relations with both non human animals and across settler Indigenous boundaries Alice Higgs engages with on going debates regarding reconciliation by demonstrating that it is imperative to critique settler colonial environmental frameworks and place autonomy back into Indigenous communities by bringing Indigenous practices of custodianship and relationality to bear more generally This book also develops a number of conversations in animal studies in relation to the politics of representation Higgs studies a range of canonical Canadian authors demonstrating a progress across the period in which it is possible to identify the emergence of a literary pro animal turn

The Postwar Novel in Canada Rosmarin Heidenreich,1989-10-31 As a comparative study which includes the analysis of both English Canadian and Quebec novels this book provides an overview of the novel as it has developed in this country since the Second World War Focusing on narratological rather than thematic elements the book represents a systematic application of the insights and analytical tools of reader reception theory in particular the models proposed by Wolfgang Iser and Hans Robert Jauss Placing the emphasis on the text and its effects rather than on the historical or psycho sociological genesis of the text the author invokes the models and paradigms of other literatures to establish a broader cultural context permitting the significance of a literature to emerge as a carrier of meaning in and beyond the culture that produces it Tracing a critical path from Hugh MacLennan s hierarchic romance structures and Gabrielle Roy s social realism to the metafiction of Hubert Aquin and Timothy Findley the author reveals that the novel s narratological features themselves are often closely linked with ideological positions

The Guises of Canadian Diversity / Les masques de la diversité canadienne ,2022-06-08 The essays collected here illustrate aspects of recent research conducted by graduate students in Canadian studies at various European universities The methodological diversity displayed points to the very essence of the culture the contributors explore what has been commonly termed the Canadian mosaic or more recently the Canadian kaleidoscope Janice Kulyk Keefer In analysing the many facets of this mosaic the numerous images of this kaleidoscope the contributors offer fresh and youthful reappraisals of traditional visions of Canadianness
