Jensen,2019-08-23 The storytelling impulse lies very deep within human cultures indeed it is fundamental to the very concept of human culture itself What then is humankind according to the great story types of tragedy epic and comedy What do each of these genres say about us and

what transcends us Building on critical discussions of the great genres of the Western literary tradition Michael P Jensen argues that each of these genres contains a theo anthropology a theological understanding of the human creature He then shows how questions of identity purpose and destiny are addressed within each genre concluding that human existence is a storied nature shaped by the various literary forms that have fostered human cultural imagination These genres provide crucial keys to vital anthropological and theological questions when put in conversation with Christian theology as Jensen shows the Christian story the gospel shares many observations about the human condition with the great genres but offers a different sense of ending

Not the Way It's Supposed to be Cornelius Plantinga, 1995 Plantinga's goal is to present a brief account a breviary of the nature and dynamics of sin and to renew our knowledge of a persistent reality He defines sin as the destruction of shalom the peace and harmony and blessedness God intended for creation Creation is no longer the way it's supposed to be Plantinga describes how sin corrupts what is good and how such corruption spreads He discusses the parasitic quality of sin and the ironies and pretenses generated by this quality He examines the relation of sin to folly and addiction He concludes by describing two classic postures or movements of sin attack and flight An epilogue reminds us that whatever we say about sin also sharpens our eye for the beauty of grace

Radical Tragedy Jonathan Dollimore, 2010-04-09 When it was first published *Radical Tragedy* was hailed as a groundbreaking reassessment of the drama of Shakespeare and his contemporaries An engaged reading of the past with compelling contemporary significance

Radical Tragedy remains a landmark study of Renaissance drama and a classic of cultural materialist criticism The corrected and reissued third edition of this critically acclaimed work includes a candid new Preface by the author and features a Foreword by Terry Eagleton Journey of An American Muslim A. Opio Masud,2010-09-10 Journey of an American Muslim is an epic journey into the life of the author It s a biography that is uncompromising in its authenticity and honesty Muslims and non Muslims will appreciate its candor as the author shares his experiences in the four phases of his development into his life as a Muslim in America In this book you will discover The major influences that encouraged the Author to study and later become a Muslim How the Author transitioned from being a very zealous Muslim in the beginning to discovering spirituality while taking more risks in his practice of the Muslim life to becoming an open minded truth seeker who happens to be Muslim In candid detail how the Author survived multiple marriages learning experiences the loss of two good paying professional jobs foreclosure of his home and working at Wal Mart for 3 1 2 years earning what he considers survival income Journey of an American Muslim is a personal journey and an odyssey of major proportions for any human being Muslim or non Muslim to have to experience One wonders how one could survive such a personal drama financial upheaval and professional setbacks This author not only experienced the epic journey but lived to tell about it **Not on Fire, but Burning** Greg Hrbek,2015-09-29 Twenty year old Skyler saw the incident out her window Some sort of metallic object hovering over the Golden Gate Bridge just before it collapsed and a mushroom cloud lifted above the city Like everyone she ran but she couldn t outrun the radiation with her last thoughts being of her beloved baby brother Dorian safe in her distant family home Flash forward to a post incident America where the country has been broken up into territories and Muslims have been herded onto the old Indian reservations in the west even though no one has determined who set off the explosion that destroyed San Francisco Twelve year old Dorian dreams about killing Muslims and about his sister even though Dorian s parents insist Skyler never existed Are they still shell shocked trying to put the past behind them or is something more sinister going on Meanwhile across the street Dorian s neighbor adopts a Muslim orphan from the territories It will set off a series of increasingly terrifying incidents that will lead to either tragedy or redemption for Dorian as he struggles to prove that his sister existed and was killed by a terrorist attack Not on Fire but Burning is unlike anything you re read before not exactly a thriller not exactly sci fi not exactly speculative fiction but rather a brilliant and absorbing adventure into the dark heart of an America that seems ripped from the headlines But just as powerfully it presents a captivating hero A young boy driven by love to seek the truth even if it means his deepest beliefs are wrong **Martian Knightlife** James P. Hogan,2001 Knight a private eye on Mars works a case that involves a matter transmitter a case of stolen identity and a clue to the fate of the long extinct Martian race **Forever Is Still a Long, Long Time** Jean Summit-Riker,2012-09-19 While the circumstances of our lives may not be the same we are much more alike than different Most of us are not celebrities living the lifestyle of the rich and famous instead we go to work each day seek to have loving relationships raise families and ask to

be blessed with health happiness and the fulfillment of our dreams Often one day passes into what seems like just another ordinary day December 16 1996 began like any other day for me I kissed my husband goodbye and left for work It ended in hearing the unthinkable later that evening when two detectives spoke the words Mrs Summit we are sorry to inform you that your husband has been killed in a plane crash There must be some mistake was all I could scream but my mind whirled It can't be true Kenny my husband of thirty one years my childhood sweetheart since I was thirteen the father of my two children can't be dead They have made a mistake I know they've made a mistake We're sorry Mrs Summit but there is no mistake My knees went weak and my world imploded landing like shards of glass at my feet Kenny's death left me grief stricken and devastated It left me helpless hopeless and terrified in an unknown new world One filled with tears pain and panic with no job no income and no idea of how I would support myself my children and my home A place that I wasn't sure I wanted to go on living in But it also left me in a world where I would experience the extraordinary and intimately come to know and trust a divine guidance that illuminated my path and shared a knowledge with me beyond that which we can see taste or touch a knowledge that love lasts forever that joy and happiness are a choice and that I would be the one to choose This inspirational non-fiction memoir will take you with me on a journey from loss to self-discovery into a world where you will find situations that are similar in your life and learn to view them through a new empowering perspective Along the way you will laugh cry cheer and be shown the resilience of the human experience It will restore your hope and renew your faith in a Higher Power by whatever name you choose to give it a Source Energy that guides and teaches us life's lessons along the way You will experience love and the eternal ties that bind us as a Universal Family and come to understand that synchronicity and coincidence are all part of a bigger picture Throughout the journey you will be reminded that your dreams are just waiting for you to believe they can come true But most of all you will realize that life goes on and Forever Is Still a Long Long Time

Modernity - An Ethnographic Approach Daniel Miller, 2020-08-19 From cultural studies sociology media studies gender studies and elsewhere there have been a spate of books recently which have attempted to characterize the state of modernity Many of these have also argued that what is required is an ethnographic work to determine how far these supposed trends actually apply to a given population This book explicitly accepts this challenge and in so doing demonstrates the potential of

modern anthropology studies It starts by summarizing some debates on modernity and then argues that the Caribbean island of Trinidad is particularly apt for such a study given the origins of its population in slavery and indentured labour both forms of extreme social rupture The particular focus of this book is on mass consumption and the way goods and imported images such as soap opera have been used to express and develop a number of key contradictions of modernity It will be of interest to anthropologists looking for a new potential for the discipline as well as students in other fields who will be interested in the new contribution of anthropology to their debates
