Literature for Young Adults

Joan L. Knickerbocker,2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they re reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters Literature for Young Adults includes chapters on literary nonfiction poetry short

stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book's discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading

Naughty Girls and Gay Male Romance/Porn: Slash Fiction, Boys' Love Manga, and Other Works by Female "Cross-Voyeurs" in the U.S. Academic Discourses Carola Katharina Bauer, 2013-05-17 Despite the fact that there actually exists a large number of pornographic and romantic texts about male homosexuality consumed and produced by American women since the 1970s the abnormality of those female cross voyeurs is constantly underlined in U S popular and academic culture As the astonished public reactions in the face of a largely female heterosexual audience of *Brokeback Mountain* 2005 and *Queer as Folk* 2000 2005 have shown a woman's erotic romantic interest in male homosexuality is definitely not as accepted as its male counterpart men consuming lesbian porn In the academic publications on female cross voyeurs the application of double standards with regard to male female cross voyeurism is even more obvious As Karen Hellekson and Kristina Busse note in their Introduction to Fan Fiction and Fan Communities in the Internet 2006 slash fiction fan fiction about male homosexual relationships mainly produced and consumed by women has stood in the center of fan fiction studies so far despite being merely a subgenre of it The reason for this seems to be an urge to explain the underlying motivations for the fascination of women with m/m romance or pornography within the academic discourse a trend which differs completely from the extremely under theorized complex of men interested in lesbians It is this obvious influence of conventional gender stereotypes on the perception of these phenomena that provokes me to examine the way in which the works of female cross voyeurism and their consumers producers are conceptualized in the U S scholarly accounts In many ways this thesis explores unknown territories and respectively tries to take a closer look at academic problems that have not been adequately addressed yet

The Reparative Impulse of Queer Young Adult Literature Angel Daniel Matos, 2024-10-01 The *Reparative Impulse of Queer Young Adult Literature* is a provocative meditation on emotion mood history and futurism in the critique of queer texts created for younger audiences Given critical demands to distance queer youth culture from narratives of violence sadness and hurt that have haunted the queer imagination this volume considers how post 2000s YA literature and media negotiate their hopeful purview with a broader and ongoing history of queer oppression and violence It not only considers the tactics that authors use in bridging a supposedly bad queer past with a better queer present but also offers strategies on how readers can approach YA reparatively given the field's attachments to normative capitalist and neoliberal frameworks Central to Matos' argument are the use of historical hurt to spark healing and transformation the implementation of disruptive imagery and narrative structures to challenge normative understandings of time and feeling and the impact of intersectional thinking in reparative readings of queer youth texts The *Reparative Impulse of Queer Young Adult Literature* shows how YA cultural productions are akin to the broader queer imagination in their ability to move and affect audiences and how these texts encapsulate a significant and enduring change in terms of how queerness is or can be read structured represented and felt The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
