**Lawyers for the Left** Michael Steven Smith,2019-04-25 Lawyers regularly take the lead in polls as the most unpopular of all professions ahead even of bankers and journalists But the lawyers featured in this book are different The stories they tell and the cases they fought are admirable and often inspiring They devoted their careers to representing victims of injustice rather than the rich and the privileged Their clients included Martin Luther King and Angela Davis the prisoners in the infamous massacre at Attica people who suffered torture police abuse mass arrests and segregation They held the system to its promises of freedom of speech and assembly the right to privacy and equal justice for all often exposing the ultimate incompatibility of democracy with capitalism Combining profiles with engaging interviews Lawyers for the Left will be of interest to progressives inside the legal profession as well as a wider left increasingly aware that legal challenges are important in putting the brakes on an administration veering sharply to the right It will also disabuse those who believe that God only invented lawyers so that politicians would have someone to look down upon
