Imagining the Heartland Britt E.

Halvorson,2022-06-21 An overdue examination of the Midwest's long influence on nationalism and white supremacy Though many associate racism with the regional legacy of the South it is the Midwest that has upheld some of the nation's most deep seated convictions about the value of whiteness From Jefferson's noble farmer to The Wizard of Oz imagining the Midwest has quietly gone hand in hand with imagining whiteness as desirable and virtuous Since at least the U S Civil War the imagined Midwest has served as a screen or canvas projecting and absorbing tropes and values of virtuous whiteness and its opposite white deplorability with national and global significance *Imagining the Heartland* provides a poignant and timely answer to how and why the Midwest has played this role in the American imagination In *Imagining the Heartland* anthropologists Britt Halvorson and Josh Reno argue that there is an unexamined affinity between whiteness Midwestness and Americanness anchored in their shared ordinary and homogenized qualities These seemingly unremarkable qualities of the Midwest take work they do not happen by default Instead creating successful representations of ordinary Midwestness in both positive and negative senses has required cultural expression through media ranging from Henry Ford's assembly line to Grant Wood's famous *American Gothic* Far from being just another region among others the Midwest is a political and affective logic in racial projects of global white supremacy Neglecting the Midwest means neglecting the production of white supremacist imaginings at their most banal and at their most influential their most locally situated and their most globally dispersed

Reimers,2005 Publisher description In *Other immigrants* David M Reimers offers the first comprehensive account of non European immigration chronicling the compelling and diverse stories of frequently overlooked Americans Reimers traces the early history of Black Hispanic and Asian immigrants from the fifteenth century through World War II when racial hostility led to the virtual exclusion of Asians and aggression towards Blacks and Hispanics He also describes the modern state of immigration to the U S where Blacks Hispanics and Asians made up nearly thirty percent of the population at the turn of the twenty first century

Not Just Child's Play Felicia R. McMahon,2009-10-20 Winner of the 2008 Chicago Folklore Prize Felicia R McMahon breaks new ground in the presentation and analysis of emerging traditions of the Lost Boys a group of parentless youths who fled Sudan under tragic circumstances in the 1990s With compelling insight McMahon analyzes the oral traditions of the DiDinga Lost Boys about whom very little is known Her vibrant ethnography provides intriguing details

about the performances and conversations of the young DiDinga in Syracuse New York It also offers important insights to scholars and others who work with refugee groups The author argues that the playful traditions she describes constitute a strategy by which these young men proudly position themselves as preservers of DiDinga culture and as harbingers of social change rather than as victims of war Drawing ideas from folklore linguistics drama and play theory the author documents the danced songs of this unique group Her inclusion of original song lyrics translated by the singers and descriptions of conversations convey the voices of the young men Well researched and carefully developed this book makes an original contribution to our understanding of refugee populations and tells a compelling story at the same time **The Road to the**

Two Sudans Souad Ali,Richard Lobban,2014-03-17 Parallel with the previous volume of conference papers in 2008 Sudan s Wars and Peace Agreements most of these selected and thematic articles were originally presented as papers at the 31st meeting of the Sudan Studies Association SSA at Arizona State University in 2012 Since that time the Comprehensive Peace Agreement of 2005 provided for the self determination referendum of 2011 that resulted in the independence of the new Republic of South Sudan The previous book presaged this present volume as the perhaps inevitable outcome of endless conflicts with no serious effort to make unity attractive As this book goes to press the new Republic of South Sudan is itself wracked with violent conflict The hopes to build a new democratic and civil society in the south from the many inherited problems have now devolved to dysfunction itself Reading this book will realistically help in understanding these Roads taken The editors and authors have created a multi faceted account which reveals the complex foundations of these conflicts between north and south and recently within the south itself While Khartoum struggles onward with the Islamist project regional conflicts and grave economic problems Juba stumbles with corruption armed rebellion and a grave humanitarian crisis The half full glass of dreams of social and economic development supported by oil revenue has been replaced by a glass half empty with new varieties of political dysfunction in which both nations have grave problems in security and economic stability in a generally troubled regional neighborhood Dancing Skeletons Katherine A.
