## **Not My Own Abortion And The Marks Of The Church:**

**Not My Own** Terry Schlossberg, Elizabeth Achtemeier, 1995 This timely tough minded work examines the implications of the church's distinctive characteristics in relation to the most heated moral crisis of our age Writing from an ecumenical perspective the authors explore the traditional marks of the church the Word and the sacraments and ask what difference the church can and should make in the lives of human beings affected by abortion No other book has approached the issue of abortion from this perspective no other book offers such sound practical help [Holy Abortion? A Theological Critique of the Religious Coalition for Reproductive Choice](#) Michael J. Gorman, Ann Loar Brooks, 2003-03-13 Four mainline Protestant denominations the ECUSA PCUSA UCC and UMC are affiliated with RCRC In this important new book the authors carefully examine the literature and liturgical aids produced by RCRC demonstrating how its theology radically contradicts the statements on abortion issued by its affiliated churches [Abortion from the Religious and Moral Perspective](#): George F. Johnston, 2003-03-30 For approximately three decades the abortion debate has polarized America Views range from the extreme conservative position that all abortions are morally objectionable to the extreme liberal position that abortion throughout all nine months of pregnancy is acceptable In the middle are those who advocate laws limiting the number of valid reasons for abortion This comprehensive volume includes bibliographic citations that address the moral and religious aspects of abortion It covers such topics as the various arguments both for and against abortion the status of the fetus and overviews of several religions stances on abortion Citations also include references on how Christianity has influenced abortion politics and law discussions of Operation Rescue and official statements on abortion by the Catholic Church and several Protestant denominations Researchers as well as anyone interested in the moral and religious elements of abortion will find this resource invaluable It covers the literature on abortion and religion found in books essays journal articles academic dissertations and Web sites And unlike many of the available bibliographies this one focuses only on the religious and moral issues therefore providing greater depth on those two issues within one work **Reclaiming the Bible for the Church** Carl E. Braaten, Robert W. Jenson, 2016-12-30 Front ranking theologians speak out on the crisis of biblical authority and interpretation in the church focusing in particular on the adequacy of the historical critical method of hermeneutics The essays in this volume address from various perspectives the notorious gap between the historical critical approach to the study of the Bible and the church's liturgical and dogmatic transmission of biblical faith The authors following the central theme suggested by Brevard S Childs's canonical method of biblical interpretation argue that the historical critical method does not suffice of itself apart from faith and the church **Pro-Life Pulpit** Stephen Tu, 2011-05-23 Over one million unborn children are intentionally aborted every year in North America Voiceless and helpless their blood cries out Will those of us who serve as pastors and preachers respond from our pulpits Silence is not an option We cannot keep quiet while thousands of our neighbors made in the image of God are being led to the slaughter every day But neither should we condemn and vilify

those who are complicit in their deaths A truly pro life pulpit ministry opposes the injustice of abortion with truth courage and understanding Tears mingled with hope overflowing with grace After all the Christian faith is rooted in the good news of a Messiah who was once an embryo Nine months before he was born Jesus was conceived by the Holy Spirit and for the next forty weeks he lived and grew in the womb of an unwed teenaged mother He is at the heart of our preaching and this book will show you how to confront the sin of abortion by proclaiming the God who became abortable in order to save sinners
