**Nudes Index** Peter Feierabend,2000 The selection of works is not just a treasure trove for those working in the communications field but also a source of inspiration for every reader interested in nude photography *The Nude* Kenneth Clark,2023-10-17 A landmark study of the nude in art from the ancient Greeks to Henry Moore by a towering figure in art history In this classic book Kenneth Clark one of the most eminent art historians of the twentieth century examines the ever changing fashion in what constitutes the ideal nude as a basis of humanist form from the art of the ancient Greeks to that of Renoir Matisse and Henry Moore The Nude reveals the sensitivity of aesthetic theory to fashion what distinguishes the naked from the nude and just why the nude has played such an important role in art history As Clark writes The nude gains its enduring value from the fact that it reconciles several contrary states It takes the most sensual and immediately interesting object the human body and puts it out of reach of time and desire it takes the most purely rational concept of which man is capable mathematical order and makes it a delight to the senses and it takes the vague fears of the unknown and sweetens them by showing that the gods are like men and may be worshipped for their life giving beauty rather than their death dealing powers Please note All images in this ebook are presented in black and white and have been reduced in size The Nude Pavel Machotka,1979 *The Nude* Richard Leppert,2018-05-04 The Nude explores some of the principal ways that paintings of the nude function in the conflicted terrain of culture and society in Europe and America from the fifteenth through twentieth centuries as set against questions about human sexuality that emerge around differences of class gender age and race Author Richard Leppert relates the visual history of how the naked body intersects with the foundational characteristics of what it is to be human measured against a range of basic emotions happiness delight and desire fear anxiety and abjection and read in the context of changing social and cultural realities The bodies comprising the Western nude are variously pleased or tormented ecstatic or bored pleased or horrified In short as this volume amply demonstrates the nude in Western art is a terrain on whose surface is written a summation of Western history its glory but also its degradation *Nude and Naked Women in the Arts* Eli Bartra,2022-09-28 *Nude and Naked Women in the Arts Mexico and Beyond* is a study of female nudity as represented by men and women in Mexico and other parts of the world through analysis of both the high arts and folk arts Eli Bartra explores the diverse forms of artistic expression and their link to the social construction of female gender This approach is crucial to understanding how forms of discrimination are created and recreated sometimes in very apparent ways and other times more subtly and how they contribute to the perpetuation of gender hierarchies Eli Bartra examines the assertion of gender differences in artistic creation and the sexist and at times misogynistic imagery of nude women as represented by men Re: The Ash Lad , Photography of the Nude Frank H. **Sexual Behavior** Nathaniel McConaghy, 2013-11-21 Many issues remain unresolved in sexuality In some cases this is because the information is not available to resolve them In others it is but the available conclusions the information supports block its acceptance because they conflict with the positions of dominant groups in the politics of sexuality Possibly the most obvious example is the determination of many theorists to ignore the evidence that while men rarely report being sexually assaulted when questioned in community surveys they make up a third of the victims and a quarter of the perpetrators of sexual assault are women These findings are incompatible with the feminist theory that sexual assault is not a sexual act but normal male behavior motivated politically to maintain men's dominance of women Most research supporting the theory investigated women only as victims and men only as aggressors Some feminists have dismissed the need for any research to support their beliefs on the ground that such research is busy work establishing what women already know One belief considered not to require research is that heterosexual pornography made for a male audience increases the prevalence of rape by encouraging rape supportive attitudes of male aggression and female submission No criticism has been directed at the soft core pornography of Mills and Boon stories written for women that promote similar attitudes

**The Golden Key: Modern Women Artists and Gender Negotiations**

**in Republican China (1911-1949)** Amanda Wangwright, 2021-08-16 The first monograph devoted to women artists of the Republican period *The Golden Key* recovers the history of a groundbreaking yet forgotten force in China's modern art world. Through its detailed examination of the lives and careers of six female artists Guan Zilan Qiu Ti Pan Yuliang Fang Junbi Yu Feng and Liang Baibo this book argues that women were central to the emergence of modernist art in early twentieth century China and to the nation's larger modernization project. Amanda S. Wangwright's analysis of a wealth of primary sources demonstrates how these women constructed public personas, negotiated space within art societies, applied feminist thought to their artistic praxis, and surmounted obstacles to their careers, wielding art as the golden key to professional advancement and gender equality.
