Distortion and Love Nigel Rapport, 2016-07-07 In this ground breaking book a theory of distortion of the way in which the processes of human life are subject to interference diversion and transformation is developed by way of the art of one of Britain's greatest twentieth century painters and that art's public reception Devoted to his native village of Cookham on Thames Stanley Spencer painted not only landscapes and portraits with loving detail but also the memory feelings which he felt were a sacred part of his consciousness Yet Spencer was also a controversial public figure with some taking the view that his visionary paintings were ugly distortions of human life even marks of an immoral nature Examining how Spencer lived his vision how he painted it and wrote it and also how his attempts to communicate that vision were received by his contemporaries and have continued to be interpreted since his death the author posits distortion as key an intrinsic aspect both of human creation and of human interaction What we intend to make to say to do and have done often mutates in the process of being expressed or put into effect we live amid distortion Love the affective appreciation of one another is then a

means by which we accommodate distortion and its consequences in our lives An illustration through Stanley Spencer s story of significant aspects of a human condition this book will appeal across disciplines including to art historians and students of Spencer s work as well as to scholars of anthropology with interests in creativity perception and interpretation **Love**

Letters to God Devon Spencer,Katherine Willis Pershey,2025-07-29 Love Letters to God is an intensely personal and deeply theological book of epistles between two dear friends The authors hail from different backgrounds in faith family and life circumstances but find common ground in their devotion to Christ Christianity and each other The letters chronicle a year in the life of this friendship marked by fervent faith and bouts of unbelief suffering and rejoicing death loss and baptism and the sanctification of a friendship The tone is at once literary and personal peppered as much with theological references as unrefined vulnerability and speaks to all who cherish their faith and their friends **Love Misinterpreted** James Russell

Roundtree,2023-06-29 My book is about disappointment love pain betrayal and success My dream was to finish high school in 1974 and go straight to college I had a minor setback My high school sweetheart was pregnant I had a decision to make either go to college or find a job This was the most important decision I had to make in my life But I chose to take care of my unborn child I had to put college on hold So at the age of eighteen I married her Eight years later we were divorced I was faced with another important decision to raise my daughters without their mother She gave me sole custody through the court Now I had to take the role of both parents I found love again in my third wife There were struggles in raising six children I had three failed businesses which was heartbreaking but I never gave up on business I went back to college and graduated with an associate degree and a bachelor s degree in business and became successful I overcame my failures from my first wife and worked on a successful marriage with my current wife I refused to give up on life God always walks beside me The church is my greatest blessing I also talk about incest family members molesting my daughters There were no male role models in my family **The Athanasian Creed** Emanuel Swedenborg,1841 **God Is Love** Gerald Bray,2012-03-31

While there is no substitute for personal faithful and careful Bible reading and prayer the Bible s vast size and diversity can make distilling its truth a daunting task Thus most Christians benefit from supplemental resources to help learn and apply what Scripture teaches Renowned theologian Gerald Bray has produced just such a resource in his new systematic theology Though packed with robust content he writes about this volume the aim is to reach those who would not normally find systematic theology appealing or even comprehensible This volume is unique from others in that Bray traces the common theme of God s love through the Bible categorically from God s love for himself and his creation to the cross as the ultimate expression of God s love among other categories The centrality of God s love in Bray s theology reflects a deep conviction that the Bible shows us God for who he really is This volume will be of interest to Christians seeking to grow in their faith

Jamie Ferreira,2001-06-07 Soren Kierkegaard s Works of Love 1847 a series of deliberations on the commandment to love one s neighbor has often been condemned by critics Here

Ferreira seeks to rehabilitate Works of Love as one of Kierkegaard's most important works. He shows that Kierkegaard's deliberations on love are highly relevant to some important themes in contemporary ethics including impartiality, duty, equality, mutuality, reciprocity, self-love, sympathy, and sacrifice. Ferreira also argues that Works of Love bears on issues peculiar to a religious ethic such as the role of God as middle term and the possibility of preserving the aesthetic dimensions of love in a religious ethic of relation.

Love's Vision Troy Jollimore, 2011-07-05 Love often seems uncontrollable and irrational, but we just as frequently appear to have reasons for loving the people we do. In *Love's Vision*, Troy Jollimore offers a new way of understanding love that accommodates both of these facts, arguing that love is guided by reason even as it resists and sometimes eludes rationality. At the same time, he reconsiders love's moral status, acknowledging its moral dangers while arguing that it is at heart a moral phenomenon, an emotion that demands empathy and calls us away from excessive self-concern. Love is revealed as neither wholly moral nor deeply immoral, neither purely rational nor profoundly irrational. Rather, as Diotima says in Plato's *Symposium*, love is something in between. Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one. This view

recognizes the truth in the cliché love is blind but holds that love's blindness does not undermine the idea that love is guided by reason. Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable. Filled with illuminating examples from literature, *Love's Vision* is an original examination of a subject of vital philosophical and human concern.
