Nira Yuval-Davis, 1995-08-11. Settler societies are those in which Europeans have settled and become politically dominant over indigenous people and where a heterogeneous society has developed in class, ethnic, and racial terms. They offer a unique prism for understanding the complex relations of gender, race, ethnicity, and class in contemporary societies. *Unsettling Settler Societies* brings together a distinguished cast of contributors to explore these relations in both material and discursive terms. They look at the relation between indigenous and settler immigrant populations, focusing in particular on women's conditions and politics. The book examines how the process of development of settler societies and the positions of indigenous and *Black Peril, White Virtue* Jock McCulloch, 2000. Over the next decades, more than twenty men were executed, though many were innocent of any serious crime. As Jock McCulloch shows, the panics were complex events which encompassed such issues as miscegenation, prostitution, the management of venereal disease, the politics of concubinage, and the construction of whiteness. **BOOK JACKET** Law and Order in a Weak State Sinclair Dinnen, 2000-11-01. Twenty-five years after independence, Papua New Guinea is beset by social, economic, and political problems: poverty and inequality, a young and expanding population, a stagnant economy, corruption, and rising crime. The state has not only failed to contain these problems but has become progressively implicated in their persistence. Escalating levels of violence and lawlessness are seen by many as the most serious challenge facing the young country. This book examines these problems of order in light of Papua New Guinea's remarkable social diversity and the impact of rapid and pervasive processes of change. Three original and strategic case studies involving urban gangs, mining security, and election violence form the core of the work. Each case study looks at particular forms of conflict and the responses they engender across different socioeconomic contexts and geographic locations. Empirical data are analyzed through a common framework that employs material, cultural, and institutional perspectives, allowing readers to view the three cases through different theoretical prisms, identify linkages

between them and in the process build a larger picture of the post colonial social order Law and Order in a Weak State charts not only the problems of crime and lawlessness in Papua New Guinea but also the possibilities for constructive pragmatic solutions It will be of great interest to scholars aid and policy officials and others concerned with understanding the social complexities and challenges of contemporary Papua New Guinea Papua New Guinea John Connell,2005-07-28 Since 1975 the economy of Papua New Guinea has focused on mineral rather than agricultural production as previously This is the first book to look at these changes in a complex rapidly evolving nation from an economic perspective *Papua New Guinea National Bibliography* ,1983
